ON TO HIS JOB.

Health Officer Simpson Has Good Words For Civic Department.

The following from yesterday's Charlotte Observer shows that Health Officer I. M. Simpson is on to his job, whether at home or abroad:

I. M. Simpson, chief of the sanitary department of Greensboro, was in the city yesterday and in conversation with an Observer man said that by the close cooperation of the civic department of the Woman's club he obtained the best results in keeping the city clean. There is not a contagious disease within the city limits now and the city is in the most thorough sanitary condition it has been for years, according to Mr. Simpson. He said the civic department always invited him to its meetings and he attended them above anything else. There the ladies call his attention to unsanitary sections over the city and offer suggestions as to the best way of gathering the garbage and refuse and disposing of it. They work in harmony with him in every possible way and stir up a sentiment among the citizens to aid the sanitary department in the performance of its duty. The ladies and the chief exchange ideas and work hand in hand in carrying out plans leading to the success of the department.

Mr. Simpson declares the ladies are of invaluable service to him in this respect and the city in the most wholesome condition it has been for years.

INVENTORY OF ROAD MATERIAL MADE YESTERDAY

The members of the county commissioners and highway commission met here yesterday in joint session, and after a short conference secured hacks and drove out to the county convict camps, over the new macadamized roads and back to Greensboro late in the afternoon.

The object of the trip was to make a thorough inventory of all property, such as mules, wagons, utensils, road machinery, etc., of every kind, which the highway commission has in charge, preparatory to the possession of this property by the board of county commissioners, when the highway commission expires by law June 1. It is estimated that the property now on hand will inventory in the neighborhood of $35,000.

It has been suggested and is highly probable that the county commissioners will employ a road superintendent to look after the work that has been in charge of the highway commission.

JOHN R. SPOON DEAD.

End Came Yesterday Morning Following Brief Attack of Pneumonia.

Following a brief attack of pneumonia, John R. Spoon died at 2 o'clock yesterday morning at the home of Mrs. M. O. Deaver, 116 1-2 West Market street. The body was carried to Liberty on the noon train yesterday and the funeral services will be held from Mt. Zion church this morning, interment to follow in the church burying ground.

The deceased was 24 years old and had been a resident of Greensboro for several years, coming here from Haw River, where his mother and two sisters now reside. A brother, Dr. Arthur Spoon, mill physician at Proximity, Revolution and White Oak, also survives. Until attacked with the fatal illness last Friday the deceased had been employed by Rose and Roach as bookkeeper, and his employers, as well as a host of friends, will mourn his untimely passing with genuine regret.

Though afflicted physically from birth, John Spoon was always a jolly companion, a true friend and a Christian, and his sunny disposition under adverse circumstances was always an inspiration to others who had been blessed with perfect physique and physical strength.

INTERESTING SERMON TO OLD PEOPLE SUNDAY

The special service at Palm Street Christian church for aged people was held Sunday by the Rev. J. W. Wellons, of Elon College, who is 85 years old. Old hymns were used and the Rev. H. C. Fulton, an aged minister, led the opening prayer and many interested aged people sat in that congregation and rejoiced in the service of the gospel message and communion exercises as the speaker related many touching incidents and tender reminiscences of other days that brought tears of joy mingled with sorrow to many a heart. The church auditorium was filled and many interested and attentive young people were pleased to witness a special service for the benefit of the aged.

AUTOMOBILE RACES AND MEETING POSTPONED

The movement to organize a state automobile association, for which a call was issued some time ago, has been called off for the time being, those interested in the organization stating that the movement is not dead, but that the meeting has simply been postponed until Saturday. The races billed for the fair grounds this afternoon have also been called off until Saturday, when it is said they will take place, weather being favorable. Local people who have been working up the meeting said a number of requests from state automobile agents and owners for the postponement were received, and they are confident of a good attendance on Saturday, when the organization will be formed if those present so decide.

IN BED EIGHT WEEKS

In Bad Shape, Mrs. Belles Teal Takes Her Doctor's Advice and Soon Regains Her Health.

Crandall, Texas.—"After my baby was born," writes Mrs. Belle Teal, of this city, in a recent letter, "I remained very sick, which kept me in bed for eight weeks.

"I couldn't get up, all this time, and though my doctor came to see me every day, he didn't do me any good.

"He said I was suffering from serious womanly trouble, and at last he advised my husband to give me Wine of Cardui.

"I hadn't taken but one (1) bottle of Cardui till I was up, going everywhere, and by the time I had taken two (2) bottles, I was doing all my work in the house.

"Before I took Cardui, I suffered all the time with my back, legs and head, but Cardui relieved these pains. I still take Cardui every now and then, and praise it most highly to all my friends."

Cardui helps when other medicines have failed, because it contains ingredients not found in any other medicine—not sold in drug stores—not obtainable except through buying Cardui, the woman's tonic.

Pure, safe, reliable, gentle—Cardui is the ideal medicine tonic for weak sick women. Try Cardui.

4 Cents on Every Dollar

Saving money is only half your duty. The other half is to set your money at work safely and profitably. For the great majority of people the best form of investment of savings is an interest-bearing account in a reliable bank.

There are safe investments that pay more than 4 per cent., but, as a rule, they require a considerable amount of money, and, in any event, it is wise to be careful about going into them. While you are waiting for your opportunity, leave your surplus cash in this strong bank. your money will be here when you want it, and every dollar of it will be earning 4 per cent. compound interest constantly.
