Prof. Edwards Joins Staff of Music Dept.

Mr. Thomas Edwards is our voice teacher this year. He is a native of Ohio and a graduate of Oberlin College Conservatory of Music. For three years he was tenor soloist with the Oberlin Glee Club, which makes an annual tour of approximately two thousand miles. This past June he won the tenor divising of the annual Eistefford (well—singing) contest. In regard to Elon he says that he was surprised at the number of buildings and equipment.

Mr. Edwards is pretty much of a baseball fan and favors the Cincinnati Reds. When asked about his views on swing music, he said, "Well, I'm not particularly bothered by it, although I did go 150 miles one night to hear Benny

New Type For M & G

To celebrate the return of the MAROON AND GOLD, the college newspaper goes to its readers with new, additional type. Known as "nine-point Excelsior" with "nine-point Memphis bold," this type is one of the most recent creations of Mergenthaler Linotype Company, set on a 10-point slug. It is considered one of the most legible type-faces ever designed, and one of the most popular for newspaper use. As last year, the linotype material is being furnished by The Caswell Messenger at Yanceyville, North Carolina.

V. M. I. Rated As Up To Last Year

Elon Team Left Yesterday

When the starting whistle blows this afternoon at 2:30 P. M. in Lexington, Virginia, the 1938 football season of Elon College will have officially begun, with Virginia Military Institute furnishing the opposition. The Elon squad has been working hard in preparation for this game and despite the inexperience of the new recruits, they can be depended on to give a good account of themselves.

Coach Hendrickson has assimilated the largest squad to ever don uniforms for the college and with training and seasoning, some of the new recruits will give the older players some heavy competition for the first string. At this time there are approximately fifty members on the squad with nineteen of them being students who have played on the squad last year.

Last year Shelton, the same one who is in the backfield this year, was flinging the passes which helped defeat V. M. I., 12 to 6. Of course Abbitt and Bradley are not here to be on the receiving end of these passes. There are several boys on the team who were in the last V. M. I. game and who have learned something of the Keydets' style of football. The Militarists weren't expecting much
