LOCAL.

The Inferior Court had despatched 20 cases by noon Wednesday.

This court week there is no whistling—can't hardly tell it is court week.

Mr. L. C. Mock has returned from Philadelphia, where he has been visiting for three weeks past.

The Library has received all its monthly publications for Oct., including the foreign reviews, &c.

The Rev. J. Bachman Haskell will preach at St. John's Lutheran Church on next Sunday morning and night, Oct. 7th.

We have a new artist at the old Gallery, Mr. HENLEY, who makes a specialty of life size pictures, Call and see him.

The Cumberland Co., Agricultural Fair will be held in Fayetteville on the 13, 14, 15 and 16th of Nov., 1877. We return thanks to Wm. Alderman, Sec., for a complimentary ticket.

Last months marriages don't quite come up the standard. The Register reports *eleven white* and one colored. This shows a material falling off in the statistics of matrimony among the colored folks.

There is nothing of local interest to be found in or about this town. Every time we go in search we are forcibly reminded that there is nothing new under the sun, and we might add, or "in the waters under the earth."

Go to the Book Store and see Mr. Plyler's new lot of fine papers. It is the prettiest lot we have seen for some time. Among others, the "Toilet," "Sandwich," "Reticule," "Cathay," "Seraph," "Mary Wog," and "Perfection," will be found prominent both in style and texture.

People are apt to complain aloud of high freights, but too often keep silent when they are low. A case in point: two 100 lb. boxes from Philadelphia at 77 cts. for the two is moderate. A 25 lb. keg from New York at 38 cts. is a little higher than a 50 lb. keg from Cincinnatti at 49 cts. But all these rates are less than half those sometimes charged.

The gas post on the corner of Fisher and Church streets was knocked down by a team last Monday night.

We have since learned that one Crisswell, who lives about 16 miles from here on the Statesville road, drove his team against it. He was under the influence of whiskey at the time. He should be held responsible for the damages.

Bill Weaver, the little son of Jake, the fisherman, has been tried and sentenced by the Inferior Court, for the petty theft of a pistol, to four months imprisonment in the county jail. It is a bad thing to drag into court boys who have been raised as he has, with no restraint or education—generally his first case in court seals his doom—he will never be any account.

Dick Wallace, the famous colored political star, has been sentenced by the Inferior Court to the Pen. for one year. Dick talks like Hamlet about "this too, too solid flesh,"—though he always did like rail roading.

Floyd Neely, col., five years in Pen., for stealing a cow.

Henry Phillips, col., two years in Pen., for stealing a shot gun.

We are particularly gratified at the success of Simonton Female College. The number of boarding pupils in attendance is larger than any previous year, and accessions are still being made. It is an excellent school and deserves success.—*Statesville Landmark.*

We are glad to learn of the success of this college. We know of no other school for young ladies preferable to this.

Mr. John I. Trexler met with an accident a few days since. He was cutting feed in a straw cutter, when it became choked, and in trying to pull out the straw got his hand under the knife blades, cutting his thumb and fore finger nearly off—splitting them from the knuckle joint to the ends, necessitating the amputation of the fore finger; the thumb will be saved. Mr. Trexler lost, some years ago, his left arm in a cane mill. He is an industrious, hard working man and has the sympathy of many in his troubles.

Who can Beat This, In or Out of the State.—Gustavus Miller raised, this year, 26 bushels of wheat on one-half acre of up-land ground. Three two-horse wagon loads of manure were used, and the ground subsoiled from 10 to 12 inches deep.

Mr. Dunlap, chairman of the board of county commissioners, sowed one bushel of wheat and gathered therefrom seventy odd. Both of these gentlemen are citizens of Stanly county, and the figures cannot be disputed. J. S. DUNN.

Albemarle N. C.

A young man from the country came to town last week with his bride. They intended to take the train for a short bridal tour, but our young man felt too good—he must have a drink—he felt better and must have two more drinks; thus continuing to feel good and drink accordingly he soon managed to be down. The police took him in charge for that offense and the mayor fined him. He had spent all his money for liquor and had not the where withall to pay said fine. He was accordingly sent to Greenwood, where he spent the first night of his married life. Some of his friends came to his relief in a few days—he is now out and "doing well."

