Doctor Develops Home Treatment that

RINSES AWAY BLACKHEADS

HELPS DRY UP ACNE-PIMPLES . . .

QUEEN HELENE MINT JULEP MASQUE 15 MINUTE HOME TREATMENT MUST SHOW IMMEDIATE IMPROVEMENT OR – YOUR MONEY BACK!

A leading New York Doctor, working with a cosmetic laboratory, has developed a simple home treatment that rinses away blackheads, helps dry up acne pimples, and shrinks enlarged pores. The name of this medicated product is QUEEN HELENE MINT JULEP MASQUE. Apply this delightfully Mint-Scented Cream and within 2 or 3 minutes an absorbing agent called Argilla, dries and turns this cream into a plastic-like masque. You will now feel as though hundreds of "tiny fingers" are kneading the skin, loosening pore-caked dirt, blackheads, and other foreign impurities. As it firms and hardens, its suction action draws out waste matter from the pores. . . In 15 minutes you simply rinse the masque away with lukewarm water which dissolves it immediately. When you wipe your face, you can see that blackheads and other pore "filler" actually come off on your wash cloth. And your skin feels clean . . . really clean . . . refreshed, smooth like velvet. Women 35 and over will enjoy the skin tightening experience as the masque relaxes tired facial muscles and eases tension lines on face and throat. If you suffer the agony of blackheads, acne-pimples, and enlarged pores, give yourself this home treatment and see the breath-taking results. Ask for it by name, QUEEN HELENE MINT JULEP MASQUE.
