EXTENSIVE SALE OF VALUABLE NEUSE RIVER LANDS

On Thursday 28th day of December next I will offer for sale on the premises that valuable tract of land on Neuse River, six miles from Raleigh and adjoining the Milburnie Mills, late the property of Miss Elizabeth Hinton, deceased.

It contains 1,195 acres, 700 in timber but will be sold in separate lots of one to three hundred acres. There is at the homestead a great family dwelling in excellent repair, with necessary out houses, gin, stables, cribs and tobacco houses, situated on a hill overlooking the river with a noted spring of the coolest water at the foot.

It lies in and forms apart of the best cotton region in Wake county. A large part of the land is in virgin woods, the fire wood on which at the distance it lies from Raleigh will more than pay for the whole, while the contiguity of the Milburnie Saw Mills renders its abundant timber of oak, pine, hickory and poplar, of equal or greater value. As a stock range it is unrivalled in the county, and the water power known as the "Lower Falls" is equal or superior to that "Milburnie," and a seine beach which has been made to yield a handsome revenue. The neighbourhood is one of the best in N. C. their being churches and schools on every side. Taking everything into consideration a more desirable tract of land has not been in the market in this section of the country for years. Any one desiring to inspect the land can do so by calling on Robt. Seawell, Esq., on the premises, Henry Powell, Esq., or Henry Mordecai, Esq., can give any information necessary to guide purchasers.

It will be sold in lots of one to three hundred acres for one-third cash, balance in one and two years with interest. Title retained until last payment.

An accurate survey of the land can be seen at the law office of T. P. Devereux a few doors above the Yarbrough House.

The Great Medical Discovery

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

Bear testimony to the Wonderful Curative Effects

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

TAPE WORMS, lurking in the system of many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

PROF. O. HANDLER, of New York City, in a lecture delivered by him at Cooper Institute, March 19, 1870, said

"It is hardly necessary to enlarge upon the terrible accidents which have resulted from the use of petroleum. Almost every day we hear of them. It is stated to some that these are exaggerated; that these accidents never occur, and that you and I never had a friend burned to death—still we do have an enormous number of terrible accidents from petroleum. In the last seven months of 1869 there were fifty-five kerosene accidents in New York, resulting in twenty three deaths, eighteen serious injuries and fourteen slight ones. The total result for the year 1869, for the city of New York, which I myself have cut from newspapers, is fifty-two fatal accidents from dangerous kerosene, fifty severe and six slight; in all, 108 persons to my knowledge, from my own reading, have been injured by kerosene in one year."

"There has never been a single accident from the use of

Among the officers and directors will be found some but names of much high character and exalted integrity, as will be a guarantee, that the trust reposed in them will be honestly and faithfully kept.

With an ample Capital, moderate rates, Policies non-forfeitable after two years premium is paid—in fact with every advantage that can with prudence and safety be extended to policy holders, this company appeals with confidence to the people of North Carolina for patronage and offers them an opportunity to invest with safety in a most sacred cause.

A Board of directors will soon be established in Raleigh, who will supervise the investment of funds received in North Carolina.

This arrangement will keep in circulation a capital among our own people which has heretofore to a great extent been sent abroad to accumulate in the hands of strangers and enrich distant communities. Our conditions are so simple, and so liberal, that we confidently invite comparison with any company in the world.
