## CITY AND STATE ITEMS.

THURSDAY, NOVEMBER 25, 1869.

☞ THOS. S. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

DR. THOMAS H. TURNER having returned to his old home, offers his professional services to the citizens of Hillsboro and vicinity. 5w

GEN. DOCKERY AT THE CAPITOL.—The address of Gen. Dockery at the Capitol last night was listened to by a very large audience. The old "war horse" spoke in his great bold and independent style, and showed that he was not seriously frightened at the recent threats of the *Standard*, but was disposed to perform his duty in the position he occupies as a member of the Penitentiary Board, in a fearless and an honest manner. He claimed to be a Republican, and told his party friends some wholesome truths, and some which, perhaps, they did not relish very well.

He stated that $28,000 of the $50,000 appropriation for the Penitentiary, had already been used, and a further amount drawn on to purchase supplies. He invited investigation into the manner in which the Board had performed their duties, and insisted that further appropriations must be made, or the work would soon have to stop.

We will allude further to the remarks of Gen. Dockery hereafter.

THAT WET COTTON.—We are requested to say that the affair of the wet cotton, noticed by us a few days ago, has been adjusted in all the cases except the one bale from this county. The following explanation is given:

The person who attended the gin where the cotton was picked, being inexperienced, sprinkled the cotton, as he states, to lay the dust in the lint room, and thinks he sprinkled too heavily, without intending it. The probability is that he had an eye to the turn out, in order to render his gin popular. He has given a sworn certificate that the owners of the cotton had no hand in it or knew anything about it. They have come forward like honest men, returned the money they received for the cotton, with all expenses of its transportation. Of the Wake county case nothing has been done yet. We hope for the honor of our county and the prosperity of our market, that this, too, will be satisfactorily arranged.

"GOD IN THE OCEAN," is the subject of Prof. S. Adams Lee's Lecture at Tucker Hall, on Friday night, instead of Thursday night, as we had it in yesterday morning's issue. The Ladies of the Memorial Association have been indefatigable in the holy cause in which they have engaged, of giving sepulture to the Southern dead who fell in the struggle for southern independence; and in ornamenting their last resting places. They ask the co operation of those who sympathize with them in their labors. To further the object they have in view, that of erecting a monument to the memory of our Southern heroes and to beautify and keep in order the cemetery where they sleep, Prof. Lee has, at their solicitation, consented to deliver the Lecture, as announced above, the proceeds of which go into the funds of the Association. The Lecture will be well worth the admission price, independent of the considerations we have alluded to, and, surely, both combined will draw together a crowded audience on Friday night.

The doors will be opened at 7½ o'clock, the Lecture will commence at 8. Tickets for sale at all the Bookstores.

CHILD ASTRAY.—A little boy, son of Mr. J. G. Bromell, eight years old, has strayed off from his home and is wandering about the city. We are requested by his father to notify the public not to harbor him or to encourage him to continue from home.—The police are requested to take him up, if found, and return him to his father.

FATAL AFFRAY.—We learn from the *Journal* that two negroes got into a fight, on a plantation near Wilmington, on Tuesday morning, when one struck the other a blow on the head with a stick of wood, knocking him senseless, and it was thought by the physician the stroke would prove fatal.

Self Advertised.—PHALON'S VITALIA OR SALVATION for the Hair carries with it its own best advertisement. As the light shines through the bottle you see that the liquid is clear as the azure of heaven. You smell it and find the odor agreeable. You apply it and it changes gray hair to any natural shade without soiling the scalp or producing headache. Nothing can be more harmless.

GOING TO WILMINGTON.—We see it announced in the Wilmington papers that the popular Principal of the Deaf and Dumb and the Blind Institution, of this city, W. J. Palmer, Esq., will visit Wilmington with a number of his pupils, sometime during the coming month, for the purpose of giving an exhibition of the manner of instructing this unfortunate class, and the very gratifying results that may be strained in the efforts for their improvement. None of our Wilmington friends, who may witness the exhibition, will fail to be interested and amused, as well as instructed.

ON ACCOUNT of the great number of wonderful cures of chronic and inveterate cases of SCROFULA, DYSPEPSIA, LIVER DISEASE, KIDNEY AFFECTIONS, GENERAL BAD HEALTH, &c., made by the *celebrated* "KOKOO," it has won the enviable reputation of being the best and most popular medicine ever discovered. It is daily prescribed by physicians and recommended by scores throughout our best citizens. For sale by Druggists and Merchants everywhere.

Ladies suffering from any disease peculiar to their sex, can be restored to health by using Dr. LAWRENCE'S "WOMAN'S FRIEND." It purifies the secretions, and restores the system to a healthy condition.

Capt. Wm. A. Forrest, brother of Gen. Forrest, shot and killed Col. John S. Smith at Mafitt, Alabama, a few days ago. Smith was advancing upon him with a knife. Forrest has not been arrested.

