TEXAS.

GALVESTON, Nov. 10.—The impression is now gaining ground that not a soul was saved from the City of Waco.

Two vessels are searching for the boats of the Waco. Indications show that the fire was between decks. The theory of hope is that the passengers and crew may have left the vessels before the flames lighted the decks and became visible.

WASHINGTON.

WASHINGTON, Nov. 10.—Vice-President Wilson was taken suddenly ill at his room in the Capitol this morning His friends had serious apprehensions, but at 12 o'clock he was better and was removed to his room.

PURE lager beer, just received in ice from St. Louis direct. The following is the result of the analysis made by W. O. Conrad, Chemist of the United States Naval Laboratory, New York.

CONCLUSION FROM THE ANALYSIS OF THE QUALITY.

The quality of this beer, as shown by our analysis, is superior by its purenessas no extraneous matter could be detected. The large amount of extract substance (malt being used in extraordinary great quantities, which, having been roasted, gives the beer that peculiar flavor of fresh bread) makes this beer a very nourishing and highly recommendable drink for medicinal purposes. Another good quality of this beer is that it keeps in good condition under all circumstances.
