Our New Attorneys.

Before the Supreme Court of North Carolina a few days ago the following University men were examined and granted license to practice law: W. J. McSorley, of the '94 Law class; J. N. Pruden, ex '95; T. D. Bryson, ex '95; R. E. L. Watkins, C. D. Bennett, Thos. H. Long, A. H. White, Guthie, ex '94, S. S. Jackson, A. B. 86, of the '95 Law class; and E. S. Battle, ex '93. Of these all except the last named took Dr. Manning's course.

I am glad to give the editor of the TAR HEEL the following information. The General Athletic Association includes two departments only—foot ball and base ball. It seems to be attending fairly well to its duties along these lines—at least the captains and managers have worked hard. The Tennis Association is a separate organization and will doubtless respond pleasantly if punched up.

Every effort has been made to interest the students in gymnasium work. It is apparently the most unpleasant duty they have to perform and the one most shirked. The Athletic Committee will allow no Field day or Track contests unless the men entering for them train at least two months. Last year and the year before Track Captains were appointed without result. The student body must take this matter in hand for the future.

As to the committee on athletics, you are correct as to its composition but entirely wrong as to its turning out teams, etc. It makes no effort to turn out teams. That lies quite beyond its province. It is not a creature of the General Athletic Association but of the University. It has control of all athletic contests at the University or away from it so far as the advisability of their taking place, date, etc., are concerned. The Athletic Association has also requested it to supervise the accounts of its managers and treasurers. Beyond this, its functions are advisory. It is always willing to help in any possible way but declines respectfully the responsibility of turning out teams or of supplying enthusiasm and push for the various sports.
