VALUABLE

SPRINGS PROPERTY

FOR SALE.

I WILL SELL, ON THE PREMISES, TO THE highest bidder, on WEDNESDAY, 18th Day of May, the Celebrated Watering Place, the

SPARKLING CATAWBA SPRINGS,

formerly called "North Carolina White Sulphur," situated in Catawba County, North Carolina. Attached to the Springs are

350 Acres of Good Land,

A fine Large Storehouse, Photograph Gallery, Tailor and Shoe Shop. The buildings are composed of FOURTEEN COTTAGES, consisting from two to six rooms, each well arranged for families, two large, three-story buildings, and one large building for Dining Room, Ball Room, &c. Rooms large and pleasant, and buildings ample to accommodate three hundred or more visitors. Having spent over $30,000 in furnishing the buildings and improving the property, it is now in a good condition. Good Ten-Pin Alleys, Bath-Houses, and other necessary outbuildings. The waters are composed of

WHITE SULPHUR, BLUE SULPHUR AND IRON,

the Medical properties of which are not excelled, and a more lovely, healthy and delightful watering place is not to be found.

All the stock, furniture, &c., will be sold and possession given immediately, or on the day of sale, in order that the purchaser may open the Springs for Visitors by June 1st. Ice has been put up for the season. $20,000 will be required in cash, the balance on a credit of 12 mo ths. A finer opportunity for a profitable investment is seldom offered.

Take the Western and Morganton Railroad at Salisbury to Hickory Station, from which point the Springs are six miles distant, over a beautiful well-shaded road. Please come and examine the property.

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP,

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump [illegible] gallons of water per minute, will never rust out the packing, [illegible] friction, no water ever stands in the pipes to freeze, and is less liable to get out of order than any other pump now in use. It can be set up in a short time by any ordinary mechanic.

The No. 2 pump for yard use will be sold at from $30 to $40, capable of throwing 20 gallons of water per minute. The price of No. 3 for railroad stations, throwing 40 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having contracted a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by express C. O. D., or hold them ready to ship, by the express freight. The number of feet to the gallon of the pump must be given in all orders.

JOHN R. RITCHIE.

Goldsboro' Feb. 9, 1870.

Wilson, N. C., March 24th, 1870.

MR. J. R. RITCHIE:

Dear Sir: We hereby test the "Balding Pump" you put in use on the farm of Hastings Hall and I pronounce it a perfect success. They have been tried in every kind of way, and have never failed to throw water at any and every time, and I have seen them throw water at least 40 feet and should every occasion or need of it.

WALTHAM

WATCHES.

THE EXPERIENCE OF THE USE OF THESE WATCHES for the last entire years of Railway Conductors, Engineers, and Expressmen, the most exacting of watch wearers, has thoroughly demonstrated the strength, durability, speed, and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to double the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people, a proof and a guarantee of their superiority over all others.

The energy, organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as I alone who buy any other watch, mostly pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices to jewelers, than the company before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking, originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pin of peculiar construction, to prevent injury to the train by the breakage of main springs, is original with the American Watch Company, which, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and becoming the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or hatchet watch, is already acknowledged and pronounced by the trade to be the most reliable stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watches have not been adopted, and where with the above question, it may be convenient which, and of more accuracy, convenience, durability and economy, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Aug. Watch Co.,	Waltham, Mass.
American Watch Co.,	
Crescent St.,	Waltham, Mass.
