THE HEADLIGHT.

Goldsboro, N. C., April 20, 1899.

LOCAL NEWS.

All track in this section is at least two weeks late this season.

We do not think from what farmers say that the acreage in rice will be as large as last year.

The first ripe strawberries of the season were shown us Saturday by Mr. D. F. Kornegay from his truck farm in Brogden township.

There were only two white marriage licenses issued this week—L. B. Dail to Miss Sadie Martin, J. E. Freeland to Miss Martha Thigpen.

An entirely new registration is required for the coming city election. The new registration books are now open. See that you are duly registered.

We are glad to see the nice pavement being placed in front of the Bank of Wayne. The streets of Goldsboro will in a few years, like the past one, be excellent.

Mr. and Mrs. John Derr have the sympathy of their friends in the decease of their infant, which sad event occurred Monday morning, at their home in Eastern Goldsboro, after a short illness.

The infant daughter of Mrs. E. E. Page departed this life at the residence of Mrs. C. F. Taylor, Thursday afternoon, aged nine months. The interment was made in Willow Dale cemetery Friday afternoon at 4 o'clock.

Mr. R. A. Watts, Jr., who has been conducting a watch and jewelry repairing establishment at Kingstree, S. C., has returned to his home in this city and opened a repair shop at his old stand in the store of Smith & Scott, on Walnut street.

The date for the May Music Festival by the Goldsboro Choral Society is set for the 9th ult., when the sacred opera "Athalale" by Mendelssohn, will be rendered at the Opera House here. A great treat is in store for our music-loving citizens.

The time is out to-day for all parties who have heretofore connected their sewerage with the surface sewerage to disconnect or pay a heavy fine. The Board has given everybody time enough to connect with the regular system of sewerage.

Mr. W. T. Hodnett and family, who a few months ago moved here from Martinsville, Va., left Monday for Clinton, where Mr. Hodnett will engage in the tobacco business. Their many friends here wish them much success in their new home.

The Democratic ward meetings, for the nomination of candidates for Aldermen, will be held next Monday night. The voters of the First Ward will meet at the Armory, Second Ward at the Court House, Third Ward at the Opera House, and the Fourth Ward at Creech's store.

We deeply sympathize with Mr. and Mrs. W. A. Wooten in the death of their infant daughter, aged three months, which occurred Friday afternoon at their home in this city. The remains were taken to LaGrange Saturday afternoon for interment in the family plot in the cemetry there.

The Scientific Chemical Company, on Ashe street, is one of the new enterprises of our city. Mr. G. A. Norwood, Jr., is President and Treasurer, Mr. F. W. Farries is Chemist and Manager, and Mr. J. W. Stanley, Secretary. "Koch's Disinfectant" is a specialty of theirs—one of the most powerful disinfectant known, and it is meeting approbation and ready sale everywhere.

After a full four years course in the University of Maryland School of Medicine, at Baltimore, our young friend and townsman Dr. Samuel Edwards, son of Mr. L. Edwards, graduated with high honors from that institution last week, winning a leading prize and being awarded the position of first assistant resident doctor at Bayview Hospital, for two years at a good salary. The HEADLIGHT extends its hearty congratulations to Dr. Edwards in his well-deserved success.

At the Democratic city convention in the Opera House Monday night, Mr. Joseph E. Peterson was renominated for Mayor by a vote of 299 out of 495 votes cast. His opponents were Messrs. John H. Hill, and F. W. Hilker, who received 142 and 54 votes respectively. Mayor Peterson was the recipient of many congratulations on Tuesday. He said to one and all of them that the people of Goldsboro have been very kind to him, that he was gratified at their confidence, that he should do his best for Goldsboro for the next two years and would not again be a candidate for Mayor.

