THE SENTINEL.

CITY AND STATE ITEMS.

SATURDAY, NOVEMBER 13, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NOTICE TO DELINQUENTS.—There are a number of our subscribers in arrears for subscription, who have been notified by the red cross, but have not responded. We again give the warning and if not collected shall be under the necessity, however unpleasant, of erasing their names from the books. Everything is cash, now a-days, and no publisher can get along with a large number of unpaid subscriptions on his books. We hope our reasons will be appreciated by those affected by this notice. Money may be remitted at our risk, in registered letters, or at our cost by express.

We have only room to say we have several interesting new advertisements in the morning to which our readers are referred.

ATTEND THE SALE.—To-day at 12 o'clock the North Carolina Land Company will sell without reserve, the remaining lots unsold at the Cotton Place; in our opinion such another opportunity will hardly present itself for those of our citizens who desire to purchase a good building lot, and even those who do not need such to build for themselves, would make a good investment to purchase, and build cottages for rent. There is now and will be a greater demand for houses to rent, some urge the matter upon our monied men, merchants, &c. Think of these suggestions, for it is to the interest of all our citizens, that our city should grow.

DAMPIER CAUGHT.—Horse stealing has been the excitement in the country around Raleigh for several days past. The rogue was known, but escaped until yesterday, getting in the hands of the law. Mr. Blanchard, 14 miles south of Raleigh lost a horse on Wednesday night, got on the track and pursued him towards Harnett and overtook him yesterday, in the possession of the indefatigable Ed. Dampier, who attempted to escape by running into a swamp, got stuck in the mud and was captured. He was brought to Raleigh, yesterday, and regularly committed to jail to await a trial at next Court for horse stealing in three or four cases.

THE Y. M. A.—We publish to-day a report and appeal from the Young Men's Christian Association, to the citizens of Raleigh and the public generally, which we earnestly hope will arrest the attention of, and meet with a response from, every benevolent heart in the community. We see help'ess women and children every day, who, though willing to work, are unable to procure employment, and are consequently suffering from hunger and cold and want of clothing. "The poor ye have always with you, but me ye have not always," were the words of him on whom we rely for, and through whom we hope to obtain, the things desirable in this life and the life to come. Let us beware, then, how we ask his blessing on "our basket and our store" if we neglect the duties required at our hands in regard to those dependent on our charity for the necessaries of life.

TOO SHORT.—Our short hand neighbor over the way had several little inaccuracies in his report of the proceedings of the Stockholders' meeting on Thursday, some of which we would good naturedly point out. The name of *Giles* Mebane, President of the meeting is printed *Charles* Mebane; John *U.* Kirkland is reported John *R.* Kirkland; and the report represents the further consideration of the lease postponed until the next annual meeting of the Stockholders, whereas, it was indefinitely postponed.

THEATER LAST NIGHT.—Miss Laura Alexander, on the occasion of her benefit last night, was greeted with a full house, and the enthusiasm exceeded anything we have heretofore witnessed in Raleigh. We do not mean there was more *noise* than we have heard from the boys and the less refined part of audiences on former occasions, but that the applause was genuine and offered by the intelligent and appreciative. When she appeared on the stage a shower of boquets fell at her feet, which were acknowledged in a most graceful and winning manner.

She sustained her part well throughout, and many present regretted that the drama chosen for the occasion was not such as to allow her more scope for the exercise of the histrionic talent she undoubted possesses.

We congratulate Miss A. on her success; and our own and her native State upon the bright prospect for the future which her appearance last night promises, as an artiste of whom any State may be proud.

At the close of the piece Miss A. was called out and again saluted with cheers and profuse floral offerings. She expressed her thanks to the kind friends whom she claimed as "brothers and sisters" of her native State, in a few touching and graceful remarks, and retired amid redoubled and hearty applause.

Mr. Sam Ryan, Miss Fordyce, Mr. Crisp, and Miss Hawthorne, and other members of the Company sustained their parts so perfectly as to show they have not mistaken their profession.

To-night, will be the last of the season in Raleigh, at least for the present, on which occasion the inimitable Comedian, Mr. Samuel Ryan takes a farewell benefit. See advertisement.

