The Chatham Record

THURSDAY, APRIL 27, 1893.

LOCAL RECORDS.

—Best prices paid for Wool at O. S. Poe & Son's.

—O. S. Poe & Son have a beautiful stock of cheap dress goods, be sure to see them before buying elsewhere.

—O. S. Poe & Son, always the first to give their customers the benefit of a decline in prices, arbuckles ariosa coffee 25 cents a pound.

—We are requested to announce that Rev. C. T. Bland will preach in the Episcopal church at Gulf, on next Sunday at 11 o'clock.

—An octogenarian, named William Meacham, attended church at Rock Spring, near here, on last Sunday, for the first time since 1832.

—For monuments and tombstones of the latest and prettiest designs write to Robt. I. Rogers & Co., proprietors Durham Marble Works Durham, N. C.

—Dr. John H. London, of Raleigh, will be at Pittsboro' on the first Monday in every month and remain three days, prepared to do any kind of dental work.

—O. S. Poe & Son have the largest, as well as, the best assortment of Pant Goods and Gents' Hats to be seen in Pittsboro, and they are the cheapest, quality considered.

—On next Monday municipal elections will be held in nearly all the towns and cities in this State. At this place there is no interest, thus far, in the election to be held here and no candidates.

—If all the land that is advertised for sale next Monday is sold then, it will be the biggest sale ever known in Chatham. Nearly all the taxes, however, will no doubt be paid without selling much land.

—Dr. D. S. Harmon, the Russian optician, will arrive here in a few days and remain a week. Office at Mrs. Exline's. In another column we publish the opinion of the Wilmington *Messenger* concerning his qualifications.

—Dr. W. H. Edwards, of Wake Forest, will visit Pittsboro' on Monday and Tuesday following the third Sunday in every month; and will be at Moncure on the following Thursday and Friday, prepared to do any kind of dental work.

—A. G. Drake has opened a Harness and Saddlery establishment in connection with his carriage and blacksmith business, and has employed that experienced saddler, John Y. Webster, who will be pleased to serve his old friends.

—There was a light frost on last Monday morning, but it did no damage. While the 24th of April is quite late for a frost in this section, yet some years ago there was a killing frost on the 27th of April that almost destroyed all vegetation.

—Oh, these pretty hats, how they are selling! You can find just the one you want at W. L. London & Son's and Miss Burton does trim them with so much taste and style. If you wish any nice cheap goods you can find them in W. L. London & Son's immense stock.

—Have you seen it? What? Why, the stock of goods W. L. London & Son are now selling. Go to their store; it is crowded from cellar to garret, and they are the cheapest prettiest goods ever seen in Chatham. You will save money by looking at their stock before you buy.

A PRONOUNCING MATCH.—On Friday night of next week a "pronouncing" match will be held at this place. The two spelling matches recently held here were so much enjoyed that it has been decided to have a pronouncing match next. The price of admission will be only ten cents, and the proceeds will be contributed to Chatham's stone in the proposed Confederate monument at Raleigh. Instead of giving out words to be spelled, words will be written on a blackboard to be pronounced by the contestants, and the mistakes will be more amusing even than those in the spelling matches.

SUPERIOR COURT.—The next term of the superior court of this county will be held week after next, beginning on the 8th day of May. The presiding Judge will be Hon. Henry R Bryan, of Newbern, who held our February court and made so favorable an impression on our people. There is not very much business for court. On the criminal docket are 45 cases, and none of them of much importance, being indictments for misdemeanors and petit larceny. There is an unusually large number of prisoners in jail awaiting their trial, because they were not able to give bonds for their appearance. On the civil issue docket are only 23 cases, and none of them are of much importance. And on the appearance docket there are only three cases, which shows that there is very little litigation in Chatham. It does not speak well for a county when there are so many more criminal cases than there are civil cases, because it indicates that there are more crimes committed than there is business transacted among its citizens.

PERSONAL ITEMS.—Among the recent graduates at the College of Physicians and Surgeons, at Baltimore, was Dr. D. G. Beckwith, of this county, who had been there for nearly two years.

Mrs. A. P. McPherson, of Sanford, has been on a short visit to her old home at this place.

Miss Lida Drane has gone on a visit to friends at Clinton.

Miss Nettie Haughton has returned from Asheville.

The editor of the RECORD went to Newbern, on last Tuesday, to attend the Press convention, and will return Saturday.

Mr. W. R. Hunter and wife have been on a short visit to his old home at Neuse.

Mr. Thomas S. Lutterloh, of Fayetteville, made a short visit here this week. He removed from this county to Fayetteville 62 years ago, and is now one of that town's oldest citizens.