Superior Court convened in this city Monday with Judge Brown presiding and Solicitor Pou at the helm. The following constituted the grand jury for the term: Messrs. G. Copeland (foreman), Hiram Grantham, L. H. Price, Jr., J. J. Scott, J. W. Downing, S. E. Johnson, W. R. K. Butler, J. W. Mitchell, W. H. Burch, L. W. Mitchell, Thomas Hinnant, J. J. Roberts, A. J. Casey, J. M. Daniel, H. B. Simmons, Eli Sasser, W. A. J. Peacock, N. D. Gurley. The only case of importance disposed of was that of the negro Eugene Scales, who, on Tuesday evening, was sentenced to twenty years in the penitentiary for entering the bedroom of Miss Rebecca Langston, one night recently, the negro submitting to a charge of burglary in the second degree. The criminal docket closed yesterday evening.

We are glad to see our Mayor out again after a week's confinement with grip. Jim says that he is not very anxious to have another attack of it.

Capt. B. A. Hallett is erecting a nice little residence on the lot he recently purchased from Mr. H. G. Williamson. Mr. D. C. Summerlin is also having a residence built just opposite the new depot.

Mr. H. G. Williamson left Monday morning to make business calls at all the points between here and Wilmington and to establish local agents at each place for Messrs. C. F. Love & Co., Chicago, and Mr. John F. Ehlers, New York.

ARRESTED ON A SERIOUS CHARGE.

Sheriff F. W. Hargett, of Onslow county, arrived here Friday night and took in custody a young white man named William A. Sandlin, who was arrested at the Goshen Grove crate factory, near here, Friday and was brought here and placed in the guard-house for safe keeping until the next morning.

He was arrested on a warrant charging him with assault and battery with a deadly weapon a few weeks ago in a difficulty with Mr. L. G. Atkinson, the railroad agent at Verona, on the Wilmington and Newbern Railroad. Sandlin cut Mr. Atkinson across the throat with a knife and came dangerously near killing him. Mr. Atkinson was laid up quite awhile, and he is just getting able to be out again.

After making the murderous assault on Mr. Atkinson, Sandlin made his escape and has been working at the crate factory until his arrest.

A Woman Causes Murder.

James Hutchins, a constable of Norfolk county, Va., is a prisoner in the county jail at Portsmouth upon the charge of murder. Robert J. Shaw, a clerk in the Seaboard Air Line Railroad offices, is his alleged victim. Particulars of the shooting are meagre. It is understood that Hutchins, returning home unexpectedly Sunday afternoon, found Shaw there and shot him twice, one bullet entering the heart, while the other penetrated the brain. Immediately after the shooting Hutchins surrendered to a justice of the peace and was locked up in jail. Shaw, who is 27 years old, is a native of Littleton, N. C., and leaves a wife and five children. Deceased was a son of Mr. Jesse Shaw, the proprietor of Shaw Springs, near Littleton. The shooting is said to have been caused by Shaw's visits to Mrs. Hutchins.

Hard on Tobacco Pinhookers.

A ruling has just been made by the Commissioner of Internal Revenue that has created consternation in the loose tobacco markets everywhere. His decision holds that a dealer, after receiving tobacco from a farmer is required to pack it in hogsheads, cases or bales before offering it for sale to another person. A large number of dealers in North Carolina and Virginia markets buy exclusively from farmers at their barns, haul it to market, and sell it on warehouse floors. Oftener they buy after the tobacco is unloaded at the warehouse and resell without moving or rehandling the piles. Many thousands of pounds change hands this way daily, and the custom which has been in vogue for thirty years was stopped Monday by agents of the revenue department as illegal. It works great hardship, and Congressional representatives are being called upon to secure at least a modification of the harsh ruling, which is all in favor of the American Tobacco Company, for whose benefit, we suppose, it was passed.

Spring News From Billville.

Miss Mollie Jinkins lost her snow-shoes and blizzard muffler at the picnic yesterday.

Some of our boys who were in the Third Georgia have returned home in the fourth blizzard.

We learn that Rufe Williams, of the Forks, who has been Marching in our midst, will also April with us.

Our venerable pastor's ears were frozen while he was mixing spring lemonade at the picnic, yesterday.

It was impossible to keep the meeting house warm last Sunday—even with two stoves and a good sermon on "Hell"

This winter is very severe on the peach crop; but we may confidently expect watermelons after the coming June blizzard and a possible July snow.

