PROF. CHANDLER of New York City, in a lecture delivered by him at Cooper Institute, March 19, 1870, said:

"It is hardly necessary to enlarge upon the terrible accidents which have resulted from the use of unsafe kerosene; you have only to read the newspapers from day to day to see them. It is stated by some that these are exaggerated; that these accidents never occur, and that you and I never had a friend burned to death; still we do have an enormous number of terrible accidents from petroleum. In the last seven months of 1869 there were fifty five kerosene accidents in New York, resulting in twenty-three deaths, eighteen serious injuries and fourteen slight ones. The total result for the year 1869, for the City of New York which I myself have cut from newspapers is fifty two fatal accidents from dangerous kerosene, fifty severe and six slight, in all 108 persons to my knowledge, from my own reading have been injured by kerosene in one year."

J. H. HORNER, R. H. GRAVES, } Associate Principals.

THIS SCHOOL which has been for the last twenty years under the exclusive charge of J. H. Horner, will henceforth be conducted under the joint supervision of the above principals, with competent assistant instructors in every department.

The course of study has been extended, and boys will be thoroughly fitted for advanced classes in College, especial reference being had to the qualifications requisite to admission into the Senior classes in the University of Virginia, of Washington Lee University. The letter of which has again conferred upon the school the honor of a scholarship in that institution.

A regular course of study in Natural Sciences, Commercial Science and the Modern Languages has been added to the school for those students, who, desiring to acquire only a complete business education may wish to substitute these studies for Latin and Greek.

No pains will be spared to render the instruction in the school efficient and to furnish to students the most ample facilities for thorough preparation for College or for the acquisition of a good business education; and the principals flatter themselves that their long and successful career as teachers is a sufficient guarantee that the school will be in all respects worthy the public confidence and support.

The Spring Session will open the second Monday in January.

Circulars containing terms and full particulars furnished upon application to either of the principals.

BEST FAMILY GROCERIES

they would respectfully invite the citizens of Raleigh and the surrounding country to give them a call.

We have determined to keep a first class Grocery. Our motto is to sell good wholesome goods at low prices, and we determined that home shall be our market.

We hope our friends will give us a trial and if we do not treat you right, then don't trade with us.