When the disorders of Babyhood attack your Baby use at once Dr. Bull's Baby Syrup and notice its rapid and beneficial effect. 25 cents per bottle.

The Sacramental meeting of Thyatira Church in this county, passed off last Sunday with more than ordinary interest. The Rev. Wm. A. Wood, of Statesville, lent his services to the occasion. His sermons are spoken of by all as being remarkably fine. His fine choice of words, gentle, deliberate manner of speaking, and earnest zeal for the cause of Christ, so potent in ever sentence, makes for him many willing hearers. The people of that section are greatly pleased with Mr. Wood and highly appreciate his great worth.

COLE'S CIRCUS AND MANAGERIE.

W. W. Cole's and circus and managerie will exhibit in this city on the 13th of October. The Vicksburg *Herald* has this to say of it:

W. W. COLE'S CIRCUS AND MANAGERIE.

One of the Best on the Road, Superior in Every Department.

Our citizens anticipated much in W. W. Cole's great New York and New Orleans Menagerie and Equestrian Exposition, and were not disappointed. Although expectations were raised high, we never knew of a tent show giving such universal satisfaction and admirtion. The day was a gala occasion for many, for from the time of the street procession to the close of the night performance, the streets were full of people. The parade in the morning, although very much better than the usual street exhibition, was only a faint representation of what was to be seen in the interior.

The collection of animals was both large and varied. Menageries are becoming so common now that we fail to appreciate the many rare animals which a good show like Cole's has in its cages. The species on exhibition are not often brought within the bounds of an iron cage and therefore were great curiosities to the beholders.

The ring performance unquestionably was the best that has been seen in Evansville for a long time. There were very many features, introducing the skill of man and beast. The greates attraction was the beautiful artiste, whose actions on the rings suspended from the center pole were thrilling in their daring. She swung through the air with remarkable ease, suspended by her head, at other times by her shapely limbs. To these accomplishments, she added a loveliness of face and form, and was a brilliant feature of the performance. We cannot enumerate, for there were splendid bareback riders, who dared to span five and six horses in their race about the ring; lofty tumblers who made flying leaps, and the acrobats who were finished and new in their exhibition. There were besides these a number of trained animals which showed wonderful sagacity in their work.

Taken altogether, Cole's circus gave unbounded satisfaction, and of course had the canvas filled each time to overflowing. Everything about the exhibition is orderly, and the attendants are obliging to even the fastidious inquirers who always go to circuses.

AN ANSWERED PRAYER.

A letter to the Baltimore *American* in regard to the Lawson murder and the execution of Shifflett, says: One singular thing connected with this murder is worthy of mention. At the funeral of Lawson the officiating minister prayed that "God would blight the trees from the spot where Lawson was assassinated to the murderer's home, and it may sound strange, yet it is true, the trees from where his body was found in the direction of Shifflett's house are all blighted and dying, whilst all the other trees around are perfectly healthy. This story has been in circulation here for some time believed by a few, but doubted and made fun by the many. Last Sunday several gentlemen representing city dailies, who had arrived to "do" the execution, visited the spot and found it *an actual fact.*

SHOOTING AFFAIR IN MADISON—W. Y. DAVIS KILLED, NOAH RICE WOUNDED.

(Asheville Citizen.)

