IMPORTANT TO MILL OWNERS.
HOTCHKISS'
Vertical Water Wheel.

THE Subscribers having witnessed the successful operation of these wheels, were induced to purchase the right of using them in the state of North Carolina; and they now offer for sale individual rights, at FIFTY dollars, or rights for a whole county, on reasonable terms.

Besides being generally adopted in the Northern States, these wheels are coming into general use in the southern States. We have sold about 100 Rights, 30 of which are in successful operation in Cumberland county.

These wheels are more durable, and more easily kept in order when properly put together than the flutter wheel. They will save one-third of the water, and run well in back water, when there is a head above. The speed of the saw is increased to more than double the strokes per minute.

We refer, among others, to the following gentlemen, some of whom have had the wheels in operation 12 months or more; and from many of them, and others, we have received certificates expressing their high approbation of the superior advantages of these over the flutter wheel, and stating that their saws will cut 2500, 3000, 3500, and even as high as 5000 feet per day, and **save one-third of the water.**

Dec. 29, 1845. 353-6m.

THE SUBSCRIBER having sold the house and lot where he has for some time past taught a school, hereby gives notice that he expects to close his connection with the school on the 18th of March. The school, however, will be continued under the joint care of Rev John Brantly and Mr Jesse P. Smith. From a long and intimate acquaintance with one of these gentlemen, both as a scholar and teacher, and from the general reputation of the other, it is believed that the school will be such as in every department of study usually found in such schools, the instruction will be thorough and satisfactory to the patrons.

HAYMOUNT HIGH SCHOOL.

Though the subscribers have been led to unite for the purpose of continuing this school, from the belief that their own interests will be more advanced by such an arrangement, they have also thought that it will better serve the interests of all who may choose to patronize the school, and be more generally advantageous to the public.

It is the earnest desire of the subscribers to sustain the present reputation of the school, and to accomplish this object nothing will be left undone by them that attention and diligence and perseverance can do.

They will take care to maintain a firm and proper discipline, and will exert themselves to make their school a worthy successor of the present one.

The Mathematical department will be conducted by Mr Smith, the Classical by Mr Brantly, and due attention be paid by both to the English branch of study.

The school will open on the 20th March next.

LAND FOR SALE.

I WISH to sell my land lying on Big Rockfish, being about 2000 acres of good turpentine land, with a good stream for carrying it to market, navigable at any time while there is water enough for boats to run between Fayetteville and Wilmington. Title indisputable.
