RALEIGH

WITHIN

40 MILES OF NORFOLK.

THE Subscriber takes the liberty of informing the Citizens of Raleigh and the surrounding country, that he has located himself on Fayetteville Street, nearly opposite the Post Office, in the building lately occupied by W. W. Holden, Esq. The Subscriber would beg leave to inform the citizens, that the Oyster season is at hand, and Oysters will be used again by them. He would respectfully return his most sincere thanks for the liberal patronage heretofore received from them; and in return for their kind feelings, and liberal patronage towards him, he will use his best endeavors to serve them punctually and with an assurance on his part, that his Oysters shall be of the *best quality*, such as he would not offer to any one unless he were willing to partake heartily of the same. Such has been his conduct heretofore, and he will most assuredly be guided by the same rule. He has been serving the City of Raleigh with Oysters since 1839, and has yet to be told that he forfeited the confidence placed in him.

My first Oysters will be offered about the 12th of the month.

JOHN WILSON.

Raleigh, Oct. 3, 1844. 80—

Rectory Boarding School,

HAMDEN, CONN.

THE Subscriber having been engaged in Teaching, both at the North and South, for several years past, and having been induced to open a Family Boarding School, for Boys, is prepared to receive a few pupils in addition to his present number.

A competent Assistant is associated with him, and systematic and thorough instruction will be given in all the branches of an English education, and in all studies requisite for admission to any of our Colleges, as also in the French and Italian Languages, if desired.

The nature of the School, the limited number of pupils, and their peculiar relations as *members of the same family*, will necessarily require the discipline to be strict, while it is intended that it shall be decidedly *parental*.

The location being five miles North of New Haven, and two miles East of the North Haven Depot of the Hartford and New Haven Rail Road, is at once pleasant and healthful, easy of access and retired.

The terms of admission will be $200 per annum, payable half yearly *in advance*; and this will include board, washing, mending, fuel, lights, and tuition — Pupils can remain during vacations, without extra charge.

For further particulars apply to the Rector.

DR. KUHL'S RESTORER.

Important Cure of Liver Complaint as communicated in a letter to Dr. Kuhl, from J. M. A. Drake, Esq. C. S. C. Ashboro', N. C.

He wrote as follows, 'Dr. J. Kuhl, your Medicines are about to take a start in this County, from the fact, that they effected a cure which seems to have baffled the skill of the physicians in this section for a year or two The subject is Mr. Nathaniel Newbey, who has been afflicted with the Liver complaint, together with some other complaints. Flatulence and Dyspepsia. He has taken one bottle of the Restorer, together with the Depurative Powder. He says in twelve hours he felt relieved, and in twenty-four hours *much relieved*. He has so far recovered now, as to follow the avocations of his farm, with little or no difficulty. He says he wants all who are afflicted to use your Medicines, and is recommending them to the afflicted, &c. Signed, J. M. A. Drake."

Dr. Kuhl visited Asheboro' on the 12th of Feb. 1844, and had the gratification to learn, that Mr. Nath Newbey is well and recommends his Medicines in the highest terms.

Extract of a letter to Dr. J. Kuhl, from George R. Barr, Esq, Abingdon, Va.

"I have had several venereal cases, which have been successfully treated with your *Abyssinian Mixture* or *Anti Syphilitic Syrup*. I will mention one case, which had been treated with the usual remedies for three months, but without any abatement of the disease. Your Medicines was procured and the disease which appeared so obstinate, in a few days yielded to your remedy, &c.

"Signed, GEO. R. BARR.

A Lady of Bedford co. Va. for about 17 years afflicted with contraction, lameness and nervous head ache, caused by taking calomel and getting cold on it, and after using the whole time the prescriptions of the most eminent physicians without any effect, she sank from year to year, but was finally successfully treated with the Restorer, Gold Mine Balsam and Aromatic Extract. We have omitted the name of this lady, but if any particulars should be desired, we refer to Maj. Wm. Leftwich, Otterbridge, P. O., Bedford co, Va.

Mrs. *Felix Huffman* was suffering for some y are under Consumption, &c. She used numerous prescriptions without any benefit, and was declared incurable, but was cured by the use of the Restorer, Gold Mine Balsam Aromatic Extract and Universal Plaster. Reference to John Read, jr. Esq. Jeffersonton, Culpeper co. Va.

