THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., WEDNESDAY, OCTOBER 22, 1884. NO. 252

PLEASE NOTICE

We will be glad to receive communication from our friends on any and all subjects, general interest but

The name of the writer must always be wished to the Editor.

Communications must be written on on one side of the paper.

Personalities must be avoided.

And it is especially and particularly made stood that the Editor does not always endorse the views of correspondents unless so state in the editorial columns.

St. John claims that he will get 20,000 votes in Ohio in November. If he does the State will be sure to go for Cleveland.

A young lady named Holbrook, who started out as a stump-speaker in California, fainted away in her first attempt to malign the opposition.

The latest invention is an electric fan which is warranted "to lower the temperature of a room from 95 to 60 degrees in a few minutes."

The magnificent "First Spiritual Temple," which the Spiritualists of Boston are building in that city, is slowly nearing completion. It will have cost about $250,000 when finished.

Governor Cleveland is not an office-seeker. His is one of the rare cases where office seeks the man. It has sought Governor Cleveland several times and never been disappointed in the man. It will find him again on the 4th of November.

Notwithstanding the very extraordinary weather for cotton picking, the receipts are small. So far the crop has yielded only 989,078 bales, being 185,000 bales less than last year, when the entire crop was 5,700,000. It looks like a short crop; but yet the price remains low.

Somebody has previously remarked: "He laughs best who laughs last," and Mr. Cleveland's laughter when the ruddy leaves of November are falling will probably be so hearty as to disturb the nape of his neck, which the anatomical Republican organs assert measures six and a half inches across.

The electric light for use in the theatres is *rapidly* growing in favor in New York, several places of amusement having it in use. Its introduction is a serious loss to the gas companies, as about 35,000,000 cubic feet of gas are annually burned in about thirty of the largest theatres and concert halls of that city.

The astronomers at the Greenwich observatory announce that the star Arcturus is approaching the earth, and that it will smash things finer than toothpicks when it strikes. However, as it will not arrive here for 93,000 years, it should not be allowed to divert public attention from Blaine's record.

The rapid "way we live now," in intellectual as well as in more material directions, tells on the busy brains that guide the age. The latest worker that has been obliged to succumb is Professor Huxley, who has just been ordered by his physicians to take a long rest from all mental labor. Herbert Spencer, his companion in science, has for some time been obliged to reduce his mental work to a minimum. Huxley is fifty-nine and Spencer is five years his senior.

Mr. Arthur's quartet of laborers for him at the Chicago Convention have now all been fixed up. Hatton, ornamental, but inutile, is postmaster-general and can name the whole United States after him, if he wants to; Gilbert A. Pierce is made Governor of Dakota, George H. Sharpe goes on the Central and South American picnic taking along, as secretary of the commission, W. E. Curtis, another. What is to be done with Clint Wheeler, who did more for Arthur than all the rest? It is said that Internal Revenue Commissioner Evans thinks he could make a good judge.

There are some very interesting facts and figures connected with the elections in Ohio last week. As a matter of fact the Republicans failed to carry a majority of the votes cast. They have a plurality, but not a majority. The plurality over the Democrats is 11,321, but they fail of having a majority in the State by 1,126 votes. The official vote shows a poll of 780,373. In the Presidential election of 1880, the fullest vote ever cast before this election, it was 724,967. The Greenback and Prohibition vote together is 12,447. The Republican vote was 389,624. The Democratic vote was 378,303. The Prohibition vote was 9,510. The Greenback vote was 2,937. So the Republicans have no actual majority in the State, but have 11,321 more than the Democrats. In November, 1880, the vote showed 375,048 Republicans. There has been an increase of 14,576 Republicans in four years. In 1880 there were 340,821 Democrats. There has been an increase in the Democratic vote of 37,482 in the last four years. The net Democratic gain is about 23,000. A few more glorious victories like that in Ohio would land the G. O. P. where Dr. York wants to send the negroes.

