DENTISTRY IN GENERAL.

DR. H. H. FREEMAN, would respectfully inform the citizens of Western North Carolina in the various branches of the Profession, that he will be in the town of Lexington, Davidson County, on the first Monday in June next, and will remain a sufficient time to accommodate those who may wish his services in the Dentist line, or in the Surgical operations appertaining to the Profession. Dr. Freeman has a number of testimonials of cures performed by him, but deems it unnecessary to publish them, as he feels confident that an experiment only is wanting to convince the public of his skill and ability. He will remain from four to six days, while there are several persons here in Buncombe County, to whom he is known, who will cheerfully testify to the fact of his having performed several cures. He may be consulted at his residence on Bear Creek, three miles from Old Clayton's Bridge, on the West side of French Broad River, or by letter Post paid addressed to Leydard Post Office, Buncombe County, N. C.

Dr. Freeman would visit Patients any where in Eastern North Carolina, Georgia and Tennessee, and would receive patients at his own house, where they would have the advantage of his medical attention, and where cure was perfectly effected. His charges will at all times be moderate and in proportion to the services rendered.

$25 REWARD.

The above reward will be given for the apprehension of **Coleman P. Murray**, who was let out of the Jail of Newport, Tennessee, by means of false keys, on the night of the 11th inst. He had on when he was in prison, a gray mixed jean coat, brown jean pants and black hat, all much worn.—He is 50 or 55 years of age has dark hair slightly grey; has a large scar on the back of his hand, I believe the right hand, which seems to have been caused by an edged instrument; weighs 160 or 165 pounds, is about 5 feet 9 or 10 inches high.

Said Murray was in prison here for passing counterfeit gold coin, and is supposed to belong to a gang of counterfeiters in this county, and the counties of Buncombe and Yancy, N. C. Gentlemen of the old North State look out for the rascal.

VALUABLE LANDS AT AUCTION.

I WILL, as Trustee, to the highest bidder, on the 20th of July next, at the Court House in Marion, McDowell county, N. C., the splendid Iron Land formerly owned by Charles Carson, containing upwards of 300 acres of Bottom Land in a high state of cultivation, lying on both sides of the Catawba river, adjoining Pleasant Gardens. On the place is a fine Merchant Mill, and a suitable seat for a Saw Mill. The outlands adjoining are very extensive, and a great deal of it is upland.—It will all be sold in one tract, and is regarded as unequalled in fertility, the most eligible place, combining more advantages than any other tract in the eastern part of North Carolina.—Every effort has been made to redeem it but failing, has placed it in market, as I think that it will not perhaps for sale be offered again.

A portion of the purchase money only be required down, but terms will be as accommodating as possible to punctual purchasers. Particulars made known on day of sale.

A. B. & J. S. CHUNN

Are just receiving and opening a splendid

STOCK OF GOODS,

fresh from the eastern cities, which they promise and positively declare shall be sold as low, if not lower, than any other Goods, let them come from what quarter the may.

It is usual to boast through the medium of an advertisement, and promise a great many things, not expected to be performed, but we only ask a call, that we may prove how far our assertions may be believed. If you want a big load of Goods for little money, come and see us, and you shall not be disappointed.

It is well sufficiently satisfactory, we hope, to say that our stock is *general and complete*, comprising almost every article usually in demand in this country. The stock has been selected with care and judgment, and from our knowledge in matters appertaining to this business, cannot be beaten for beauty, quality and cheapness any where in the back country.

With due deference to our competitors, we will say we intend to sell them, if we can by fair and honorable means, and if we find we can't, why then we can't.

We intend to do as much as possible a prompt business, as we intend our profits to be so low that indulgence cannot, nor ought not, to be expected.

We kindly admonish our old customers not to desert us, and we pledge ourselves they shall not be sorry for it. Stick to us like brothers, and we assure you that no good reason for complaint shall be given, either for want of accommodation or good bargains.

A. B. & J. S. CHUNN.

FOR WORMS.

A [illegible] remedy, [illegible] Mr. [illegible] of Philadelphia, [illegible] the system [illegible] every worm.

The expelling small quantity [illegible] recommended to be the cause of worms to be required every one from the system, [illegible] together with its great certainty of effecting a cure of the most brilliant discoveries of the age. [illegible] to be repeated and years to be followed by any other remedy. They for a period of years, as those of FITS, SPASMS or CONVULSIONS, caused by worms, its unrivaled superiority is manifested. Few ailments are better calculated to embarrass the health of children, even where no worms exist, as it remains those impurities of stomach and bowels, giving rise to symptoms that counterfeit every variety of worm disease. Through prompt and certain in its operation, and not disagreeable to the taste, it is perfectly safe, and adapted to the tenderest age.

The following testimonials are selected from a multitude of similar evidence of its great medicinal value.

