THE COURIER.

ASHEBORO, OCT. 15, 1884.

With over one third of your money locked up in the vaults at Washington and out of circulation, is it strange that money is scarce and times hard? Is the Democratic party responsible for this condition of things?

The laying of the Internal Revenue and the Tariff and the withdrawal of 500 millions of money from circulation are the acts of the Federal Government and the Federal Government, be it remembered has been under the control of the Republican party for about 24 years, and is, therefore responsible.

While the Republican party had control of this State in '69-'70 and '71, they spent every cent of the school fund, increased the State debt 15 millions and yet did not educate a single child in the State nor build a mile of Railroad. And besides the rate of taxation was 80 cents on the dollar. What has been the result since the Democratic party gained control? Look at the schools and the asylums for both races. Look at the Railroads. Only last year we spent $725,000 to educate the 250,000 children in the State. These are facts worthy the sober attention of fair-minded men and the man who has at heart the welfare of his State and that of his children will weigh them well before voting.

The Men We Vote For.

To-day (Monday) the candidates for the General Assembly and the County offices make their first bow at Isaac Kinney's in Cedar Grove township. The Democracy of Randolph is fortunate in placing its banner in the hands of Robins, Steed, Caviness, Moffitt, Teague, Bulla and Lewis who will not, we predict, permit its folds to trail in the dust. Capable, sober and efficient, they are worthy the honors bestowed by their Party and worthy the fullest confidence of the people. They have been tried and are not wanting. Without disparagement to the gentlemen who wear the honors of the Prohibition and Republican parties the COURIER commends the Democratic nominees and the principles which they represent and which they will announce, elucidate and defend as in every way deserving the fullest endorsement at the ballot box.

Marmaduke S. Robins, Esqr., the candidate for the Senate in this District is known throughout the District for his sterling worth, his ability and his high character. In Randolph where he was born and reared and where he is best known no assurance from the COURIER is necessary to satisfy his most bitter opponent that if elected, he will do his full duty to the people he represents; that he is thoroughly equipped; that he is inflexibly conscientious and honest; that he will labor zealously and ably for his people and the State; and that he will rank at once among the ablest of the next Senate and reflect credit not only upon himself but upon his county and his District. As a Representative of this county in '62-'64 and as our Senator in '66-'67 and in '76-'77 and again as our Representative in 1883 he made a record for attention to duty, for fidelity to principle, for ability and for distinguished services which entitle him to the suffrages of all men who would reward merit and the faithful performance of public duty and who would place their cause in the hands of an experienced, tried and courageous public servant. To say that he has enemies is the highest evidence of his worth and that he has done his duty through these long years of public life. He is before the people not by his own seeking. He protested in good faith and for good reasons against running but yielded finally to the repeated and persistent solicitations of his Party friends.—The writer knows whereof he speaks. The people wanted him, and they have put him out. Let us elect him by an overwhelming majority and no District will be more ably and faithfully represented than the 25th.

BURWELL W. STEED, ESQ.,

the senior nominee for the House is a native of Randolph and tho' he has been honored more than once with public confidence and has served in various public capacities is as unassuming as a 15 year old plow-boy.—But while he is the most modest of men he is richly endowed with that strong hard horse common sense which after and above all is the best armor for a man in any capacity.—He has been a Justice of the Peace for years, was elected a County Commissioner in '82 and represented this county in the last General Assembly. Like Mr. Robins he was always to be found at his post of duty. His legislative reward is without a blemish.—He is a farmer, solid, honest and always safe and gets the biggest vote where he is best known. He may not make as big a speech to-day as some of the candidates but he can cast as big a vote in the General Assembly as any of them and—the COURIER's word for it—he will always cast it for the best interests of his county and State. You can count on him and when the roll is called he will be there. Give him your vote and he will give you an honest and faithful record in the next Legislature.

DR. I. F. CAVINESS

our other nominee for the House appears to-day for the first time in politics and a more conscientious and upright man never entered the politics of this or any other county. He was born in this county and is now in his 44th year—in his prime. While he has practiced medicine for 17 years, he is also a farmer and one of the best in the county. He has never held any public position and did not aspire to his present prominence.—Endowed with natural ability, intelligent, and sensible he is as solid as the "giant oak" under which he will make his maiden speech to day and if elected—will worthily represent not only the farming but all the interests of Randolph. Firm, courageous, temperate, cool and industrious he will be untiring in his efforts and will do to trust out of sight. In short—he is a christian gentleman—every inch—and the Democracy of the county has honored itself in honoring him. With much pleasure and confidence the COURIER presents and commends him to the consideration of every voter who may wish to vote for an honest, capable and worthy christian gentleman. He is a man who will do and dare and die for the faith that is in him. A vote for him is a vote you will never regret.

ELI A. MOFFITT, ESQ.,

is again unanimously presented to you by the Democratic Party for the position of Sheriff. It has been the COURIER's pleasure heretofore to endorse and commend him as the Democratic nominee. Whether his record has justified what the COURIER said of him four years ago is left to the reader. He has won the proud distinction—"a model sheriff." He has been for 4 years the first and most prompt of the 96 sheriffs in the State to settle with the State Treasurer.—He has collected the taxes more closely and with less noise and trouble than any sheriff in the State. Always accommodating, fearless in the discharge of his duty, merciful alike to friend and foe, prompt in all things, honest in all dealings with a record as white as the snow that mantles the mountain's brow, he comes again before you at the bidding of the people. Your money books have been kept for 4 years as straight as a shingle and he has accounted for every dollar. Why change? A good, sober, painstaking, prompt and faithful officer—a model sheriff. In '66—naked from the war—without any thing save the brain and muscle God gave him he began and has made himself. You will vote for your best interests when you vote for him. His is a responsible position. His past is a guarantee for the future Better go slow when you go against such an officer.

