Ask for the Genuine

REYNOLDS' SUN CURED

And see that you get what you ask for

The largely increased demand for Sun Cured tobacco, created and sustained by the distinctive *quality* of the original Reynolds' Sun Cured tobacco, has encouraged other manufacturers to place on the market imitation brands and tags which are made to *look* so near like the genuine Reynolds' Sun Cured that unsuspecting chewers and dealers receive the imitations under the belief that they are getting the genuine Reynolds' Sun Cured tobacco.

Look close and see that the letters on the tag spell R-e-y-n-o-l-d-s' Sun Cured, and you cannot be deceived in getting what you ask for and *want*, —the best *value for your money* that can be produced from the genuine Sun Cured tobacco, grown where the best sun-cured tobacco grows.

ASK FOR "REYNOLDS'"

and see that you get the original and genuine Sun Cured tobacco.

It's like you formerly got, before Reynolds' Sun Cured was offered to the trade, costing from 60c to $1.00 per pound, and is sold at 50c per pound in 5c cuts, strictly 10 and 15 cent plugs.
