EXCELLENT TOBACCO LAND AT AUCTION

TO BE SOLD

Wednesday, October 24th 10:30 A. M.,

RAIN OR SHINE

The Tom Mills Farm at Old Ford

Seven miles north of Washington, subdivided into 30-40 and 50 acre tracts, to be sold to the highest bidder on unusually easy terms—¼ cash, balance 1-2-3-4 years.

This farm is located within 15 minutes walk of a good graded school. Every tract has a splendid road frontage. Now is the time to buy farm land. Tobacco land in Beaufort County may still be purchased at a most reasonable price.

In Wilson couniy, within a radius of 10 miles of the city of Wilson, cleared land is selling at $200 to $300 an acre. Woodland is selling for $100 an acre. The sole reason for this high valuation is the nearness of that land to the Wilson tobacco market.

The Washington tobacco market is increasing in size every year. Land values are bound to increase. Property bought now can be held for only a short time and can be sold again at a splendid profit.

The Farm to be Sold Wednesday 24th

Is as fine tobacco land as can be found in Beaufort county. Free lunch to all who attend the sale and good music by our band of accomplished musicians. For further information regarding this wonderful opportunite, see or address the following parties.