A fatal shooting affray occurred on Bull Creek, Madison county, on last Saturday, resulting in the death of W. Y. Davis and the serious wounding of N. H. Rice. The particulars are as follows: Davis has long been a fugitive from justice for the murder of Ben Inman, for which he had been tried at the Spring term of the Superior Court at Marshall and convicted. He was then taken to Waynesville jail for safe keeping, but broke jail and returned to Madison and for some time past has been prowling around his former home. A reward having been offered for his apprehension, Rice, hearing of his whereabouts, determined to arrest him. His friends tried to pursuade him not to attempt to capture Davis by himself, but he being a resolute man declined all offers of assistance, saying that he "could arrest him easily by himself." Hearing that Davis would meet one of his friends at a certain point, he came upon him unawares, and commanded him to surrender, which Davis declined to do and ran. Rice pursued, firing at him as he ran, hitting him twice. He then ran and caught Davis, when the latter shot him, the ball hitting him under the shoulder and giving a dangerous wound. The doctors say that with proper treatment he may recover. The coroner summoned a jury and held an inquest over the body of Davis.

BOGY'S SUCCESSOR.—Col. David H. Armstrong, an old citizen of St. Louis, and the "wheel-horse" of the Democracy of Missouri for the past twenty-five years, has been appointed United States Senator by Gov. Phelps to fill the vacancy caused by the death of Louis V. Bogy. Col. Armstrong is at present vice president of the board of police commissioners at St. Louis.

AN OHIO TRAGEGY.

A Husband and Wife Found Dead in Each Other's Arms.

(Special Dispatch to the Philadelphia Times.)

PITSBURG, September 26.

A tragedy enacted at Zanesville, Ohio, yesterday, creates intense excitement in that place, the death of man and wife, one murdered by the other, and the suicide of the murderer or murderess, being the groundwork of the tragedy. The particulars are as follows: Abner James was an undertaker in Zanesville, his office being on Ninth street. He and his wife did not live happily together, although they had been married but fourteen months. Recently business troubles have added to the unhappiness of the couple and a separation was looked for. Yesterday their disagreements reached a climax and Mrs. James left home, vowing she would never live with James again. She started for the residence of her mother, Mrs. Lacock, a widow, about eight miles from the city, and was followed by her husband. They left the city together in the same train on the C. and M. V. R. R. They got off at Delcarbe and started to walk together to Mrs. Lacock's. When last seen alive they were walking together and apparently in an excited condition. They were walking up the lane leading from the public road toward the house, but they never reached there. This morning about 8 o'clock the bodies of both were found lying in a fence corner, about 300 yards from the house. The husband had a bullet hole in his breast, and the wife one in the temple and another in the region of the heart. They were tightly locked in each other's arms, and in the left hand of the wife, held as in a vice, was a revolver, with which it is supposed the dreadful deed was done. How they came to their death is, in a measure, a mystery, as no one saw the fearful tragedy enacted. The supposition is, however, that the wife first shot the husband, and then put the two bullets into her own body before death came. There was no indication of any struggle, and it is supposed that it was a plan mutually agreed upon to put a final quietus upon all their earthly sorrows.

General Hill has entered upon the discharge of his duties as President of the Arkansas Industrial University under the most flattering auspices.

MARRIAGES

In this county, by Adam Brown, Esq., on the 27th ult., Mr. R. L. BEAVER and Miss MARY E. BEAVER.

DIED.

At her home in Mt. Pleasant, N. C., Tuesday, Oct. 2d, Mrs. Christopher Melchor, aged 75 to 80 years, relict of the late Christopher Melchor.

On the same day near Mt. Pleasant, Mr. Moses Shimpoch, of consumption, aged about 68 years.

THE CONFEDETATE SOLDIER'S RETURN, OR THE LOST CAUSE.—A magnificent picture, beautiful in design and artistic in execution. It represents a Confederate soldier after the war returning to his home, which he finds ruined by shot and shell, looking lonely and desolate. In front of the ruined cottage, telling a sad tale of the miseries of war, are two graves with rude crosses, on one of which some friendly hand has hung a garland. The graves are overhung by a weeping willow, in the shadow of which stands the returned soldier with bowed head, as if thinking of the past. To the right the calm river and rising moon indicate peace and rest. The stars seen through the trees represent the Southern Cross, draped over the graves, an emblem of the Confederate flag as well as a harbinger of brighter days to come. The flood of glorious moonlight streaming through the trees and reflecting on the peaceful river adds to the sentiment and beauty of the scene and its surroundings. No description of this gem of art will do it justice—it must be seen. It is a picture that will touch every southern heart and should find a place in every southern home. It is 14x18 inches in size, on heavy plate paper. One copy will be sent by mail, in a pasteboard roller, to any address, post-paid, on receipt of 25 cts.; three copies for 60 cts., or six for $1, in currency or postage stamps. Agents wanted everywhere to sell this and a variety of other popular and cheap pictures. No money required until they are sold. No trouble to sell them. Send stamp for catalogue and terms. Address,

ADVICE GRATIS.