Alarmist statements are made in England that India is on the brink of organized rebellion, fomented and backed by Russia. It is certain, says the London correspondent of the New York *Times*, that native Princes, during the last few years, have been forming armies which collectively outnumber the British forces, white and native, and it is known that many official reports have been received in Downing street pointing out the suspicious look of this fact. On the other side of the Indus Russian activity is maintained. A fortnight ago two official papers in Moscow published news that the hostility of the Khirgis tribes to the Russians had largely increased, and that Russian subjects had frequently been attacked. This is said to be merely a cloak under which might advance an immense body of troops from near the Afghan frontier. Meanwhile the Russian government is preparing to open two schools next Spring in which shall be taught Asiatic languages to official interpreters. This is considered by British residents of India to be ominus.

"Deeper than e'er plummet sounded" some people's coughs seem to come from, yet a bottle of Dr. Bull's Cough Syrup will cure them. It goes away down to the bottom of matters and works wonders. Pleasant to take and good for coughs, colds, croup, bronchitis, etc.

The receipts of cotton at this port to-day foot up 812 bales.

There have evidently been good rains somewhere in this section to-day.

There was a fine shower early this morning, and the dust was laid by the rain in our streets for the first time in several weeks.

General Scales will speak at Duplin Road on Thursday (to-morrow) instead of on Friday, as we misstated in Monday's issue.

We learn from the *Tradesman* that Mr. J. H. Stanley, of this city, is about establishing a creosote factory on the Ashley river, near Charleston, S. C.

The State Exposition is to be kept open until November 1st, instead of closing on the 28th inst., as was at first intended. Everybody should see it.

Rev. A. M. Conway and others organized last night a Missionary Baptist Church, on the corner of Ninth and Wooster streets, to be known as the Third Missionary Baptist Church of Wilmington.

It has been suggested, and with much propriety, we think, that the merchants close their places of business at 7 o'clock this evening, so as to allow their clerks to take part in the grand demonstration to Gen. Scales to-night.

One case of disorderly conduct was brought before the Mayor this morning and was dismissed. There was no other case before the Court, and there were no tramps lodged in the guard house last night.

A Week Longer.

In answer to numerous inquiries we would state that at a meeting of the Executive Committee of the State Exposition it was decided to keep open until Saturday evening, Nov. 1st. This will enable many to attend who would otherwise lose the gratification of the visit. It is believed that the railroad authorities will extend the cheap rate tickets so as to cover that date. We doubt not that the news of this extension of time will be hailed with pleasure

Not Our Fault.

We announced yesterday that the speaking last night would be from the newly erected stand on the corner of Third and Dock streets. The committee of arrangements, however, changed the place and the speaking was from a stand in front of the City Hall. We were not notified of the change at all, and, hence, were made to err in giving the location. We would be glad, if changes are made, to be notified of the fact, so that we may tell our readers just where the speaking will be.

I would not live alway, I ask not to stay, When ache after ache, doubles up every day. But since I've heard, what all have to say, That St. Jacobs Oil cures, I'll not go away.

Personal.

Rev. George Patterson, D. D., is in the city and will remain here for a few days.

Dr. and Mrs. Pritchard, of this city, were in Raleigh on Monday, the guests of Mrs. Swepson.

Mr. Thomas Radcliffe has returned from the Exposition where he has been for nearly a week past.

Col. John N. Staples took advantage of the opportunity and fine weather and rode down to the Sound with a small party of friends this afternoon. He will speak at Goldsboro to-morrow.

Hon. Alfred M. Scales, who by the grace of God and the votes of the people will be the next Governor of North Carolina, arrived in the city this morning and registered at the Purcell House, where he has been called upon during the day by many of our prominent citizens.

Maj. S. M. Finger, of Newton, Catawba county, Democratic candidate for Superintendent of Public Instruction, arrived in the city this morning in company with Gen. Sales, and also registered at the Purcell House. Hon. O. H. Dockery, who is *not* a candidate for Congress, but expects the votes of the Republican party of this District for that position, was in the city last night, and was present at the City Hall during the delivery of Col. Staples' speech.

The Rally To-Night.