WILLIAM J. TEAGUE, ESQ.,

will again appear before you to-day in obedience to the unanimous voice of the Democratic Convention. That he is a painstaking, correct, honest and thoroughly efficient officer every voter in the county knows. The records of his office are the best proof that he does his work well and that he makes a most excellent officer. As an officer nothing can be produced against him and as a man in public and private life he stands as fair as the fairest against whom his bitterest opponents have never yet brought a charge. His appeal comes with double force because of his physical disability. But while he is physically disabled from the loss of a leg to do all sorts of work, he is able and thoroughly qualified to do the work of Register of Deeds. A native of Randolph—in his 42d year—with the best of records—he is eminently worthy the position for which he has been named for the 3rd time by his Party. The records of his office speak more eloquently in his favor than he will speak to day at Kinney's. Vote for him.

ALFRED BULLA, ESQ.,

accepted the nomination for Surveyor simply to gratify his friends and his Party. It was tendered to him unanimously. That he is qualified for its duties goes without saying. If there is a man in the county with more hard common sense than Alf Bulla carries under his every day hat, the COURIER has not found him. In all public positions to which he has been called—whether as Justice of the Peace, County Commissioner or Surveyor he has been equal to his duty and performed his work to the satisfaction of the people. He has been repeatedly urged by his friends for other and higher positions and was the choice of a large number for the Legislature this time. He is a solid Democrat—a solid man and a solid Surveyor. If you don't vote for him, you won't do what the COURIER thinks you ought to do. He can't be beaten.

DR. CLAUDE H. LEWIS,

the Democratic nominee by a unanimous vote for Coroner was elected by a big majority two years ago. He is a physician with a wide practice and a self made man. He dug and worked his way on the farm, on the Railroad, at teaching and other ways through the University of Pennsylvania and since 1879 has enjoyed a lucrative share of the profits of his profession. It is proper that this position should be filled by a physician. That Dr. Lewis is fully equipped to meet all the duties which his election may bring him will not be denied.—Young, popular and energetic he will get a big vote and a big majority.—He is the youngest man on the ticket and has a bright future before him.—Give him your votes. It's a good, solid, 7-horse team—Robins, Steed, Caviness, Moffitt, Teague, Bulla and Lewis. Good men and a good cause. Let's roll up our sleeves, go to work and give them a a rousing majority.

Work is the price of it. Hurrah!

The Franklinsville Democratic Club.

The Democratic citizens of Franklinsville and vicinity met at the Academy on Saturday evening Oct. 4th, at 7½ o'clock for the purpose of organizing a Cleveland and Scales Club.—The house was called to order by J. S. Ritter. Hugh Parks, Esq., was called to the chair, and on motion, the following officers were elected:

Hugh Parks, President, A. S. Horney, 1st vice-President, W. C. Russell, Sec., W. F. Craven, Secretary and Treasurer. The Club was then addressed by the President in which he explained the object of the meeting. It was then ordered that the secretary be authorized to draft a code of By-laws and present to the club for its approval or amendment at the next meeting.

On motion of W. C. Russell, it was decided that the time of the regular meetings of the club be on each Saturday night at 7 o'clock. Provided that it will meet on the 3rd and 4th Friday nights in this month. The books were then opened for membership, and the names of 36 voters were enrolled as members.

On motion of J. S. Ritter, it was instructed that each member solicit the names and attendance of their friends and present them next meeting for membership. The club was then very spiritedly entertained by short speeches from several of the members in which they showed their colors and their zeal for the success of the Democratic party in the coming election.

Adjourned till the next regular meeting.

HUGH PARKS, CH'M'N.
W. F. CRAVEN, Sec'y.

Mr. E. F. Westmoreland, a member of Mr. Frank Lambeth's class in the Methodist Sunday school in Thomasville, N. C., has during one Sunday School Quarter—beginning with July, and ending with September, memorized and recited three thousand nine hundred and thirty-four (3934) verses of the Bible—averaging 302 each Sabbath. This included the first chapter of Matthew, and all of the four gospels—Matthew, Mark, Luke, and John.

While this fact is indicative of a very superior power of memory in this young man, yet it is very certain that his best efforts were not exercised.—Being a young man of very industrious habits, he only had one hour each day to devote to this study. For this excellence, he was awarded a handsome Oxford Teacher's Bible, with name on back, in beautiful golden letters. A noble gift to an excellent young man! The Book was presented publicly, by Prof. I. L. Wright with a beautiful, impressive, and most appropriate speech. Z.

Thomasville, N. C., Sep. 30, 1884.

Who Are the Money Kings?

Vanderbilt is worth 150 millions.
Jay Gould 100 millions.
Russell Sage 100 millions.
Cyrus W. Field 100 millions.
Armour, the pork packer, 50 millions, &c., &c.

Meanwhile, what is the condition of the people who dwell near these Money Kings? 100,000 laborers out of employment and striking—mines unworked, factories stopped.

What produces this state of things? What makes the poor man poorer; restrains the endeavor of the ambitious and industrious man of small capital; and at the same time heaps up the vast riches of the rich?

Let the people weigh these things and ponder well.—*Ransom's speech.*
