VOL. III. RALEIGH, N. C., TUESDAY, DECEMBER 17, 1867. NO. 112.

DAILY SENTINEL.

WM. E. PELL, Proprietor.

RESOLUTIONS AND PLAN OF ORGANIZATION ADOPTED BY THE VIRGINIA CONSERVATIVE CONVENTION.

RESOLUTIONS.

1. This Convention doth recognize that by the results of the late war slavery has been abolished. And it doth declare that it is not the purpose or desire of the people of Virginia to reduce or subject again to slavery the people emancipated by the events of the war, and by the amendment to the Constitution of the United States.

2. This Convention doth declare that Virginia of right should be restored to her federal relations with the Government of the United States; and that it is not in the contemplation of the people of Virginia to violate or impair her obligations to the Federal Union, but to perform them in good faith.

3. This Convention doth solemnly declare and assert, that the people of Virginia are entitled to all the rights of freedom and all the guarantees therefor, provided by the Constitution of the United States; and they insist on the same as unquestionable, and that the said Constitution, which all are sworn to support, does not justify the governing of Virginia by any power not delegated by it, nor ought she, under it, to be controlled by the Federal government, except in strict accordance with its terms and limitations.

4. This Convention doth declare, in the language of a resolution adopted by a public meeting, held at the Cooper Institute in the city of New York: That the policy which continues to subject the people of ten States of the Union to an irresponsible government, carried on by military power, is inconsistent with the express provisions of the Constitution of the United States, and is subversive of the fundamental ideas of our government and of civil liberty; and the object for which this great wrong has been persisted in, as now being disclosed to the people of this country and to the world, to wit: To subject the white people of these States to the absolute supremacy, in their local governments and in their representation in the Senate and House of Representatives, of the black race just emerged from personal servitude, is abhorrent to the civilization of mankind, and involves us and the people of the Northern States, in consequences of surrendering one third of the Senate and one-quarter of the House of Representatives which are to legislate over us, to the dominion of an organized class of emancipated slaves who are without any of the training, habits, or traditions of self government.

5. This Convention, for the people of Virginia, doth declare that they disclaim all hostility to the black population; that they sincerely desire to see them advance in intelligence, national prosperity, and are willing to extend to them a liberal and generous protection. But, that, while in the opinion of this Convention, any Constitution of Virginia ought to make all men equal before the law, and should protect the liberty and property of all, yet this Convention doth distinctly declare, that the government of the States and of the Union were formed by white men to be subject to their control; and that the suffrage should still be regulated by the States, as to continue the Federal and State systems under the control and direction of the white race.

6. That, in the opinion of this Convention, the people of Virginia will sincerely co-operate with all men throughout the Union, of whatever name or party, who will labor to restore the constitutional Union of the States, and to continue its government and those of the States, under the control of the White Race.

PLAN OF ORGANIZATION.

I. *A State Committee*, to consist of thirty-three members, nine of whom shall be located in Richmond, viz:

A Chief Director, who shall be chairman of the Committee, and shall, subject to its control, have the chief direction throughout the State of all matters relating to organization, registration and voting.

Eight Associate Directors, who shall be members of the committee, shall act as aids to the Chief Director, and shall, each, subject to his direction, have special charge of one Congressional District.

Twenty-four consulting members, three of whom shall reside in each Congressional District, and who may be convened by the resident Committee whenever, in their judgment, it shall be proper.

II. *A Committee for each County and City*, viz: A *Superintendent* for the *County* or *City*, who shall be chairman of the committee, shall act as aid to the Associate Director for the district, and shall, subject to his direction, have special charge of the County or city.

A *Superintendent* for each *Registration District*, who shall be a member of the committee, shall act as aid to the County or city Superintendent, and shall, subject to his direction, have special charge of his own District.

These local committees will be charged with the duty of maintaining the completeness and efficiency of the local organization. Shall advise the State Committee of any local matters requiring attention, and shall be specially charged with providing the means to defray necessary expenses.

III. *District Organization*:

1. The Registered Voters willing to act and to vote with the Conservatives, will be formed into "*Tens*," in each of which one member will be *Leader*.

