FOR ELECTORS-AT-LARGE:
W. H. KITCHEN,
JOHN N. STAPLES.

One thousand miners and laborers are on a strike near Wilkesbarre, Penn.

Mrs. Langtry sailed for Europe last Saturday, and there is a rumor that she has gone there to obtain a divorce and will return and marry Gebhard—the dude.

The N. Y. *Tribune* fairly howls becaus Governor Cleveland vetoed the 5c fare bill, for reasons so sound that the *Tribune* does not answer his argument. But the *Tribune* also opposed the bill—was it a greater crime for Cleveland to veto the bill than for the *Tribune* to oppose it?

The brave Lieutenant Lockwood went four miles nearer the pole than the celebrated expedition of Captain Nares in 1876. But it can be hardly thought a proper compensation for the lives of the seventeen brave fellows who surrendered to the icy king of terrors and the thousands of dollars expended, and then get but four miles further north in eight years.

"What are we here for except for offices?" exclaimed the noble statesman from Texas, Webster Flanegan, of Flanegan Mills, in the Chicago Republican convention in 1880. Statesman Flanegan turned up again as a delegate in 1884, and the question that trembled upon his lips in 1880 has been answered by his appointment as United States collector of the Fourth district of Texas

Our highly esteemed republican friends will not keep up that campaign racket long about Governor Cleveland's private personal character. It don't pay and it won't win. It has an ancient fishy appearance and a stale smell about it in this, that Governor Cleveland served as sheriff, as mayor of Buffalo, and is serving as governor of New York, and nothing was heard of any private scandal until he became a presidential candidate.

Call them what you please, "dudes," "Pharisees" or "priests," the independent army moves right forward. It is just possible that calling names will not cry down the great reform movement. The independents got in their work two years ago, and they will get it in still more effectively this year. They are better organized, more determined and have much stronger reasons for bolting the grand old party than ever before.

A special from Richmond, Va., to the New York *World*, of date 28th inst. says:

The Democratic Legislature, with the assistance of two Republicans, has succeeded in getting the Governor to call an extra session The first subject to be considered will be a bill to repeal an act passed by the last Legislature reapportioning the State into Congressional districts, the same having been found inoperative regarding Presidential electors, and the passage of a bill conforming to the act of Congress in reference to reapportionment. It is also probable that a bill will be passed similar to that enacted last Winter providing for the appointment of electoral boards throughout the commonwealth, the act having been declared unconstitutional by the Superior Court because of its providing that the members thereof should be freeholders. Such a bill would virtually take the election machinery of the State out of the hands of the Republicans and place it with the Democrats.

The Presidential contest on the part of the Democrats was inaugurated today by meetings at Staunton and Orange. Congressman J. R. Tucker and R. D. Hill, of Ohio, addressed the former, and Gen. James G. Field the latter. Large crowds were present and great enthusiasm prevailed.

A powerful green wine is used by the peasantry of Portugal, which is an excellent restorative, and absolutely harmless. The laborers—and they work from morning to night—are allowed about an imperial quart of this wine daily by the farmers, and when exhaused by labor and the heat of the sun, they take a pull at the wine bottle and begin work again like a giant refreshed. The wine is rough and strong; but very cheap. Nowhere is there so little drunkenness as in Portugal.

The Union League Club in New York is, as everybody knowns, a Republican institution. But there is a serious revolt there this year. A proposition made to raise a Blaine and Logan flag was barely carried. The *World* says:

A few evenings ago the Executive Committee held a meeting, when a motion was made that a Blaine and Logan flag should be hoisted on the club-house flag-staff. It was opposed with much warmth on the part of some of the members, who insisted that the campaign should be conducted without any recommendation on the part of the Union League Club. The office-holding interest, however, fought bitterly for the Blaine indorsement, and after two hours of sharp talk, the motion to hoist the names of Blaine and Logan on the club-house was carried by a bare majority.

"I have never seen a Republican nomination fall so flat in a thoroughly Republican club, such as the Union League," said an active member of the club last evening, "and large numbers of the members will either refrain from voting in November or drop a quiet ballot for Cleveland. I can't swallow Jim Blaine, and if I don't vote for Cleveland, I shall go duck-shooting."

Mr. Alexander Scott, Glassville, New Brunswick, states that he was cured of severe pains, by the use of St. Jacobs Oil, the great pain-cure. Only 50 cents.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory. tf.

During the storm last evening the lightning struck the telephone wires at Messrs. Parsley & Wiggins, steam saw mill, at Hilton, and ran down through the ground wire to where it terminated in a spring, tearing out the boards around the latter but doing no other damage.

Very Curious.

Here is a very curious incident which has come to our knowledge. A gentleman residing North of the Wilmington & Weldon R. R., set a black hen some weeks ago. She hatched out the eggs and then killed all of the chickens that were not of the maternal color. She hatched nine and killed six, but three of the brood having been black.

The Seasides.

The Seaside Base Ball Nine left here this morning on the 9 a. m. train for Goldsboro. They expect to beat the Nationals and see the opening of the Fruit Fair before they return, and they will get back here to-night on the fast mail. A number of gentlemen from this city accompanied them.

Correctional.