### OPENING THE CAMPAIGN.

An esteemed friend in Onslow who digs his taxes out of the ground, writes inviting us to that county for a speech at the next spring term of Onslow Superior Court.—We wrote informing him that our present campaign was not yet over and we could not engage for a new one until the present was closed. Next Tuesday we will be at Tailkinville, provided, the old gentleman who invited us, two months ago, does not forget it and be for us at Salem. Friday we close the campaign at Ashboro, in Randolph county. We have had a pleasant campaign, made many new acquaintances, learned much of our people, their sentiments, mode of living and cultivating the soil. We have not answered one in ten of the calls we have had to address the people, but, Providence, the Ku Klux and Leagues permitting, we expect to answer some of them next year.

GEN. STUBBS.—We had the pleasure of a visit from our friend General Stubbs, who is President of the Williamston and Tarboro Railroad. The grading of this Road began the first day of June last, and is now completed except about two miles. The iron for the whole track, from England, is lying at Portsmouth awaiting transportation.

This speaks well for Gen. Stubbs and Gen. Lewis, the Superintendent of the Road. This road was built by means of State bonds disposed off before Littlefield began to manipulate them.

ROGUE SHOT.—We learn from the *Observer* that a negro named John Frank Parks, was shot by policeman Wm. Taylor, while attempting to bore into the store of M. W. Alexander, in Charlotte, on Monday night. The shot took effect in the back, and was pronounced by the surgeon, Dr. McCombe, to be fatal. The negro said he was trying to get into the store to get some money he knew to be in the money drawer.

We would call the attention of our citizens to the liquors kept on hand by our enterprising young friend, G. T. Stronach, as being the purest and best in the city. Also the attention of the trade is called to his advertisement in which he agrees to sell at Northern market prices.

BID SALE.—The Wilmington and Manchester Railroad, workshops, foundries, and fixtures, are advertised to be sold at public auction, at the Court House door in Wilmington, on the 5th day of January next. If N. C. special tax bonds will be received from bidders, this offers a fine opening for investment to some of "our folks." Perhaps it would be well to recall Mr. S. T. Suit from Florida, and put him on this speculation. (?)

ISREDELL COUNTY, Nov. 20th, 1869.

HON JOSIAH TURNER JR.

*Dear Sir:*—I take it from what you say in the SENTINEL that you are not aware that Treasurer Jenkins has not answered the injunction filed against the Limebed Rail Road, his answer is that he will abide the decision of the Court.

The Treasurer of the Road has not answered and will not do so until next Spring Term. They have ceased to work on the Road and many are determined they shall not begin, unless the Supreme Court will overrule his own decision.

Keep up your blows; but for Turner and the SENTINEL we should have been irretrievably gone. Yours,

IREDELL.

SANDWICH ISLAND SUGAR.—American planters are largely engaged in sugar culture in the Sandwich Islands, and the prolific yield thus far gives encouraging prospects. Up to September 13, the sugar exported since January 1st amounted to seven thousand seven hundred and eighty tons, and for molasses seven hundred and thirty-one tons, making a weekly average export of produce from the plantations of two hundred and ten tons of sugar and twenty tons of molasses, or a total average for thirty-seven weeks of two hundred and thirty tons. Fifteen millions five hundred and sixty-one thousand pounds of sugar and two hundred thousand gallons of molasses for the period named is no trifling business, and must be taken into account in calculating the supply needed for consumption on the west coast and in Utah, where upwards of 250,000 pounds have been sent within a few weeks. According to the Honolulu "Gazette" the crop of sugar for 1869 will reach fully 20,000,000 pounds, and that for 1870 will amount to 22,000,000 pounds. The Hawaiian Government have an emigrant agent in Yokahama, whose business it is to secure Japanese laborers for the sugar plantations, and a considerable number have been sent out, but thus far the supply is inadequate on account of unfavorable reports in Japan respecting the hardships of the service.

### THE SUEZ CANAL—THE OPENING CERRMONIES.

All our latest news is to the effect that the Suez Canal is a great success. In spite of all that has been said to the contrary, the world is now convinced that the waters of the Mediterranean and the waters of the Red Sea have been brought together, and few are disposed to doubt that navigation, even on the part of ships of heavy tonnage, is now more than possible. The Empress Eugenie and the magnates of all lands that could be crowded into forty vessels have in eight and a half hours passed safely and successfully through the first half of the canal and reached the grand central depot, which is to all time to come to bear the Viceroy's name. Ismailia has now commanded attention quite equal to Port Said, and we are no longer permitted to doubt that the forty vessels, and others besides, will without much difficulty make their way to the Gulf of Suez.

Meanwhile the festivities continue. Ismailia has been grander than Port Said. Suez will be grander than Ismailia. At Suez the arrangements are such that the Arabian Nights' entertainments will be not only eclipsed, but made forever henceforward unmentionable. In a few hours more we expect to learn that the voyage has been successfully accomplished, and that the dream of the Pharaohs, the Ptolemies, the Alexanders, the Cæsars, has become a fact. We wait with hope and confidence.—*New York Herald.*

We regret to state the Dwelling House, Kitchen and Smoke House, with all their contents, belonging to Mrs. Sarah Shuford, in Transylvania county, were burned on the evening of the 5th inst. Our informant states that between one and two thousand dollars in money were burned or stolen.—Mrs. Shuford and her three sons were left without a change of clothing, money or provisions, and are now in every destitute circumstance. It is not known whether the fire occurred from accident or the torch of an incendiary.—*Asheville News.*