The following is from an eminent Physician.

Jonesborough, Tenn., Dec. 3d, 1844.

Dr. H. F. Perry—I take great pleasure in recommending to the public your valuable Vermifuge, properly called Dead Shot. I have been vending it for two years. Nothing of the kind have I ever sold that has given such universal satisfaction. There was one case in my immediate neighborhood that I now recollect of in which one dose caused the expulsion of 150 worms from a small child, as the parent informed me afterwards.

Very respectfully,

JOHN YANCEY, M. D.

Extract from a letter received from a Merchant in Kentucky.

Prestonburg, Ky., June 10, 1844.

Dr. H. F. Perry—I received the medicine (Dead Shot) sent me a few weeks since, and it is all gone and the people are wanting more. If I had 1,000 bottles I could sell them, as it takes before anything of the kind ever offered here, and has given entire satisfaction; the demand is constantly increasing, there applications being made every day. Please write and let me know how I can get a large quantity shipped from Baltimore. No more, but remain yours in great haste,

JAMES G. HATCHER.

Extract from a letter received from Dr. Wharton.

Newcastle, Va., Jan. 20, 1844.

Dr. Perry:

Dear Sir—I gave a vial of the "Dead Shot" you left with me for the purpose of testing its merits, to a friend of mine, who introduced its use in his family by giving it to a patient selected as a suitable case. It was administered according to the directions around the vial, and to my astonishment, the first operation brought away about 35 worms. I have administered it in several other instances since, with similar good success; and it will afford me much pleasure in doing all in my power to recommend it to the notice of my friends and the public generally. With respect yours, &c.

THOS. J. WHARTON.

Lynchburg, Va., Nov. 21st, 1844.

This is to certify that I have sold the Vermifuge DEAD SHOT, prepared by Dr. H. F. Perry, for [illegible] months, and have witnessed its efficacy in many cases—in one case particularly—a patient (middle-aged man) who had been troubled with Tape Worm for several years, exhibited to me a large quantity, (say about a pint,) which he informed me had passed by the use of one or two vials; and in no case where it was apparent that the patient had worms, has it ever failed within my knowledge.

D. R. LYMAN, Druggist.

Price 25 Cents per vial.

Prepared by Dr. H. F. Parry, and sold wholesale and retail by A. B. & D. Sands, druggists, 100 Fulton st., corner of William, New York.

Sold also by Patton & Osborn, Asheville; McRae & Gaither, Morganton; Williams, Haywood & Co., Raleigh, and by Druggists generally throughout the United States.

SANDS'S SARSAPARILLA,

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM A IMPURE STATE OF THE BLOOD OR HUMORS OF THE SYSTEM, viz:

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Boils, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Scalities or Leprosy, and Diseases arising from an injudicious use of Mercury, Ascites or Dropsy, Exposure or Intemperance in Life. Also, Chronic Constitutional Disorders.

The value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. It is not local in its operation, but general, extending through the whole system. It destroys the cutaneous elements in the blood and restores it to healthy tone to the organs which generate the fluid. In scrofulous and all external disorders, the result is a rapid healing of the sores and pustules, or humours, and other painful affections of the muscular fibre, a speedy removal of the pain, and in all cases a renewal of strength, keeping pace with the retreat of the disease from the system. It is put up in a highly concentrated form for convenience and portability, and when diluted according to the directions, each bottle will make six times the quantity equal to one quart, and is then superior in medicinal value to the various preparations bearing the name. The proprietors are almost daily receiving testimonials of the most respectable character, testifying to its great value as an active and curative medicine.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

Newark, N. J., March 12th, 1846.

Messrs. A. B. & D. Sands—Mr. Oliver's child, of this place, was attacked with a scrofula when two years old, which soon reduced her to a mere skeleton. The disease pervaded the whole system and manifested itself in malignant sores on the head, body and limbs. Different physicians in Newark, Belleville and New York prescribed for her at various times, but finally gave up the case as perfectly hopeless. At last Mr. Oliver was induced to try your Sarsaparilla, and accordingly procured four bottles, which was sparingly administered, with many interruptions, yet with the most decided benefit. About two months ago I became acquainted with the circumstances of the case. The child, when two and four years, was one complete mass of disease, and incapable of using any of her limbs. Her body was swollen to nearly twice its natural size, the head, limbs and body were almost entirely covered with large sores. She was unable to move, and would take no notice of anything, only to shrink from being touched even by her mother.—The disease, at the same time, was evidently advancing, attended with daily exacerbations every few hours. They procured some more of the Sarsaparilla, and before she had taken one bottle the change was as clear as day, and every sore in the room. She has now just finished taking the second bottle, and the sores are nearly all healed, the limbs are restored to their natural size, the appetite strong, and a fast improving complexion.

Yours very respectfully,

CAD WARNER.
