CAROLINA PUMP COMPANY.
SOUTHERN INVENTION.
Home Manufacture.
Submerged Glass Cylinder Double-Acting Force Pump.
PATENTED AUGUST 1869, BY A. BALDING.
The undersigned, having the exclusive right to manufacture and sell the above Pumps in North and South Carolina, have associated themselves together under the name and style of the "Carolina Pump Company," and having established their Manufactory at Fayetteville, N. C., are now prepared to furnish Pumps at short notice. Science has at last triumphed in the production of a Pump admirably adapted for Wells and other purposes, that will force water any depth or height, which, by attaching hose, at once becomes a local Fire Engine of great power, throwing 30 to 150 gallons per minute.
This Pump combines simplicity and durability, in which the water will never freeze or become stale, as the cylinder and valves are submerged, and no water remains in the pipe when the Pump is not in operation. The Pump works almost incredibly light, always bringing the water fresh and sparkling from the bottom of the well; and there is no friction, the cylinder being glass, the packing cannot wear or cut, the valves being round, made of flint glass, working on gum seats, can neither wear or jam. These Pumps are peculiarly adapted for supplying tanks in upper parts of dwellings, colleges, hotels, bathing saloons, and for railroads, streets, gardens, distilleries, &c. They can be attached to steam or water power.
Any ordinary mechanic can put them up by printed directions always sent with the Pumps. We have hundreds of testimonials from persons who have used our Pumps, who express great satisfaction; in fact they are a success and will sustain all we claim for them.
Buy one and save fire insurance. Special attention given to all orders. The entire depth of well must accompany each order.

CERTIFICATES.
SHERIFF'S OFFICE,
FAYETTEVILLE, N. C., April 24, 1871.
Wm. C. Troy, Sup't Carolina Pump Company:
The Pump you sold me surpasses my most sanguine expectation. It does all you claimed for it. As a FIRE ENGINE its value is incalculable. With twenty feet of hose I have thrown water entirely over my dwelling, which is a very high two and a half story house. My family would not be without it for any consideration.
R. W. HARDIE,
Sheriff Cumberland County.

SENATE CHAMBER,
RALEIGH, N. C., March 18, 1871.
Having had fifteen to twenty years' experience in gold mining, using various kinds of pumps forcing water from great depths, I take pleasure in giving preference to those made by the "Carolina Pump Company" over all others for well and other purposes. They combine simplicity and durability.
VALENTINE MAUNEY,

WILSON, N. C., Jan. 25, 1871.
J. L. Kitchin, Esq.,
Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods since March, 1870, and we are free to say, that they are in every way satisfactory. There is no indication of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children, for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pump to the careful examination and use of the public.

I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction. In fact I regard it as one of the best pumps now in use.

NEW GOODS!
NEW GOODS!
A WIDEAWAKE HOUSE, ALWAYS UP TO THE TIMES, IN STYLE, QUALITY AND PRICES.
COME TO CREECH'S.
I THROW out my flag to the breeze with the motto: "Goods at inside figures on the cash basis." The day for fancy prices has passed. The troubled waters are subsiding. Times, customs and prices are again getting back into their original channel.
When I speak about goods, it gives me pleasure to say to my customers and the public generally, that I never before or since the war, was so well prepared to sell them goods as I am at the present season.
My stock of LADIES' DRESS GOODS is large and very complete, embracing almost everything that is new and desirable. I adopt the rule of small profits, and sell fine fabrics at prices within the reach of all, name the lowest prices and represent goods to be what they are.
Goods for GENTS BOY'S, AND CHILDREN'S WEAR, such as Cassimeres, Tweeds, Cottonades and Linen goods—the most Complete Stock in the City. If you want heavy or light, coarse or fine, I have got them and will guarantee the prices. It matters not what house I come in competition with—New or Old, Large or Small.

LADIES' BONNETS TRIMMED AND UNTRIMMED,

HATS! HATS!! HATS!!!
For Gents and Boys, a great variety. Come now, don't you want a new hat? You have been wearing the old one long enough. It looks time worn; Come to Creech's to buy your Hats.
Now a few words to my customers and the public. Permit me to say that you see a great many strange advertisements, some speak of Specialities, some of buying goods when the market was panic stricken; some after the decline, and some just in time to hit the nail on the head. Why they would have you believe that they know all, and that they had to do was just to touch the spring that raises the curtain to the tide of fortune. What a lucky set of living human beings! But just let me say to you, that I have been buying goods for the last 21 years, that I have no partner to divide profits with. I travel no back water, take no side boat, but ride at the helm with the motto "Come to Creech's."
But you must excuse me, I must ship the goods I have just sold, as I see the drays are coming, loaded with more goods for Creech's.
And it gives me pleasure to say that I have secured the services of my esteemed friend, and our worthy fellow citizen, MR. L. E. HEARTT, who is so well and favorably known in this City and throughout the State, for his straight forward and honest dealings and as a good Merchant.
COME AND SEE HIM.
DON'T FORGET TO COME TO