The Hon. Alexander H. Stephens says:—"The Globe Flower Cough Syrup has proven a most valuable remedy to me."

Gov. James M. Smith, of Georgia, says:—"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine. It exceeds everything for coughs, colds and obstinate lung affections."

Ex-Gov. Brown, of Ga., says:—"He finds the Globe Flower Cough Syrup a most excellent remedy."

Such endorsement by our great and good men deserves the attention of the afflicted. Those suffering from cough, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption.

TUTT'S PILLS

A Noted Divine says

They are worth their weight in gold.

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation, and Piles. Last spring your pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

TUTT'S PILLS CURE SICK HEADACHE.
TUTT'S PILLS CURE DYSPEPSIA.
TUTT'S PILLS CURE CONSTIPATION
TUTT'S PILLS CURE PILES.
TUTT'S PILLS CURE FEVER AND AGUE.
TUTT'S PILLS CURE BILIOUS COLIC
TUTT'S PILLS CURE KIDNEY COMPLAINT.
TUTT'S PILLS CURE TORPID LIVER

Dr. Tutt has been engaged in the practice of medicine thirty years, and for a long time was demonstrator of anatomy in the Medical College of Georgia, hence persons using his Pills have the guarantee that they are prepared on scientific principles, and are free from all quackery.

He has succeeded in combining in them the heretofore antagonistic qualities of a *strengthening, purgative, and purifying tonic.*

Their first apparent effect is to increase the appetite by causing the food to properly assimilate. Thus the system is nourished, and by their tonic action on the digestive organs, regular and healthy evacuations are produced.

The rapidity with which *persons take on flesh,* while under the influence of these pills, of itself indicates their adaptability to nourish the body, and hence their efficacy in curing nervous debility, melancholy, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system. Sold everywhere. Office, 35 Murray Street, New York.

TRIUMPH OF SCIENCE.

Gray Hair can be changed to a glossy black by a single application of DR. TUTT'S Hair Dye. It acts like magic, and is warranted as harmless as water. Price $1.00. Office 35 Murray St., N. Y.

It is a plant that grows in the South, and is specially adapted to the cure of diseases of that climate. It is

NATURE'S OWN REMEDY,

Entering at once into the blood, expelling all scrofulous, syphilitic, and rheumatic affections. Alone, it it a searching alterative, but when combined with Sarsaparilla, Yellow Dock, and other herbs, it forms

Dr. Tutt's Sarsaparilla and Queen's Delight,

The most powerful blood purifier known to medical science for the cure of old ulcers, diseased joints, foul discharges from the ears and nostrils, abscesses, skin diseases, dropsy, kidney complaint, evil effects of secret practices, disordered liver and spleen. Its use strengthens the nervous system, imparts a fair complexion, and builds up the body with

HEALTHY, SOLID FLESH.

As an antidote to syphilitic poison it is strongly recommended. Hundreds of cases of the worst type have been radically cured by it. Being purely vegetable its continued use will do no harm. Office, 35 Murray Street, New York.

Theo. F. Kluttz is giving away a handsome book entitled "Pearls for the People," containing much valuable information and many interesting articles. It also contains a history of the discovery of the "Hepatine," for diseases of the liver, dyspepsia, constipation and indigestion, &c., and gives positive assurance that when the Hepatine is used it effects a permanent and lasting cure of these diseases, which prevail to such an alarming extent in our country. Take the Hepatine for all diseases of the liver.