It is hoped that the gallant Democracy of the County of New Hanover will rally in large numbers to-night to hear the address which is to be made to them by Gen. Alfred M. Slales, the next Governor of North Carolina. It will a be a grand occasion and one which should call out every Democrat in the city and county. It will be a gala night. Besides Gen. Scales, who speaks, we understand, generally one hour, we may expect a talk from Major S. M. Finger, our candidate for Superintendent of Public Instruction. The following programme for the occasion has been furnished us for publication:

The following Clubs will meet and form in front of the City Hall promptly at 7 o'clock:

Democratic Central Club.
First Ward Club.
Second Ward Club.
Third Ward Club.
Fourth Ward Club.
Fifth Ward Club.
Young Men's Progressive Democratic Club.
Young Men's Democratic Club.

The Cornet Concert Club will report to Chief Marshal at the City Hall at 7 o'clock sharp, where they will form and head the procession.

Chief Marshal—Alex. Adrian.

First Assistant Marshal—E. G. Parmelee.

Assistant Marshals—John G. Oldenbuttel, J. G. L. Gieschen, Martin Rathjen, A. D. Wessell, John H. Daniel, B. G. Empie, Robert L. Allen, Henry Gherken, W. C. VonGlahn, W. N. Jacobs, H. G. Walsh, J. H. Davis, W. C. Jones, W. H. Robbins, H. McL. Green, W. T. Barlow, E. G. Blair, Dan Quinlivan, Mike Carroll, J. C. Morrison, G. J. Boney, George Branch, J. C. Davis, O. A. Wiggins, Saml' Bear, Jr., W. W. Yopp, Timothy Donlan, Richard Klander, Duncan McEachern.

LINE OF MARCH.

The line of march of the procession will be as follows:

From the City Hall down Princess to Second, down Second to Market, up Market to Sixth, up Sixth to Mulberry, down Mulberry to Third, down Third to the stand in front of the City Hall.

Register now! Delays are dangerous.

Our Strategists.

There was a small audience at the Opera House last night to witness the rendition of the above named play, but those who were present had two hours of unalloyed merriment. The play is one of the very finest imaginable and was presented last night in fine style and the audience were kept convulsed with laughter from the beginning to the end of the performance. The small audience was undoubtedly attributable in a large measure to the fact that there was a political demonstration in front of the City Hall at which a large portion of our people were present.

Fine Music.

The organ recital at St. Thomas' Catholic Church to-morrow night promises to be one of the best musical entertainments ever offered by the amateur talent of this city. The pieces, both vocal and instrumental, have been selected with great care and with a view to musical excellence. The music selected for the organ is such as will best develop the beauty, power and richness of tone of the magnificent instrument, and the vocal selections will be very fine. We trust that a crowded house of appreciative ladies and gentlemen may be present to admire the rich musical treat.

Last Night's Speech.

The Democrats of New Hanover County have had the pleasure during the present campaign of hearing some of the best speakers of the party in the State upon the political issues of the day, but in very few, if in any, instances have they listened to a more able, elaborate, logical and entirely comprehensive discussion of the situation than was furnished them last night by Col. John N. Staples, Democratic candidate for Elector at Large.

The distinguished speaker was escorted from the Purcell House to the stand in front of the City Hall by a large procession composed of the different Democratic organizations in the city, many of the members being mounted.

Arriving at the stand, which had been moved from the corner of Third and Dock streets on account of the serious sickness of a young person in that immediate neighborhood, Col. Staples was introduced to the large and expectant throng in a neat and appropriate speech by Hon. A. H. Van Bokkelen.

Colonel Staples spoke for something more than two hours, during all of which time he had the undivided attention of his hearers. It was one of the most logical and forcible speeches thus far delivered here during the campaign and one that stamped the speaker as a profound thinker, a close reasoner and a polished orator. Our space will not permit us to give even a synopsis of his truly able effort, but suffice it to say, that it received the unqualified approval of all present and has endeared Col. Staples to the people of Wilmington, among whom he will always find a cordial and hearty welcome.

We understand that the first German of the season will be held in Rankin Hall to-morrow (Thursday) evening by members of the L'Arioso and Lotus Clubs.