Dr. Charles Bland, of Charlotte, has been on a short visit to his grand father, Rev. C. T. Bland.

Mr. and Mrs. A. D. Lippitt and son are stopping at Mrs. Exline's. Mrs. Lippitt and son will remain here during the summer.

Mrs. Dr. John H. London, of Raleigh, N. C., is visiting relatives and friends at this place.

Mrs. O. S Poe has gone on a short visit to her daughters at Rock Hill, S. C.

Mr. J. M. Leach paid his family and friends, at this place, a flying visit this week.

State News.

New Berne Journal: Dr. W. R Capehart at one haul at his fishery on Albemarle Sound, last Friday, caught 6,583 shad—the largest haul that he has made in over twenty years. —1,000 boxes of green peas were shipped by steamer from New Berne to New York last Friday. They are worth $4 per box there.

Asheboro' Courier: A reliable citizen of Back Creek township vouches for the statement that a chicken was hatched on the farm of David Faulkner that has four well formed legs and feet, and is in every other respect well formed. Another hatched in the same nest had no eyes and no place or sign of eyes. Both chickens are living and doing well. Chatham Record will please take notice.

Sanford Express: Last Saturday night several negroes got into a row here, and while trying to make peace, old man Primus Holmes was shot in the knee by one of his sons. —A very valuable deposit of coal has been discovered on the land of Mr. J. G. Foushee near Glenn's Mills in Moore county. This deposit of coal is located right near the line of the Gulf & Glendon Railroad and is said to be a very large deposit. —We understand that the Southern Red and Brownstone Company will probably put on a night force at the quarry before long. The gentlemen in charge at the quarry are hustling things right along and are preparing some beautiful stone for the Northern markets.

Newton Enterprise: Mr. W. A. Drum had his ten year old son in Newton Tuesday, who from his birth has been afflicted with water on the brain and almost entirely helpless. His head is much larger than a grown person's head, and he is only beginning to have strength enough in his neck to hold his head up. But he has not strength enough to stand or sit upright. He passes his time either lying down or in a reclining position in a rocking chair. He has a bright cheerful face and his mind appears to be as fully developed as most children's of his age. —A gentleman in the western part of the county has an old clock which he had been trying for months to make run, but without success. On the day he heard of Cleveland's election he decided to give it another trial. It started off at once, and has never shown any signs of crankiness since. —There must have been a disgusted set of burglars in Conover one night last week. They broke into three stores, and the only thing they found that was tempting enough for them to take were seventeen cents in one store and a box of cartridges in another.

Carthage Blade: The two story residence on J. G. Foushee's Deep River plantation was destroyed by fire on the night of the 11th inst., the occupants barely escaping with their lives. At the time the upper floors were occupied by the general manager, chief engineer and staff of the Gulf & Glendon R. R. Co., and the lower floors by Thomas Mashburn and family. When discovered the flames had enveloped the wall and roof of one side. Mr. Edmunston, Sr., was badly burned about the face and hands. He was forced to climb from a second story window, alighting on the top of the piazza and sliding down a post. When the Mashburns got out and supposed that no one was left in the burning building, it was discovered that one of their small children was missing. Chief Engineer F. J Jones espied the child in the fiery furnace, and without a thought of his own danger, rushed through the smoke and flames and rescued the little one. It was quite a heroic act, and Mr. Jones was badly burned about the face and hands. The railroad men lost heavily—not saving as much as a suit of clothes. The books, charts and papers of the company were all destroyed. By hard work the other buildings on the place were saved. The injured were doing well at last accounts.

Heavy Snow in Minneapolis.

MINNEAPOLIS, Minn., April 22.—The rainstorm which prevailed here turned to snow, and today from eight to ten inches covers the ground and it is still falling, accompanied by a high wind. The streets cars are completely blocked, as the snow is damp and packs. Advices from points throughout the State from Dakota and Wisconsin indicate that the storm is general.

An Ancient Fabric.

Special to the Charlotte Observer.

CONCORD, April 24.—Mrs. Truman Chapman, of this city, has a very beautiful and valuable relic of "ye olden times" in the shape of a lady's skirt. It was made by hand, of a delicate texture, and is lined with wool. It is adorned with many pictures woven into the fabric—pictures of birds, fish, the lion and the unicorn fighting over the crown, and many other things. It has the date of its manufacture on it—March, 1749. Its color is old gold and the name of the weaver is woven into it also. This skirt has been handed down through her family since then from parent to child. It is about twice as huge as the hugest crinoline skirt of the present day, and is, indeed, a unique and curious article of apparel, judged by our modern eyes. It has been preserved very well and is now much stronger than many fabrics manufactured today.

