cord, the security for the harmony of the Union.

I have not the vanity to assume that in my past connection with the public service I have exemplified the course of a sound American statesman, but if I have deserved the favorable view taken of it in your letter, I may hope, by a faithful adherence to the maxims by which I have heretofore been guided, not altogether to disappoint the confidence and expectations of those who have placed me in my present relation to the public; and if, under providence, I should be called to preside over the affairs of this great country as the Executive Chief of the Government, the only further pledge I feel called upon to make is, that to the utmost of my ability, and with whatever strength of will I can command, all the powers and influence belonging to my official station shall be employed and directed for the promotion of all the great objects for which the Government was instituted, but more especially for the maintenance of the Constitution and the Union against all opposing influences and tendencies.

I cannot conclude this letter without expressing my high gratification at the nomination to the second office under the Government of that eminently gifted and distinguished statesman of Massachusetts, EDWARD EVERETT, a gentleman held by general consent to be altogether worthy of the first.

Tendering my grateful acknowledgments for the kind and complimentary remarks with which you were pleased to accompany the communication of my nomination, I am, dear sir, with the highest respect, your obedient servant,

JOHN BELL.

To the Hon. WASHINGTON HUNT.

RATIFICATION MEETING IN BOSTON.

The BELL and EVERETT ratification meeting in Boston on Thursday evening last says the Richmond Whig of the 9th, was a glorious and splendid success. Old Faneuil Hall was crammed and jammed to the utmost capacity, while thousands lingered on the outside, unable to obtain admission. No such meeting, in point of numbers and respectability, has been held in Boston for long, long years, with the exception of the one held there last December to denounce the John Brown raid, when fifteen thousand "solid men" of Boston turned out to give expression to their sympathy with the invaded and outraged people of Virginia. On Thursday evening last, not less than ten or twelve thousand of the citizens of Boston assembled in Faneuil Hall to ratify the nominations of BELL and EVERETT; and they did ratify them with pride, with a hearty zeal, with an honest and noble enthusiasm. The meeting was addressed by the Hon. Daniel Warren, Hon. Samuel A. Elliott, Hon. J. Thomas Stephenson, Hon. Geo. S. Hilliard, Hon. Leverett Saltonstall, Gen. Geo. H. Devereux and Major Gustavus A. Henry, of Tennessee. It was a glorious and soul-stirring demonstration, and is but the forerunner of other equally gratifying exhibitions all over the country. We believe, indeed, from the spirit thus bravely and powerfully manifested in Boston, that Massachusetts will certainly cast her electoral vote for BELL and EVERETT, and stand forth "redeemed, regenerated and disenthralled" from the degrading chains of Black Republican domination.

The Boston *Courier*, in a long and interesting account of the meeting, says:

"The Rocking of the "Cradle" last night made the Bell ring loud! It was a cheering peal—such as has not often sounded in our ear of late! Words are hardly sufficient to give full effect to a scene so inspiring, so grand, so impressive."

* * * * * *

"In a word, the hall held all it could; and the crowds which were unable to gain admittance proved what a stirring spirit has been roused in the multitudes, inspired by the announcement of such glorious nominations. It is difficult to speak of them in the terms to which they are entitled, for their mere mention at once conveys the clearest eulogium. To all men and to all parties, they give at once assurance of unsurpassed ability, of unsullied honor, of personal integrity above the reach of temptation, and awaken the earnest hope that an election may be now effected which will give us a national administration worthy of the most glorious days of this or any other Republic. Upon the whole, the meeting, in point of numbers assembled, with eager desire to listen to something once more above prejudice, above party, above the mean, narrow and frivolous clap-trap of the day, but embracing the whole vast interests of a great and noble country—and which was amply gratified by the eloquent and patriotic utterances of those who addressed it—was all that could be desired."

Thus commences the rolling of the ball in behalf of BELL and EVERETT, in the commercial emporium of New England; and may it continue to roll until city after city, and State after State, at the North and at the South, shall fall into line, and strike an effectual blow in defence of a violated Constitution and an imperilled Union!

WHY IT RAINS SO MUCH.

We presume that there is not a boy in the State ten years old, and who is not familiar with the fact, that if a snake is killed and hung up, that it is sure to rain. Well the Banner man says that he has killed up a snake in Salisbury, and that he intends to keep it hanging there until after the August election. It has been now, several weeks since this snake, this blind *Adder* was hung up and we appeal to the oldest inhabitants, if they ever knew so much rain in May and the first few days of June. The result has been most disastrous to the farmers—much of their wheat has been ruined—they can't plough; their corn fields are over run with grass, while the papers are constantly filled with accounts of the most awful storms and hurricanes. That it all comes from the blind Adder which Ellis and the Banner-man have hung up in Salisbury we presume no one can doubt. Ellis, take down that snake and let the people plough their corn. Join to chief of the Governor hanging up a snake in the midst of harvest!—*Little Ad.*

New Watering Place.—Bathing in Liberia may be very pleasant, but must be a little risky. A recent paper from the colony states that a negro woman, who went into the water for a bath, was suddenly "taken in out of the wet" by an alligator. The ferocious monster decapitated the colored lady without any dressing.