Richard B. K Lawson, Esq. of Gloucester county, Va. informed Dr. Kuhl on the 6th of November, 1843, as follows: "Dear Sir, I wish to inform you, that my wife was about 6 years afflicted with a pulmonary complaint, inflammatory rheumatism and general debility, and finding no relief during the whole of that period from the prescription of the most eminent physicians, she began to use your Restorer of the Blood, Depurative Powder and Aromatic Extract, which cured her in a short time." &c.

Signed "RICHARD B. K LAWSON"

Mr. George Erhart's son was very seriously afflicted with Dropsy and Inflammatory Rheumatism, and after having tried the prescriptions of a number of physicians of eminence of that section of country, without any benefit, sank from day to day, and every one thought death inevitable. Mr. Erhart concluded to try Dr. Kuhl's Restorer, Aromatic Extract and Depurative Powder, which gave the most happy result, as communicated in a letter to Dr. Kuhl, from Robert Gardner, Esq. Christiansburg, Va. of the 25th June, 1843, in which he says: "The Medicines he got proved entirely satisfactory. The young man, to the great joy of his parents, from being in the most deplorable situation, on the very grave's verge, is now enjoying good if not perfect good health, and your Medicines have the credit of curing him.

"Signed ROBERT GARDNER."

Important Discovery!

Richardson & Co.'s Celebrated American Panacea.

THIS article is all compounded from Vegetable matter, free from any adulteration, and warranted free from any ingredient detrimental to health.

It is the most invaluable discovery ever made from the Vegetable kingdom, having never failed in a single instance (when taken in accordance with directions,) to effect a cure of the following diseases, to-wit; *Salt Rheum, Scrofula, Ulcerated Scrofula, Bronchitis, Fever Sores, King's Evil, Fistula, Inflammatory and Chronic Rheumatism, Piles, Biles, Erysipelas, Scurvy, Chronic Sore Eyes, Pains in the Bones, Scald Head, Blotches or Pimples on the face, and all cutaneous diseases, Eruptions of the skin, or pains or ulcers arising from an injudicious use of Mercury, or an impure state of the blood.*

The curative properties of this Medicine consist in its producing a sure and effectual alterative of the whole system. In slight eruptions of the skin, or recently contracted diseases, one small bottle often effects the cure, while the experience of those who have been cured by it, of long standing and obstinate diseases, is, that it requires from three to four large bottles to effect a perfect cure, and no return of the disease. It usually produces a tonic effect, while (in most cases) it also acts as a gentle cathartic, increasing the appetite and general health of the patient, causing all sores, or ulcers, to discharge more profusely than before taking it, and inducing a perfectly healthy action of the blood. Enough must be taken to effect an alterative, and as is the case, with all Medicines, its effects will vary, as the several constitutions differ from each other. Therefore, those using it should not distrust its efficacy if they do not receive immediate benefit. It is prepared with great care, and the extracts brought into so small a compass as to require, usually, but one table spoonful each day for an adult.

It is now in use by the first Physicians in the country, and pronounced by them the best anti-mercurial medicine known; and the most efficacious in the cure of all cutaneous and scrofula affections. The cures effected by it are truly astonishing, as may be seen by reference to the certificates and testimonials in possession of all the Agents. It has been found peculiarly efficacious in producing regularity of the Menses in Females, and has been taken with great benefit in pulmonary diseases.

Those in the use of it should abstain from stimulating drinks, Beer, Mustard, and all highly seasoned food. To be obtained, *at wholesale*, of THOS. G. TALMADGE, *General Agent, No 20, Pine Street, opposite the Custom House, New York*, and at retail of W M. PECK, Special Agent, Raleigh, N. C. where Certificates of very happy cures may be seen.

One of our Firm has just returned from the NORTHERN MARKETS, where he has purchased one of the MOST EXTENSIVE and CHOICE SELECTION of MEDICINES, &c. ever offered in this State—on such terms as will enable us to give ENTIRE SATISFACTION to our friends and customers.

All we ask is *a trial*. We want to let the people in the Old North State know, that we *can* and *will* sell as *low*, and articles of as good quality as any House in Petersburg and this State. Our Stock of WHITE LEAD, LINSEED OIL, and COLORS is very large, and we are selling *cheaper than ever*.

We take this opportunity of returning to the Citizens of Raleigh, and the public generally, our unfeigned thanks, for the very liberal patronage we have received from their hands, since we commenced business; and hope, by strict attention to business, to continue to receive a portion of the patronage of a generous Public.
