SEPT. FOREIGN TRADE UNDER THAT OF AUG.

Total for Month is $456,201,567 Decrease of $34,000,000 For Month August

WASHINGTON, D. C., Nov. 6.—American exports in September totaled $456,201, 567, according to a statement issued to-day by the bureau of foreign and domestic commerce, of the department of commerce. This is a decrease of approximately $34,000,000 compared with August, but again of $80,000,000 as compared with July. For the nine months ended with September the total exports were $4,607,817,178, a gain of $657,000,000 over the similar period in 1916.

Imports also fell off, the total being $236,898, as compared with $270,509,379 in August. The total imports for the nine months ended with September were $2,282,794,503, a gain of $450,000,000 over the corresponding nine months in 1916.

The imports of gold in September totaled $4,171,535; the exports $31,332,396. For the nine months ended with September the imports of gold were $528,332,442 and the exports $348,968,514.

Imports of silver in September are announced as $5,796,320 and the exports as $10,465,079. For the nine months period, silver to the amount of $33,050,102 was imported, while the exports totaled $62,233,662.

RAILROAD WAR BOARD DIRECTING EFFORTS GOOD COAL SUPPLY

WASHINGTON, D. C., Nov. 6.—The railroad's war board is now directing efforts to the work of insuring an adequate coal supply for domes and industrial uses of coal in all sections of the country. While a greater supply of coal has been mined and shipped than ever before, the difficulty today is that the consumption all over the country is greater than ever before.

The railroad's war board has received reports indicating that the efforts of the railroads and coal shippers to prevent the threatened coal shortage in the northwest during the coming winter have been more successful than seemed possible during the summer. With five weeks or more left before the close of navigation on the Great lakes, 23,348,100 of the 29,000,000 tons, which it was estimated will be required, have already been sent to the northwest.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful anpearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
