PHILADELPHIA SATURDAY MUSEUM.—*Triumphant success, and a new discovery in the newspaper business!*—A most important and invaluable discovery has been made by a gentleman of this city, by which newspapers may be printed in their present form, and, at the same time, capable of being converted at pleasure into a Magazine Form, for preservation.

This grand improvement, which is destined to form a new era in the business, effecting an entire revolution in the art of printing mammoth newspapers, will be introduced, by permission of the patentee, into the Philadelphia Saturday Museum.

In announcing to the friends of the newspaper press throughout the country, a discovery which will add so immensely to the value of newspapers, the publishers of the Saturday Museum, have, also, the proud satisfaction of announcing the triumphant success of their new Family Newspaper. The liberal patronage already secured for this new and popular enterprise, has not only surpassed the most sanguine expectations, but it is entirely unprecedented.

IMPROVEMENTS IN THE "MUSEUM."—The Museum is now so fairly and firmly established, that we feel warranted in making some very extensive and important improvements. We shall make an ingenious and novel change in the arrangement of the matter. We shall increase our corps of contributors in all the various departments of a Family Newspaper.

The "Narrative of Townsend's Journey over the Rocky Mountains," one of the most interesting and valuable ever published, is sent to all new subscribers. At its conclusion, our readers will find themselves in possession of a work, which alone will be worth double the subscription to the paper. We shall continue, also, of course, the "Biographical Sketches and Portraits," which are now exciting so unexampled an interest. With these and other features continued, and with the improvements in contemplation, it remains to be seen whether we do not amply fulfil our determination of making the very best newspaper in America.

Persons wishing to secure six thousand large octavo pages of useful, interesting, and unexceptionable reading for the select family circle, for the small sum of Two Dollars per year—being at the astonishing low rate of thirty pages for one cent, or equivalent to one hundred and twenty pages for four cents—should hand their names in now.

[illegible]TION AND LIVER COMPLAINT
DR. TAYLOR'S
[illegible]M OF LIVERWORT,
375, *Bowery, New York.*

[illegible] cure of coughs, colds, catarrhs, asthma, [illegible]ses of the chest, pain in the side and [illegible]g blood, liver-complaints, bronchitis, [illegible]ons of the throat and lungs, which are [illegible] much suffering, and unarrested ter[illegible]*umption*, this remedy is highly and [illegible]ted. It is purely vegetable, mild [illegible] upon the system, and can [illegible] to cases with safety, [illegible] in most cases, that the proprietor [illegible] in recommending it to any and [illegible] fortunately may have occasion to resort [illegible] means of recovery. Physicians familiar [illegible] effects prescribe it in their practice, and [illegible] medical faculty generally it has met with [illegible] approbation.

[illegible]llowing remarks were taken from a recent [illegible] of the Medical Magazines:

[illegible] surprising effect produced by the genuine [illegible]or's Balsam of Liverwort, made at 375, [illegible] in consumptive cases, cannot fail exciting [illegible] and thrilling interest throughout the world. [illegible] so long believed this disease incurable, that [illegible] difficult to credit our senses when we see [illegible] evidently consumptive, restored to health. Yet [illegible] a fact of daily occurrence."

The following certificate was given us lately by Capt. [illegible]cott, of Elizabeth city, N. C.: "Being constitutionally predisposed to consumption (a number of my family having died of this disease) and having suffered severely from irritation of the lungs, accompanied by coughs and raising matter and blood together with a pain in my side and breast, till I was supposed to be beyond recovery, I was induced by advice of Dr. Jerkins, as a last resort, to try Taylor's Balsam of Liverwort; I have taken 5 bottles in all. I began to improve after the first bottle, and while taking the third, was so far recovered as to be able to get about—since which time I am quite restored, and able to attend to my business. To persons suffering from coughs and affections of the lungs, I can earnestly recommend it. (Dated Elizabeth City, Dec. 16, 1842, (signed) JAS. C. Scott."

Liver Complaint and General Debility—I do consider my cure almost miraculous. I was given up by the physicians and told to prepare for death. I was so weak I could not raise my hand to my head. I was in this low state when a friend sent me a bottle of Dr. Taylor's Balsam of Liverwort, from 375, Bowery, and before I had used up the bottle I was able to sit up in bed, by the further use I have completely regained my health. All should use it.

GEO. WELLS, 23 John st.

Violent Pain in the Side—I have been cured of a violent pain in the side, extending through to the shoulder, indigestion, dizziness, loss of appetite, and general debility, by the use of two bottles of Dr. Taylor's Balsam of Liverwort, from 375 Bowery.

[illegible] THE WORLD WHO USE LEATHER [illegible] ANY FORM

[illegible] OF TANNIN,

Or, Leather restorer; a new Chemical Discovery.

Most people know that skins and hides are converted into leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. This all know. To restore then life, softness, moistness, strength, smoothness, and remove all crust, fly, or blister—restore the Tannin. This substance the leather never can receive second time: but the whole virtues of it are in this article, the Oil of Tannin—which penetrates the stiffest and hardest leather, if it has been twenty years in use: and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely impervious to water—particularly boots, shoes, carriage-tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used.—These are facts.

Those who will pay wear old shoes, groan with corns, ride with old carriage-tops, have old harness, and throw them away half used, look filthy themselves, and all about them, expend double what is necessary for articles of leather, to their hearts' content, for what we care, if their prejudices are so strong they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we *beg* for nobody's custom or patronage. Now, gentlemen, please yourselves.

☞ None genuine unless with the fac simile signature of COMSTOCK & CO., Wholesale Druggists, 71 Maiden Lane, New York.

Entered according to act of Congress, in the year 1842, by Comstock & Co., in the Clerk's office of the District of the United States for the Southern District of New York.

INTERESTING TO DAUGHTERS.—Dr Franklin recommends a young man in the choice of a wife to select her from a *bunch*, giving as his reason, that where there are many daughters, they improve each other, and from emulation acquire more accomplishments and know more and do more than a single child spoiled by paternal fondness. Dr Franklin was a philosopher.—Families blessed with an abundance of daughters should raise a monument to his memory.