We are requested to state that the Columbia Bicycle Club do not come to Wilmington next month on a challenge for a race issued to them by the Wilmington Bibcycle Club. They come here simply on the invitation extended to them by our club although while here there will probably be a contest of skill.

In a Queer Place.

While some of the hands at Messrs W. E. Davis & Son's ice house were cleaning out the waste room this morning, a large snake was discovered under a pile of shavings, coiled up and sitting on a nest. The reptile was quickly dispatched when it was found that there were 34 eggs in the nest, all of them about the size of a pigeon's egg. The snake measured 5 feet in length and about 6 inches in circumference. It is called by some a "rat snake."

Mildew on Roses.

The disease of rose bushes, principally those of the monthly or tea roses, known as mildew, consists of a fungus which attacks the leaves, stems, and buds. It indicates a sickly condition of the plant, and is generally caused by too much moisture or heat It is most common in hot, moist weather. When it attacks plants in pots an effective remedy is exposure to the fumes of burning sulphur, applied by putting the pots in a box or barrel, throwing some sulphur screwed up in a wisp of paper, which is lighted, and covering the receptacle so as to confine the fumes. Dusting the plants with flour of sulphur has also been found a remedy. But no remedy will avail unless the cause is removed and thorough drainage is afforded to the plants, which must be kept in a healthy condition.

Young Men's Democratic Club.

Pursuant to the call made there was a large and enthusiastic attendance of young Democrats in Brooklyn Hall last evening. The meeting was called to order by Mr. E. F. Johnson, who was chosen temporary chairman. A permanent organization was effected with the following officers:

President—W. H. Strauss.

Vice Presidents—H. R. Persee, First Ward; Wm. Tracy, Second Ward; W. T. Barlow, Third Ward; R. McR. Gilbert, Fourth Ward, R. F. Riseing, Fifth Ward.

Vice President at Large.—T. R. Oglesby.

Secretary and Treasurer—E. F. Johnson,

Marshals—Joseph Craig, Pat McEvoy.

The following resolutions, introduced by Mr. E. F. Johnson, were unanimously adopted.

Resolved, 1st. That we, young men of the city of Wilmington, recognizing the importance of the ensuing election and the necessity of thorough and effectual organization do hereby organize ourselves into a campaign club to be known as the Young Men's Democratic Club.

2rd, That we cordially endorse the Democratic State ticket, as headed by Scales and Stedman, as worthy of the support of the young democracy of North Carolina,

3rd. That in the nomination of Grover Cleveland, of New York, for President, we recognize a representative of the young and progressive Democracy, and one in every way worthy of the support of every true Democrat.

The following resolution, offered by Mr. E. G. Blair, was unanimously adopted:

Resolved, We, Democrats in mass meeting assembled, do hereby endorse the action of the National Democratic Convention, and especially so in nominating Cleveland and Hendricks as our candidates for President and Vice President of the United States.

After giving three cheers for the Democratic candidates, the meeting adjourned subject to the call of the President.

The Fruit Fair opened in Goldsboro to-day. Our Local is on hand and will send in good reports.

GOLDSBORO.

The Fruit Fair—Vance, Jarvis and Green—Politics—Personal—A Busy Place and Time.

GOLDSBORO, N. C., July 29th, 1884.

DEAR REVIEW:—This thriving, go-ahead, wide-awake young city is in one of its busiest moods to-day. The trains have brought in many people who come here to attend the Fruit Fair, which will open to-morrow. Nearly all of those who have arrived have brought with them samples of the products of their farms for exposition at the Fair. In addition to those who have arrived by train hundreds have come in during the day by team and carriage with the varied rich products of the surrounding country.

Another important fact which has gone largely to crowd the city during the day is in consequence of its being the opening of the Congressional Campaign in the Third District. Senator Vance has already arrived. Col. Wharton J. Green, the Democratic Candidate for Congress from this district, and Governor Jarvis will arrive at 5 p. m. to-day. These three distinguished speakers will address the citizens at the Opera House here at 8 o'clock to-night, and it it a foregone conclusion that there will be a crowded house.

The crops along the line of the road are generally good, and with good seasons from now until harvest they will be abundant. There are some sections, however, where the seasons have been so unfavorable that the crops will be far below an average. We are glad to know that there are but few such localities. One thing is certain; crops of all kinds are growing rapidly now.

To return again to the Fruit Fair. It will be held in the Goldsboro oil mills, about half a mile South of the central portion of the city, which is the only building in the vicinity adequate to furnish room for the immense display which will be made. The perfecting of the arrangements has been done mainly under the direction and supervision of Mr. J. A. Bonitz, of the *Messenger*, and right faithfully has he attended to that duty. FOSTER.

The Race Yesterday

There was no race yesterday at Wrightsville; that is, the judges say so. There was too much of a breeze—for the boats—and it is said that of the entire fleet but one boat sailed the course. The others "took water," having capsized. The Commodore, it is said, collided with a marsh and suffered so severely in the encounter that he hoisted signals of distress and sailed away for a handy port, arriving safely, but with his jib as the only sail standing. There was much merriment and no ill-feeling whatever over the result.

Now is the time to give Smith's Worm Oil. ly d w