A Cold Blooded Murder.

KNOXVILLE, Tenn., April 24.—A telegram received here tells of the murder of Thomas Tallent, in Monroe county. He was sitting in his room reading when some one fired through the window. The shot took effect in his head, killing him instantly. The coroner's jury held Q. B. Stopp guilty, and he was arrested and is now in jail. He is the brother-in-law of the dead man.

The murder is supposed to be the sequel of trouble between Stopp and his wife. She left her husband's house February 20th and went to her brother's house where she was present when the killing occurred. She asked for alimony some weeks since and divorce from bed and board.

A Suicide in Yadkin.

Special to the Charlotte Observer.

WINSTON, April 22.—Isaac Hutchins, a prominent farmer and merchant of Forbush, Yadkin county, committed suicide Thursday night by hanging himself with a rope. The body was found hanging by members of the family next morning. Financial trouble is supposed to have been the cause of the sad affair. A few years ago he was recognized among the substantial men of the county. Misfortunes, however, overtook him, causing him to make one or two failures. He was about 60 years of age and was one of the leading members of his Church, the Quaker denomination.

A Fiendish Deed.

Special correspondence of Wilmington Messenger.

FAYETTEVILLE, April 25.—A warrant was issued today for the arrest of Edmbro Scurlock, an old negro, on the charge of burning his daughter. The horrible deed was committed on Sunday at his home two miles south of this city. The old man is said to have saturated the clothing of the girl and the bed on which she was sleeping with kerosene oil and stuck fire to it, thinking it was his wife. The girl was horribly burned, and to night it is reported she is dead. Scurlock can not be found.

Cotton Killed by Frost.

JACKSON, Miss., April 25.—From all portions of the State comes the report that cotton is either killed or greatly injured by the recent cold spell and frost. There is time to replant, but the great trouble is that in many sections there is no seed. This complaint is almost general. Recent high prices paid for cotton seed had the effect of causing nearly all the surplus to be carried to market.

An Armory Destroyed.

CHICAGO, April 25.—The First Regiment armory, Sixteenth and Michigan avenue, was totally destroyed by fire this morning. Two men lost their lives. The loss to the State on arms, ammunition, etc., is not known. The property was insured for $40,000. The loss on the building, which cost $150,000, is a total loss.

Fined for Sabbath Breaking.

PITTSBURG, Pa., April 22.—Charles W. Heuston, business manager of the Pittsburg Press, appeared before Alderman Rohe today and was adjudged guilty of publishing a newspaper on four Sundays in January, four in March and one in April. He was fined $25 on each count. The complainant was the Law and Order Society.

A Tragedy in Louisiana.

ALEXANDRIA, La., April 22.—At Rosa station, St. Landrey parish, Charlton W. Harvard yesterday, in a quarrel, shot and seriously wounded Owen Heath. Russell and John Heath pursued Harvard with guns, and were themselves shot, Russell being killed and John fatally wounded.

Six Prisoners Escape.

MAYSVILLE, Ky., April 22.—Robert McNeely, watchman at the jail, while serving dinner today to the prisoners, was knocked down and six prisoners escaped and took to the hills.

All the suits against the Richmond and Danville Railroad, growing out of the wreck at Bostian's bridge, near Statesville, on the 27th of August, 1891, in which 22 persons were killed and 30 wounded, have been compromised.

All the strikers on the Union Pacific railroad returned to work last Tuesday.

Worth Locklear, a Croatan Indian, recently completed his medical course in one of the northern colleges and is now awaiting the meeting of the medical board in order that he may enter into the practice of medicine among his native tribe in Robeson county.

Dr. D. S. Harmon.

The Wilmington Messenger of February 5th, 1893 says:

"Dr. Harmon has made a good citizen in all respects since his sojourn in Wilmington, and he leaves behind him many friends who are sorry to see him take his departure. Professionally he has given very general satisfaction and he carries away with him testimonials from many of our very best citizens who have been his patients. A member of the Messenger staff can add his testimony to others as to the great benefit his eyes have received under treatment from Dr. Harmon. His treatment in this instance has given great satisfaction and we can cheerfully and sincerely recommend him to persons who desire the services of an experienced and successful optician."

If you have any trouble with your eyes, give me a trial and see what I can do. I have been in the State of North Carolina since 1887, and have 6,412 patients in the State. I claim I have made a success, otherwise I could not have stayed so long in the State, as it would not have supported me. D. S, HARMON.
