The Republic Life Insurance Company has for its two fundamental ideas, safety and home investments; or the investment of funds in localities where the same are secured. Its purpose is, to make the Company so strong in Character and Capital as to secure the confidence of the people and thus while they live here in it, to have the investments made through its branch organizations in their own midst, and so save the immense drain upon the West and South, amounting to millions annually, for Life Insurance Premiums.

To accomplish this, it has made its capital Five Millions, 20 per cent. paid in; and distributed in the hands of leading influential men in all parts of the country. It secures thereby influence, business, and a supervision of the same, that will make it better and safer than any similar company in the land.

Upwards of Four Millions of the Stock has been taken, over one and a quarter millions of this stock is held by capitalists in New York, Philadelphia, Baltimore, St. Louis, Cincinnati and Atlanta, Georgia and the remainder of the subscribed stock by Chicago, and other Western towns and cities.

On the first day of July last the DeSoto Mutual Life Insurance Company of St. Louis consolidated with the Republic, and will hereafter be known as the "DeSoto Department" of the Republic. This Union, provides for a continuation of the business on the somewhat modified plans of the Republic; whose simple and correct business principles will commend themselves to all interested, among which, this is prominent. So much Insurance, for so much money.

In order to provide for the Policyholders of the DeSoto Mutual, and give them the additional security of the capital of the Republic, the Policies which they now hold will be exchanged for Policies in the DeSoto Department of the Republic.

At a meeting of the Trustees of the North Carolina State Board held on the 1st inst., a committee was appointed to examine into the condition of the Republic since the great fire at Chicago, and the following is their report:

RALEIGH, Nov. 13, 1871.

To the President and Director's of the N. C. Branch of the DeSoto Department of the Republic Life Insurance Company.

The undersigned, a Committee appointed to investigate the financial condition of the Republic Life Insurance Company, respectfully report that they have performed the duty devolved upon them by examining the circulars and reports issued from the office of the Company at Chicago since the great fire on the 9th of October, and other papers submitted by Maj. W. J. Anderson, Agent, and they are satisfied by the exhibit made in these papers that the Company is a large and entirely solvent corporation and they are further of the opinion after their investigation, that the interest of the Policy-holders of the DeSoto Mutual Life Insurance Company has been advanced by the union of that Company with the Republic.

Respectfully submitted,

DR. TUTT'S

EXPECTORANT FOR COUGHS, COLDS, &c.

For the speedy relief and permanent cure of Consumption, Bronchitis, Asthma, and all diseases of the Lungs and Throat.

The Expectorant is composed of Herbal and Mucilaginous products, which permeate the very substance of the Lungs, causing them to throw off the acrid matter which collects in the Bronchial tubes, and at the same time forms a soothing coating, relieving the irritation which produces the Cough. It is active, but mild and congenial, imparting functional energy and natural strength. It affords Oxygen to vitalize the Blood and Nitrogen to assimilate the matter, equalizing the nervous influence and producing quiet and composure. For the Croup it is specific.

DR. TUTT'S

VEGETABLE LIVER PILLS.

For the cure of Liver Complaint, Dyspepsia, Jaundice, Fevers, loss of Appetite, Affections of the bladder and Kidneys, Nervous Diseases of the Skin, Indigestion, Impurity of the Blood, Sick Headache, Costiveness, Giddiness, Piles, Bilious Affections, and Female Diseases.

These Pills are invaluable to all who suffer from any of these diseases. By their judicious use the bowels are kept in a natural condition of good health. They do not act as a mere temporary relief, but keep the human system in a sound and vigorous state, by really and almost imperceptibly cleansing it of all impurities. They tone and invigorate both the physical and mental organization.

Dr. Tutt's Liver Pills are purely Vegetable, containing not a particle of Mercury, and may be taken at all times, without restraint of diet or occupation.

CAROLINA PUMP COMPANY.

SOUTHERN INVENTION.

Home Manufacture.

Submerged Glass Cylinder Double-Acting Force Pump.

PATENTED AUGUST 1869, BY A. BALDING

The undersigned, having the exclusive right to manufacture and sell the above Pumps in North and South Carolina, have associated themselves together under the name and style of the "Carolina Pump Company," and having established their Manufactory at Fayetteville, N. C., are now prepared to furnish Pumps at short notice. Science has at last triumphed in the production of a Pump admirably adapted for Wells and other purposes, that will force water any depth or height, which, by attaching hose, at once becomes a long Fire Engine of great power, throwing 30 to 150 gallons per minute.

This Pump combines simplicity and durability, in which the water will never freeze or become stale, as the cylinder and valves are submerged, and no water remains in the pipe when the Pump is not in operation. The Pumps works almost incredibly light, always bringing the water fresh and sparkling from the bottom of the well; and there is no friction, the cylinder being glass, the packing cannot wear or cut, the valves being round, made of flint glass, working on gum seats, can neither wear or jam. These Pumps are peculiarly adapted for supplying tanks in upper parts of dwellings, factories, hotels, bathing saloons and for railroads, streets, gardens, distilleries &c. They can be attached to steam or water power.

Any ordinary mechanic can put them up by printed directions always sent with the Pumps. We have hundreds of testimonials from persons who have used our Pumps, who express great satisfaction; in fact they are a success and will sustain all we claim for them.

Buy one and save fire insurance. Special attention given to all orders. The entire depth of well must accompany each order.

SHERIFF'S OFFICE,
FAYETTEVILLE, N. C., April 24, 1871.

Wm. C. Troy, Sup't Carolina Pump Company:

The Pump you sold me surpasses my most sanguine expectation. It does all you claimed for it. As a Fire Engine its value is incalculable. With twenty feet of hose I have thrown water entirely over my dwelling, which is a very high two and a half story house. My family would not be without it for any consideration.

R. W. HARDIE,
Sheriff Cumberland County.

SUSANNE CHAMBERS,
RALEIGH, N. C., March 18, 1871.

Having had fifteen to twenty years' experience in gold mining, using various kinds of pumps forcing water from great depths, I take pleasure in giving preference to those made by the "Carolina Pump Company" over all others for well and other purposes. They combine simplicity and durability.

VALENTINE MAUNEY,
Stanly County.

WILSON, N. C., Jan. 26, 1871.

J. L. Kitchin, Esq.,

Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods since March, 1870, and we are free to say, that they are in every way satisfactory. There is no indication of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children, for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pump to the careful examination and use of the public.

I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.

SECOND CLASS.

At a regular meeting of the "Mechanic's Building and Loan Association," held Nov. 10th, 1871, it was resolved to open a

SECOND CLASS

of 500 or 1,000 shares, the par value of which shall be

FIFTY DOLLARS PER SHARE.

The object of this class, is to accommodate those who find it beyond their means to pay the present value of Stock in the first class in order to become members, also to show the practical working of Building and Loan Associations. It is estimated that this class will mature in about twenty months.

Books for subscription of Stock may be found at the Raleigh National Bank, where they will remain open until January 1st., 1872, at which time, the first payment will be made, provided, a sufficient amount of Stock is subscribed for to justify the undertaking.

Nearly two hundred shares have already been taken.