Our people in this settlement have very little sympathy for the Filipinos. They ate up three fat missionaries that we sent to them in good faith.

We have lined and padded our linen duster with three army blankets, and we are going to insist that it is spring if we freeze in the attempt.

This is the coldest weather since the day we received $2 on subscription and an earthquake swallowed our office whole, and saved us the trouble of paying rent.

The ice is breaking in the river in cracks that are big enough to accommodate a number of corks. We understand that Col. Williams landed three catfish and two box-cooters Tuesday.

Bishop O. P. Fitzgerald will preach the annual sermon at the approaching commencement of Littleton Female College. Rev. T. N. Ivey will deliver the literary address and Rev. J. S. Williams will preach the sermon before the Young Ladies Missionary Society.

Weekly Crop Bulletin.

During the week ending Monday, April 17, the first spring-like weather of the season occurred. The conditions were extremely favorable for farm work and the growth of crops and bright skies and better prospects encouraged active work everywhere. Tuesday (11th) was rather cool with frost, which, however, did but little damage, but the temperature then rose rapidly, culminating on Friday in maximum readings over 80 degrees, while the mean for the week averaged about 4 degrees above the normal. Dry weather prevailed until Saturday night, when light showers fell which were not injurious. Frost occured again Monday morning (17th), chiefly in the central west section; the damage, if any, cannot be reported until next week. The amount of sunshine was abundant, and under its influence vegetation made rapid progress. Forests, however, still show the unusual lateness of the season.

Although very much behind in their work, farmers accomplished a great deal this week. The soil has dried out and is generally in good condition except on lowlands where it is too wet.

Plowing is progressing rapidly and gardens are being prepared and planed in all sections. Planting corn is proceeding actively, especially in southern and eastern sections, and early planted is coming up nicely. Preparations for cotton are underway, but no cotton has been planted except a few patches in Richmond county. Tobacco-plant beds have improved, and while the plants are small they are abundant and are now growing nicely. Wheat and oats have improved somewhat and appear to be branching well, but evidently have a poor stand generally. Spring oats are coming up; sowing continues in the west. Truck crops in the east look more thrifty; potatoes are doing well; beans are up; asparagus is being shipped. Pastures are late but clover is growing rapidly. Some rice has been planted in northern coast counties. Fruit undoubtedly has been seriously damaged, peaches are not all killed; apple and cherry trees are in full bloom now, and also strawberries. Small shipments of strawberries began this week from the east.

A Bankruptcy Case.

The first partnership bankruptcy case in this Judicial district was argued at Raleigh Saturday for Stevenson & King, of Smithfield. On it the Court made the following rulings, which are of general importance: First, that in all matters affecting personal property exemptions the State law, as construed by the State Supreme Court, must govern; second, that in partnerships, consent of each partner is necessary before personal property exemption can be set apart to the individual partners out of partnership assets.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and $1.00. Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at J. H. Hill & Son and all drug stores.

Providence never makes a misdeal, but it is hard to make some people believe it.

Mortgage obligations in Cuba will be extended another year.

The Samoan commission will sail from San Francisco next Tuesday for Apia.

The Duke of Arcos has been appointed Spanish minister to the United States. Consulates have been created at Havana and Manila.

ASK YOUR DOCTOR!

Ask your physician this question, "What is the one great remedy for consumption?" He will answer, "Cod-liver oil." Nine out of ten will answer the same way.

Yet when persons have consumption they loathe all fatty foods, yet fat is necessary for their recovery and they cannot take plain cod-liver oil. The plain oil disturbs the stomach and takes away the appetite. The disagreeable fishy odor and taste make it almost unendurable. What is to be done?

This question was answered when we first made

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites. Although that was nearly twenty-five years ago, yet it stands alone today the one great remedy for all affections of the throat and lungs.

The bad taste and odor have been taken away, the oil itself has been partly digested, and the most sensitive stomach objects to it rarely. Not one in ten can take and digest the plain oil. Nine out of ten can take SCOTT'S EMULSION and digest it. That's why it cures so many cases of early consumption. Even in advanced cases it brings comfort and greatly prolongs life.