2. Five *Tens* will be organized as a "*Fifty*" and to each Fifty there will be a *Chief*.

3. The "*Chiefs of Fifty*" will be chosen by the *Superintendent* in each *District*, will act as his Aids, and will each, subject to his direction, have special charge of his own *Fifty*.

4. The "*Leaders of Ten*" in each *Fifty* will be chosen by the *chief*, will act as his aids, and will each, subject to his direction, have special charge of the organization and supervision of his own *Ten*.

IV. *Organization how formed and kept up.*

1. The State Committee will be chosen by authority of the State Convention, and will maintain the organization by removing members, filling vacancies, &c., as occasion may require.

2. The County and City Committees will be chosen by popular meetings, or by County or City Committees already formed, and when chosen will supersede all other local committees. They also will have the power by removals, filling vacancies, &c., to keep up their organization.

3. In all other cases the officer appointing may remove, fill vacancies however occurring, and if any county or city shall fail to appoint a committee, the State Committee may make the appointment.

PLAN OF OPERATIONS.

1. All preparations for an election under the present system are so dependent upon the registration lists, that we must, if possible, place in the hands of every county or city superintendent the lists for his county or city, and furnish to each District Superintendent, Chief of Fifty and Leader of Ten, the list for his District. They can be printed and furnished at an expense to each officer not exceeding twenty-five cents.

2. The names on the Registration lists are numbered. These numbers should be attached to the names on all the rolls made of *Tens*, and care should be taken to see that each voter is registered by his true name. The time may come when in adverse hands the least variance may be fatal. Any mistakes discovered should be corrected when the lists are next opened for Registration.

3. As voters are enrolled in the *Tens* the fact should be noticed on the Registration lists, so as to indicate the Ten and Fifty in which each is enrolled. In this way attention is gradually concentrated upon those not enrolled, and the system of labor is systematically narrowed.

4. The voters who cannot be enrolled in one organization of Ten, as the election approaches, be divided up and assigned among the Tens for special attention. If they cannot be induced to vote with us, they may be persuaded not to vote against us.

5. It will be a constant duty of every Leader and member of the Tens to find out and report all persons in their District entitled to register who have not attended to that duty. There will be assigned to Tens, and each member will be charged with, the duty to see that all such persons are duly registered at the first opportunity, and that when registered they are enrolled in some *Ten*.

6. It will in like manner be the duty of all to report all persons who for any cause are, or have been held to be, disfranchised under the acts of Congress, and the cause alleged for such disfranchisement. Each case will be carefully examined, and whenever a doubt exists as to disfranchisement, the case will be submitted for re-hearing at the first opportunity.

7. Periodical reports will be required from Leaders of Ten, Chiefs of Fifty, District and County Superintendents, forms and blanks for which will be furnished, covering all the points upon which information is required.

THIS NEW TRUNK LINE FORMS A GREAT THROUGH ROUTE between Baltimore and Weldon, Warrenton, Raleigh, Hillsboro', Lexington, Salisbury, Morganton, Charlotte, Lincolnton, Goldsboro', Newbern, Beaufort, Wilmington, Chesterville, Camden, Columbia, Sumterville, Manchester, and all intermediate points on, and near these great Railways and their connections.

The Powhatan Steamers connect at Petersburg with Petersburg Railway for all points in the Carolinas. Cars are run alongside of Steamers' Wharf and goods transferred with careful handling. Cars are run through without breaking bulk between Petersburg and Raleigh, Charlotte, Goldsboro', Wilmington, &c. &c. This Inland Line possesses many advantages over a Sea Route. Marine risk is small and insurance is comparatively nothing. The Wharf of the Powhatan Steamers being situated in the very centre of the great shipping district of Baltimore, renders it convenient to shippers, and drayage is very small.

Great attention paid to consignments of Cotton, Corn, Wheat, Rosin, &c. &c. All produce forwarded at the lowest possible rates.

☞ To insure transportation over this Inland Fast Line, mark all goods, whether Northward or Southward bound, "Via Petersburg."

☞ Freight landed in Baltimore day following delivery to the Steamers.

Through Receipts are given and fixed rate per 100 pounds guaranteed both ways.

☞ Rates in every case same as via Bay Line and Portsmouth to and from Baltimore, Philadelphia and New York.

N. B.—With regard to last named points, freight is forwarded to and from Petersburg by Philadelphia and N. Y. Steamers.
