South Carolina Intercollegiate Contest Lasts Past Midnight.

Rock Hill, S. C., April 26.—The University of South Carolina won first place in the Intercollegiate Oratorical Contest here last night through her speaker, Mr. M. A. Wright. Mr. J. C. Hyer, of Wofford took second place and Mr. W. L. Feaster of Furman third. The judges were Messrs. John Gary Evans, Spartanburg, J. M. Spears, Dardington; P. A. Bonham, Greenville; A. L. Gaston, Cheste; J. M. Douglas, Davidson College.

Rock Hill has been alive today with college girls and gay colors and a great audience assembled this evening to hear the contest. Mr. W. H. Scott, chairman of the executive committee, presided and the Rev. H. W. Bays made the opening prayer. Songs by the College Chorus and Glee Club were a feature of the evening. Although it was after midnight when the speaking was concluded a brief reception was held in the college. A dance in honor of the visitors is being given in Friedheims Hall.

May Put in New Phone System.

Mr. Spears of the Southern Bell Telephone Company was here last Friday in response to many requests and complaints made in regard to the Southern Bell System at this place. Mr. Spears saw many of the business men and went over in detail with the Chamber of Commerce a proposition whereby Burlington can have a central battery telephone system, instead of the present magnet system. Mr. Spears says the battery system will be the same system that they are now using in Greensboro, Greenville and other towns.

The placing of this system will mean that all you have to do to call central is to take the receive fr m the hook and the operator very politely asks for the number. It will also mean that on duplex lines A can central without B's notice and that central can ring B without ringing A.

Mr. Spears proposition is that resident rates will remain the same as they now are until 750 stations have been secured for Burlington there now begin 520 and the increase being at the rate of about 40 new stations a year. Therefore, it would be four or five years before the increase resident rate would be affected and then the increase will be 50c a month. As soon as the battery system is installed the business stations will be increased from $3 to $3.50 a month and this rate cannot be increased until 750 stations have been secured for Burlington. When this number of stations have been placed the rate will be increased from $3.50 to $4 on special lines, and from $3 to $3.50 on duplex lines. This is the only opportunity that Burlington has ever had to secure a central battery system. This will give to Burlington, Graham, Haw River and Alamance County the very best of telephone service and it is very important that an effect be made to close this contract with the Board of Aldermen at once, as the Southern Bell state that it will take from twelve to eighteen months in which to install this equipment.

88 Removed.

Pittsburg, April 25.—The work of removing bodies from the Cincinnati mine of the Monongahela River Consolidated Coal & Coke Co., wrecked Wednesday by an explosion, progressived rapidly today. When darkness fell tonight 88 bodies had been taken out.

Officials of the coal companies stated tonight that it is their belief few other bodies will be found. It is possible, however, that the dead may number 116.

Most of the bodies recovered are in good condition. Until great masses of wreckage in a number of sections of the mine have been examined the total death list will remain a secret.

"A Heart and Head the Size of a Hickory-Nut."

(Waynesville Enterprise.)

Secretary Josephus Daniels seems to be taking a rather high hand in the matter of pie dispensing—a pastime for which he expressed the most extreme contempt when indulged in by those of an opposing party.

Somehow it does not stricke us as seemingly for a secretary of the Navy to be messing in matters of this kind. However, those who know Mr. Daniels. When it comes to politics it simply impossible for him to leave any part of the bossing to others of his party. It would be no suprise to us were he to roll up his sleeves and dive vigorously into Wake County matters. And too, he would feel more at home there othere, for the littleness of the maneven exceeds his ability. The bitterness and the narrowness which our Naval Secretary has displayed in the past could not by any possibility spring from a head and heart larger than a hickory-nut.

Minors Under 17 Not Allowed Cigarettes.

The last Legislature passed a law which requires minors who are seen smoking cigarettes to talk to the police officers and tell where they got the "coffin tacks." The law makes it the duty of every police officer of the State upon knowledge or information that any minor under the age of seventeen years is or been smoked any cigaretts, to inquire of such minor the name of the persons who gave or sold such cigarettes or aided or abetted such person or persons in giving or selling such cigarette, or the substance from which cigarette was made, to such minor as forbidden by law. Upon receiving such information from any such minor the officer is required fourthwith to cause a warrent to be issued for any person or persons in giving or selling any cigarette, or substance out of which such cigarette is made, and have all such persons delt with as the law directs. Any minor under the age of seventeen years who shall fail or refuse to give to any officer upon inquiring the name of the person or persons giving or selling him cigarettes shall be guilty of misdemeanor.—Concord Times.

Mrs Stedman Not Improving.

Greensboro, April 24.—Representive Charles M. Stedman left today for Washington, after spending last night in town, He came here from Beaufort yesterday, where he has been with Mrs. Stedman for the past several days. The many friends of Mrs. Stedman will learn with regret that she is not improving and that her condition is such as to cause grave concern to her relatives and friends.

Just as soon as possible, Major Stedman will leave Washington and will return to Beaufort, to bring Mrs. Stedman back home.

ENDS HUNT FOR RICH GIRL.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If they weak or ailing try them. 50 cents at Freeman Drug Store.

NOTICE!

Road Tax For 1913. Due.

The special road poll tax for the year 1913 is now due and payable until the first day of April.

Under the old the Treasurer was paid a small commission for collecting and handling this fund. And heretofore I have given that commission to those who looked after it in the different Townships. But now under the Salary law there is no provision made for any one to be paid anything out of this fund. Therefore, unless sone one will vounteer to collect without charge in the townships, I cannot put the books out, as has been my custom. According to instruction from the County Commissioners, the books will be at my office in the court house in Graham, and all persons desiring to pay will pay to me, unless they find some one else with the books.

Respectfully,
Albert J. Thompson,
Treasurer Alamance County
