WHO WANTS A PIANO!

SEVERAL Patrons of the Concord Female College have requested my aid in securing good

PIANOS

for their use. This has induced me to make arrangements with some of the best manufacturers, which enable me to furnish instruments of the *first class* at reduced prices. I can save each purchaser from $40 to $100. Price lists of the manufacturers will be sent to those who desire them, to aid them in making selections.

When selections shall have been made the money can be sent to me, at my expense, by the Southern Express, and a Piano will be shipped to the Depot the purchaser may designate. Each Piano sold will be fully warranted. Address me at Statesville, N. C.

COPY RIGHT SECURED.

"A Calendar for the Christian Era, combining the Julian and Gregorian modes of reckoning time, by James Rumley, of N. C.

The subscriber having copy-righted this most valuable of all the "Calendars" ever before offered to the public, will be prepared in a few days to supply the demand for them to any extent.

Many attempts have been made, from time to time, to secure a Calendar, by which all the dates of the Christian Era could be accurately, and at the same time readily, found. These attempts have heretofore signally failed because the authors have sought to condense too much, and because they were really not conversant with the subject of which they treated, and which they vainly endeavored to elucidate.

I claim for the Calendar now presented, perfect simplicity of arrangement, combined with the most infallible accuracy. The plan is so simple that any one who can use an ordinary Almanac, or Counting House Calendar, cannot fail to see clearly into the working of it. *Time past, present or future can be immediately found.* Its accuracy will bear the test of the most rigid scrutiny. I invite criticism, and confidently appeal to an enlightened public judgment for a frank expression of opinion as to its merits.

To supply a want long felt, the author has appended to the Calendar, under the head of "Explanatory Remarks," a succinct but most valuable history of the Julian Calendar from the time of Julius Cæsar, and of the astronomical causes which led to the change made by Pope Gregory XIII, in 1582. These notes alone are worth the price of the Calendar.

If any object to the space the Calendar occupies, the objection is answered by the reply that any attempt, at condensation would be a sacrifice of simplicity, the fatal rock on which every previous attempt has been stranded.

Every professional man, every mechanic and farmer, all merchants and tradesmen should supply themselves with copies, at once. Price $1.

Agents wanted in every city and county in the United States.
