A. BALDIN'S

PATENT GLASS SUBMERGED DOUBLE-ACTING FORCE PUMP.

SUBSTITUTED FOR A FIRE ENGINE.

This pump, will pump from 30 to 150 gallons per minute according to size and depth of well, will never cut out the packing, the cylinder and valves being glass. No water ever stands in its pipes to stale or freeze, and it is less liable to get out of order than any pump in use. Is suitable for deep or shallow wells, can be set up by an ordinary mechanic in a short time. Having the exclusive right to manufacture this pump for North and South Carolina, I will receive and give prompt attention to all orders at Wilson, N. C.

The depth of well or cistern must accompany all orders if I furnish the pipe. Also, sufficient reference or the money unless shipped by Express C. O. D. These pumps are warranted to give satisfaction if set up by directions sent with pump. Circulars forwarded upon application.
J. L. KITCHIN, Wilson, N. C.

CERTIFICATES.

WILSON, N. C., Jan. 25, 1871.

J. L. Kitchin, Esq.,

Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods since March 1870, and we are free to say, that they are in every way satisfactory, there is no indication of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pump to the careful examination and use of the public.

Jas. L. Woodard, B. F. Briggs, Sh'ff.

WELDON, N. C., Feb. 2, 1871.

I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.
E. M. PETERSON.

WELDON, N. C., Feb. 1, 1871.

Mr. J. L. Kitchin,

Sir: In reply to your enquiries in regard to the pump that you put into my well, I have to say that it continues to work remarkably well. By attaching the hose I bought of you, I can throw water entirely over my house. The coldest weather we have had did not affect its working. Respectfully, yours,
T. A. CLARK.