For Coughs and Throat Disorders use "Brown's Bronchial Troches," having proved their efficacy during years of trial, we can confidently recommend them from the first, everything to those for which they are offered.

REV. HENRY WARD BEECHER.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION respectfully submit the following abstract of their operations during the last fiscal year commencing with last November:

They received from all sources in money, $1,137.75 besides several donations of wood and clothing.

Their disbursements have been as follows, viz:

275 Wards loads of wood, used each, $4, $1,100.00; 326 Rations of Meat and Meal amounting to $522.70. Special $5.60. Cost of Gas Fixtures and incidental expenses amounting in all to, $71.05.

These donations have been made to nearly persons representing the same number of families, nine tenths of whom were widows with children too young to be any help to them. They continued from all that we can learn from their heart rending complaints, as well as through our distributions are most deplorable. Many of them say that they could not possibly live without the little help we give them, poor as it is. This amounts only to about $1 a week to each family, as we have to be exceeding careful in giving, that we may be able to help them even with this little pittance through the five severe months of the year. During the summer we only give to those who are known to be invalids, and some few widows with large families of little children. In this way we have continued to help the worse cases and have not refused a single applicant for provisions when properly recommended by the distributors.

Our present mode of reaching the necessities of the deserving poor is the most efficient we have ever adopted. The city is divided into twelve districts, with a distributor in each, whose duty it is to know every applicant and if faithful cannot be imposed on by the vicious and unworthy. We are now trying to devise the means necessary for the approaching winter months, and with the certainty of high priced provisions, the sufferings of many of the poor must be very great. Freezing and starvation are fearfully threatened unless relief is offered by those whom God has mercifully blest with the means to alleviate their wants. To these we must look, and can only promise that we will do all we can in faithfully distributing their contributions. Could they only witness for them even the lamentable necessities of these poor fellow creatures and hear their unexaggerated complaints they would of their abundance grant the so much needed help.—We most gratefully return our thanks to all those who have enabled us to do what we have done in the past and can only hope they will continue to feel "that it is more blessed to give than to receive." Our collecting committee will wait on our citizens in person and will be happy to receive any contributions in money, provisions and wood, for the relief of the suffering poor through the approaching winter, and we can but hope that these applications will meet a cheerful response from all that are able to give.

Donations of wood, clothing or provisions, such as Meal, Meat, Rice, &c., will be thankfully received and judiciously disposed of.

In conclusion the Association most cordially invite the co-operation of all the young gentlemen of the city by joining the Association. The cost of membership is only $2 per annum; and we hope at no distant day to secure a Library of good books and other reading matter and thus contribute to the mental and moral improvement of our membership.

At the regular monthly meeting of the Association the following resolution was adopted:

Resolved, That the thanks of the Association be respectfully tendered to the Presidents of the North Carolina and Raleigh and Gaston Railroads, for kindly transporting wood for us at less than usual rates, thereby very considerably adding to our ability for the relief of the suffering poor of our city.

And Mr. P. F. Pescud and Mr. A. M. McPheeters were appointed to call on the city authorities and the citizens to contribute for the relief of the suffering poor of the city. These gentlemen will at once call on every citizen for assistance. They desire subscriptions for one month for five months from 1st Nov. Without a liberal response there must be great suffering in our midst.

Respectfully submitted.

FIRE CHAIR.—Passing the shop of Rufus Harrison & Bro. yesterday afternoon our attention was drawn to a very fine chair just finished off at their establishment for the Barbers, Patterson and Dunston, next door. It was a neat job and would do credit to any establishment.

By the way Harrison & Bro. have just received a supply of machine cut shucks for mattresses—a very superior article, which they will fill in to order in first rate style for those desiring something new and nice in that line.

ROCKY MOUNT FACTORY BURNED.—We learn from the Tarboro' *Southerner* that a private dispatch was received at that place late yesterday evening, giving the melancholy information of the loss by fire of the Factory of Messrs. Battle & Son at Rocky Mount. No details are furnished except that the building is an entire loss. Whether the work of an incendiary, or accidental, is not stated. Loss $50,00 covered by insurance to the amount of $25,000.