Party Tyranny.—Politics has arrived at that perfection in this State that no a gentleman refuses to give in his adhesion to the *platform* of "our party," right or wrong, he is branded as a disorganizer, a demagogue, traitor, &c. However, this does not apply to every man, for it is well known that the embodiment of democracy, one of the birds proprietors, in Warren county, *opposed* free suffrage, and still he is a member of "our party" in "full connexion" and in good standing. But let a poor devil who is not one of the "birds proprietors" bolt, and off goes his head.—*Southern Progress.*

THE FEMALE ORGANIZATION is often so full as that of a tender flower. Many of the sex enter into marriage relations without being able to undergo the labor and trials of maternity. In this way thousands of young and beautiful women are sacrificed every year from this cause alone. Hostetter's Celebrated Stomach Bitters will cure many of this class from an untimely grave. This medicine has been used with great benefit by immense numbers of people throughout the republic, and the proprietors have received grateful commendations from all sections of the country. The Bitters will be found to be very pleasant to the taste, even as a beverage, and prompt and powerful in its effects as a medicine. It infuses new vitality into the frame, and strengthens the whole system, so that women who are in ecstasy to go through with labors which would, without it, be certain to prostrate them.

Sold by all druggists.

FOURTH OF JULY.

A number of our citizens, including the Band and Rowan Guard, will be absent on the 4th; but there are a large portion of our citizens who will remain, and they want to observe the day with suitable demonstrations of respect; and they think that the town authorities ought to contribute for that purpose, and some of them have requested us to invite them to do so. We trust there will be nothing lacking to mark the day with becoming respect. We know there is a disposition on the part of individuals to take a hand in it. Fire-works have been ordered, and some other preparations made. Let a Speaker be selected, and the Commissioners encourage the movement, and we shall have a pleasant day.

MARRIED:

STOP THE MURDERER!!

$1,500 Reward!!!

WE the undersigned will give $1,000 for the apprehension and safe keeping of Dr. J. C. Chatham, (if taken out of the State) and $500 if arrested and safely kept (in the State.) The said Chatham stands charged with the murder of our brother Hillary B. Howell, in Upson County, on Friday evening, the 1st of June, 1860.

DESCRIPTION:

Said Dr. Chatham is about five feet nine inches high—slender made and walks with toes out and holds his body in a stooping position—he steps quick and walks on his toes—weight is about 140 pounds. He is about twenty-three years old and rather intelligent and prepossessing in his manners. He has long eyelashes, black hair and dark eyes and one artificial upper front tooth. A scar at the root of the nail can be seen across one of his thumbs, (we believe it is the left,) his complexion is rather florid and his manners are at times childish.

REMARKS:

Flour receipts are light, the stock on the market is sufficient for the demand, which is limited, and confined to sales, made for consumption.

Wheat, none coming in.

Corn arrivals are only fair, sales at quotations—large lots of prime white, would command a higher price.

Peas, no arrivals of R. Eye, Clay and Black are enquired after for agriculture, none in the market.

Flaxseed and Beeswax receipts are about over for the season.

Cotton, the stock offers but poor selections.

Staves are wanted, and sale readily.

THE NORTH CAROLINA

White Sulphur Springs,

WILL be opened for visitors by the 1st of June next: they are situated in a most healthy mountainous country, near the beautiful Catawba River, within less than an hour's ride of the present terminus of the Western N. C. Rail Road with which daily lines of Omnibuses and Stage Coaches connect the Springs. Private Vehicles and superior Saddle Horses will be at the call of guests. Bowling Alleys and a Billiard Saloon will be neatly fitted up. A fine Band of Musicians engaged by the season—Quadrille and Cotillion Parties each evening free of extra charge.

The Buildings are new and spacious, the pleasure grounds extensive, and in fine every thing wished for, as at the best watering places, will be found here to refresh the inner man and cheer the spirit. The extended reputation and the medical properties of the Waters (almost inaccessible before the completion of the Western N. C. Rail Road), now hail the sick and afflicted with a cordial welcome.

The experience of the Proprietor justifies the seeker of health or pleasure in anticipating a good time coming. The Proprietor has been at great expense in fitting up a watering place commensurate with the wants of the Confederacy and confidently rely on their generously fair encouragement.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are to harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most efficient alterative that can be made. It is a concentrated extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proved by experiment on many of the worst cases to be found in the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, BLOTCHES, SWELLINGS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR St. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many raging diseases are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and obscure sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it in sluggish and stagnant in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even those no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life diseased, there can be no lasting health. Be [illegible] the slightest error go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deservedly, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to direction on the bottle.
