THE WIDOW OF HENRY CLAY.—A correspondent of the St. Louis Republican, who was present at the laying of the corner-stone of the Clay monument, at Lexington, on 4th July, thus refers in his letter to that journal to the venerable widow of the great Kentucky statesman:

"Before leaving Ashland I passed over to the residence of Mr. John Clay to pay my respects to the widow of Henry Clay.—At the hour of the visit she was out taking an evening ride. I met her, however, amid the scenery endeared to her by a thousand associations—on a beautiful drive through the shades of the woodland pastures of Ashland.

"Mrs. Clay is seventy-six years of age, and within a year she has been in hearty good health. Her feebleness is now, however, growing manifest and the time is not remote when, in the tomb to be erected for her husband, and by his side, she, too, will be consigned to her final earthly repose.—May her closing days be tranquil, hopeful and happy."

Theodore S. Garnett, Esq. has resigned the post of Chief Engineer of the Pensacola and Georgia Railroad, and will be succeeded by Mr. BuBois, lately his Assistant Engineer.

Obituary.

Died, on the 27th July, 1857, in Concord, after a illness of four days, W. M. L. DAVIDSON, son of Mr. A. B. Davidson, of Mecklenburg county, aged 17 years.

The lamented youth had a mind of good capacity and a character naturally of the finest traits. These were raised, adorned while before his death, by the holy influence of Christian principle. About a month ago, when in full health and after due consideration, he connected himself with the Presbyterian church. He maintained a consistent profession, despite the taunts of his thoughtless associates, and alluded in his last illness, with evident satisfaction, to the step which he had taken.

He spoke resignedly of his coming end—sent messages of remembrance and of counsel to absent relatives, and calmly expired as one lays down to pleasant dreams, leaving us in his life and in his death the assurance of a blessed immortality.

Nothing is here for tears, nothing to wail,
Or mark the bright soul wearied with its toil,
No weakness, no contempt, despair or blame;
Nothing but well and fair,
And what may quiet us in a death so noble."

This Oil acts on the system with electricity—is of pure vegetable preparation. Not the slightest danger of applying it outwardly or inwardly. It at once gives a permanent cure—in most cases from ten to twenty minutes.

Physiologists of Europe have discovered that all organic derangement of the animal system is the effect of an obstruction of the physio-electric fluid in the organ diseased. A skilful application of this Oil puts in immediate motion the nerve fluid, and the cure is at once accomplished. No bleedings—no vomiting, purging, or blistering is resorted to.

PROSPECTUS

OF

The N. Carolina Presbyterian.

The Presbyterian Church in North Carolina has long labored under a serious disadvantage from the want of a journal to advocate her claims and represent her interests. It is estimated that only 1000 Presbyterian Weeklies are taken in the bounds of our three Presbyteries. We have 13,000 Communicants, and it is safe to infer that there are 30,000 Presbyterians in principle in the State. Our Synod stands fifth in the Union in point of numbers, and her membership is greater than that of any Synod South or West of Pennsylvania. Our sister States on the North and South, neither of which has a membership so large as ours, publish the Central, and the Southern Presbyterian, for the benefit of their people. The time has come when the Presbyterian Church in North Carolina should likewise do her duty to her children. It is a conceded and important fact, that hundreds of our members will take a State paper who will take no other. The Paper is needed to be the organ of our Synod and Presbyteries—to elevate and enlighten the piety of our membership by diffusing evangelical knowledge—to promote the cause of Education—to develope the talents of our Ministry, and to strengthen the attachment of our people to the soil and sanctuaries of their own State.

If our Church in other States, and other Churches in this State, can supply their members with a Religious journal why may not we? Are North Carolina Presbyterians inferior in talent, energy and patriotism to their neighbors on the North or South, or to Christians of other denominations at home? With the same or better opportunities of accomplishing this work, shall we leave it undone? In the language of one of our most able and useful Ministers, an adopted son of our State, "It ought to have been undertaken 20 years ago, but it is not too late to begin to do right."

In the last two or three months, a fund of about $3000 has been subscribed as a permanent capital. At a meeting of the contributors, held at Greensborough on the 14th of May,—Rev. A. Baker, Chairman,—the Paper was unanimously located at Fayetteville, under the name and title of the NORTH CAROLINA PRESBYTERIAN. Rev. Wm. N. Mebane and Rev. George McNeill were elected Editors; Rev. Messrs George McNeill, Wm. N. Mebane, A. Baker and C. H. Wiley, and Messrs. George McNeill, Sr., John H. Cook and David Murphy were appointed an Executive Committee, to establish the Paper and manage its business affairs.

It is our wish and design to make the NORTH CAROLINA PRESBYTERIAN a journal of the first class, equal to the best in the country in typographical appearance and in adaptation to the wants of our Churches. Its columns will afford the latest intelligence, both foreign and domestic, and special care will be taken to give a full and accurate summary of State news. The name of the Paper is designed to be an exponent of its character and contents. From conviction, it will advocate the conservative, orthodox, Old School doctrines and order of the Church.

Our first appeal is to our own people—to N. C. Presbyterians. Whilst we rely confidently upon their favor, we trust that the native sons of North Carolina who have found homes in other States, and the adopted citizens of our State who form so important an element in our Ministry and membership, will take a deep interest in this enterprise, and give it their hearty support.

TERMS: $2 per annum in advance, or on delivery of the first; $2 50 in six months; $3 at the end of the year. To clubs of 25 or more, paying in advance and when the Paper is sent to one address, a discount of 10 per cent. will be allowed. Our Ministers and Elders are earnestly desired to act as Agents, and all others friendly to the cause will please assist in procuring as many subscribers as possible, and forward the names, by August 1st, to this Office. As soon as 1,000 subscribers shall be obtained, the first number will be issued. If a faithful and vigorous effort is made in the next two months by those who take a lively interest in this work, we will, without doubt, be able to begin the publication at the end of that time with a paying subscription list of at least 3000.