The Shivering Season

It is impossible to suppose that any human being can consider an attack of Fever and Ague a light visitation. And yet thousands act as if such a calamity was of no consequence; while thousands who are actually suffering from the distressing complaint neglect to adopt the certain means of cure. It ought to be known, in every locality subject to this scourge, or which is infested with remittent fever, or any other epidemic produced by malaria, that HOSTETTER'S STOMACH BITTERS taken in advance or at the commencement of the unpleasant season will fortify the system against the impalpable poison which generates these disorders. The adaptation of this invigorant—harmless, agreeable, and possessing rarer medicinal virtues than any other tonic at present known, will break up the paroxysms of intermittent or remittent fever in from forty-eight hours to ten days. Such is the unanimous testimony from districts where periodical fevers have been encountered with this powerful vegetable Chalybeate. In a thickly peopled neighborhood when men bar their doors and windows, yet manage to say if the same neighborhood happens to be pervaded by some poison they seldom take the trouble to put their bodies in a state of defence against the enemy—a premature victim succumbing in vain to make our rest the bands over the fire, or contending with the fever that follows the chill, remember that HOSTETTER'S BITTERS is an absolute, speedy and reliable remedy for every shivering ague.

Consumptive New Englanders not dying of fast enough to please their relations, have invented a new method of hastening the inevitable hereafter. Whenever one story out another to death by the usual coughing.

THE
MASON & HAMLIN ORGAN CO.
WINNERS OF THE
PARIS EXPOSITION MEDAL,
WHO HAVE OVER THREE HUNDRED AWARDED
HIGHEST HONORS
At Industrial Exhibitions in this
COUNTRY,

So that their work is the acknowledged standard of excellence in the department, respectfully announce that, with extensive and perfected facilities, and by the expensive use of recent improvements they are now producing yet more perfect organs than ever before, in great variety as to style and price adapted to all public and private uses; for Drawing Rooms, Libraries, Music Rooms, Concert Halls, Lodges, Churches, Schools, &c. in plain and elegant cases, all of which they are enabled by their unequaled facilities for manufacture to sell at prices of inferior work.

The recent improvements in these Organs have so increased their usefulness and popularity that they are unquestionably the most desirable instrument to obtain also for family use as well as Churches, Schools, &c., while the prices at which they can be afforded ($80 to $1000 each) adapt them to the means and requirements of all classes. They are equally adapted to secular and sacred music, are elegant as furniture, costly as to cases, are not liable to get out of order, (not requiring tuning once where a pianoforte is tuned twenty times), are very durable, and easy to learn to play upon.

The M. & H. Organ Co. are now selling FOUR OCTAVE ORGANS for $30 each; FIVE OCTAVE ORGANS FIVE STOPS, with two sets of VIBRATORS for $125, and other styles at proportionate rates.

For testimony to the superiority of their Organs, the Mason & Hamlin Organ Co. respectfully refer to the musical profession generally, a majority of the most prominent musicians in the country, with many of whom their Organs have for years been exclusively used, and to the public generally in all sections.

A circular containing this testimony in full with the latest awards and prices, sent free. Descriptive circular, containing full particulars of the different styles and the lowest prices, which are fixed and invariable. Address,

For Gent's, Boys and Children. Pull off your old summer hat; it's too late to wear it now; style is changed; in fact, a new hat looks best, anyhow. Call at Creech's corner and examine, before you buy a new Hat.

SHOES! SHOES!

One among the largest and best assortments in the City. Come pull off your old shoes, throw away those that are worn out, and put on a new pair. Keep your feet dry, and preserve your health. Always come to Creech's before you go.

Ladies and Misses' Hats! Hats!

No use to talk. The style is fashionable. Spring and Summer styles are out of vogue; so go to CREECH'S. HE ALWAYS KEEPS THE NEW STYLES.

LADIES' BONNETS.

Some small enough; some large enough; some trimmed; some untrimmed. It won't do you any harm to call at Creech's before you buy.

CLOAKS AND SHAWLS.—A Fine Assortment.

Now don't you think you had just as well step over to CREECH'S, and look. Probably you will save time and money. In fact, this is just the very place to get the worth of your money; and permit me to tell the people, that when they visit the City, to COME TO CREECH'S, for thousands who have come, acknowledge the truthfulness of my assertions.

I have more to say to you, but will tell you the balance at my place of business.

A. CREECH.
