South Carolina Heart Association Selling Golf Passport Books

Coupons for rounds of golf at 26 Grand Strand area courses, including six in Brunswick County, are included in the 1994 American Heart Association Golf Passport Book.

The association's South Carolina affiliate is selling the books for $50 each, or four for $175. The coupons do not pay for golf carts, and there are some restrictions as to when the coupons may be used.

Brunswick County courses included in the book are Brick Landing, Brierwood, Ocean Harbour, Ocean Isle Beach, Sandpiper Bay and The Pearl.

Other Grand Strand courses are Beachwood, Buck Creek, Burning Ridge, Cherry Hill, Colonial Charters, Conway, Cypress Bay, Eagles Nest, Gator Hole, Heron Point, Indian Wells, Indigo Creek, Northern Pines, Quail Creek, River Hills, River Oaks, Rolling Hills, Sea Gull, Wedgefield and Whispering Pines.

In all, the book includes 109 coupons and features 53 South Carolina golf courses.

Proceeds from the sale of the books will benefit the American Heart Association's research, education and community service programs.

Books can be purchased at the heart association's Myrtle Beach office at 1601 North Oak Street. The office is open weekdays from 8:30 a.m. until 12:30 p.m. and 1:30 p.m. until 4:30 p.m.

REPEAT DIALING
End the Pain of Redialing Busy Numbers
How many times have you dialed a number only to hear a "busy" signal? So you sit there and dial again. And again. And again.
With REPEAT DIALING, you simply dial a code and your phone dials the last number you called. If the line is busy, REPEAT DIALING continues to dial until it gets through, then lets you know it has.
With REPEAT DIALING, you don't have to sit by the phone to keep dialing. REPEAT DIALING does it for you.

CALL RETURN
End the Annoyance of Missed Phone Calls
How many times have you rushed to a ringing phone—dripping wet from the shower or with a path of groceries strewn behind you—only to hear dialtone?
With CALL RETURN, all you do is dial a code and your phone dials the number of the party who last called you. No more frantic rushes to answer the phone or wondering whether that missed call was the sweepstakes or Prince Charming.
End the annoyance of missed phone calls with CALL RETURN.

PREFERRED CALL FORWARDING
Don't Leave Special Calls When You Leave Home
You're away from home for the evening. You want to make sure that your sister can reach you by phone but you don't want all those calls—solicitations, etc.—to be forwarded. How do you do it?
With PREFERRED CALL FORWARDING, you decide which calls follow you and which calls will ring at your regular number.

CALL TRACE
Tame Those Harassing Calls
Harassing, threatening or obscene telephone calls make us all feel very vulnerable. If only you could trace those calls back to the originator and report the telephone number to the police.
With CALL TRACE, you can. Simply dial a code after you receive a harassing call and the telephone number of the caller is printed out at the telephone company. The information can be turned over to the police for investigation.
CALL TRACE gives back your right to privacy, peace of mind and a good night's sleep.

PRIORITY RINGING
Don't Drop Everything Whenever the Phone Rings
Everyone has people they always want to hear from: family, close friends, business associates, kids, grandchildren. But how do you know these "favorite" callers are calling *before* you answer the phone?
With PRIORITY RINGING, your phone rings with a distinctive pattern every time you get a call from someone on a special list that you prepare. All other calls ring the normal way.
And if you have CALL WAITING, you will hear a distinctive call-waiting signal when your "favorites" call when you're on the phone.
With PRIORITY RINGING, you'll know by the ring that it's someone you want to talk to.

CALL SCREENING
Tame Those Unwanted Calls
Are there some calls you'd really rather not answer? With CALL SCREENING, you can list the specific phone numbers you do *not* wish to receive calls from. When calls from these phone numbers come in, they will be answered with a recording. And you can add the last number that called to your list even if you don't know who it was.
CALL SCREENING helps ensure your privacy.

Also available, CALLER ID, you can decide which calls to answer with CALLER ID. A special display unit attached to your phone displays the calling number.
