Dr. Richard Frazier Named To State Post

Roanoke Rapids – Dr. Richard Frazier has been appointed by the President of the Medical Society of North Carolina to serve on the State Medical Committee on Marriage Counseling and Family Life Education.

A general physician here for four years, Dr. Frazier is a graduate of Wake Forest College and Bowman Gray School of Medicine. He received his internship at Greenville General Hospital in South Carolina and was in N. S. Public Health Service in Oklahoma prior to coming to Roanoke Rapids.

He has had additional training in psychiatry.

The physician, one of 12 over the state appointed to committees, is the only doctor in this district named to a state committee for this term.

Presently Dr. Frazier is chairman of the Committee on Health and Safety in the Eastern Carolina Council of Boy Scouts; second vice president of the Lions Club (also serving on the Board of Directors); and chairman of the City Recreation Commission.

He is physician for the N. C. Unit Prison at Halifax and serves now as acting administrator of the Mental Health Unit at Roanoke Rapids hospital.

Dr. Frazier is a member of Roanoke Baptist Church where he serves as deacon; training union director and teaches the College and Career Sunday School class. In addition he is a member of the North Roanoke Baptist Associational Executive Board, serving on various committees.

The physician is married to the former Ann Wilson of Louisburg and they are parents of two children, Debbie and David. He is the son of Mr. and Mrs. T. W. Frazier of Route 1, Louisburg.

On The Trail

The fat man and his wife were returning to their seats in the theater after the intermission.

"Did I tread on your toes as I went out?" he asked the man at the end of the row.

"You did," replied the other grimly, expecting an apology.

The fat man turned to his wife. "All right, Mary," he said, "this is our row."

On Dean's List

The following have attained the Dean's List for the spring semester at their respective schools.

Lenoir C. C.

Larry D. Rowe, son of Mr. and Mrs. William D. Rowe of Route 4, Louisburg, is listed on the Dean's list at Lenoir Community College, Kinston, for the spring quarter.

ACC

Roger Pinnell Holmes, son of Mr. and Mrs. Roger A. Holmes of Route 1, Castalia, was among the 223 students making the Dean's List for the spring semester at Atlantic Christian College. Roger is a rising senior majoring in medical technology.

In Service

LARRY DAVID ROWE

Larry David Rowe, son of Mr. and Mrs. William David Rowe of Route 4, Louisburg and Robert Earl Gardner, son of Mr. and Mrs. Durwood Braswell Gardner of Route 1, Castalia, have enlisted in the U. S. Navy under the Navy's new 120-day program.

This program authorizes the Navy to enlist qualified young men and give them up to 120 days delay in reporting for active duty. By enlisting under this program, Larry and Robert Earl have gained several advantages over other enlistments in that the delay time prior to reporting for active duty counts toward completion of military obligation, builds up longevity for pay purposes and affords up to four months seniority prior to entering recruit training. No attendance at drills or meetings is required during the waiting period. Upon completion of a specified period of inactive duty, they will be transferred to a U. S. Naval Training Center for Recruit Training.

Chief Buck, local Navy Recruiter for this area, invites anyone interested in this program to contact him at the local Navy Recruiting Office located in the Federal Building in Kinston, N. C.

The stranger breezed in with a big smile: "Good morning, doctor. I just dropped in to tell you how much I benefited from your treatment."

Doctor: "But you're not one of my patients".

Stranger: "I know. But my uncle was and I'm his heir."

Thanks

I would like to take this opportunity to express my appreciation to Dr. Patterson and to the nurses on second floor for being so nice to me while I was a patient in Franklin Memorial Hospital.

About Your Home

If you are a "do it yourself" fan, beware of the tendency to overdo things in the belief that it will result in better workmanship. One example of over-zealous work is often found in oversanding wood surfaces.

Light sanding is necessary in almost all manner of refinishing jobs, but oversanding can do strange things to the appearance of wood. All wood is grained. The darker veins are hard and the lighter wood is soft. Oversanding results in a wavy and rippled surface which only becomes more pronounced with repeated efforts to smooth it.

Probably the most overdone of all homeowners' efforts is painting. Many people who are lacking in experience insist on over-thinning the paint they buy. This is usually done to make the paint spread better. Others think that the thicker the better.

The first group wonders why the paint lacks gloss of wears away rapidly when exposed to water. The second group can't understand why the paint cracks under the first hot sun. Both could do perfect jobs if they would follow the manufacturer's instructions.
