HOTCHKISS' Vertical Water Wheel.

THE Subscribers having witnessed the successful operation of these wheels, were induced to purchase the right of using them in the state of North Carolina; and they now offer for sale individual rights, at FIFTY dollars, or rights for a whole county, on reasonable terms.

Besides being generally adopted in the Northern States, these wheels are coming into general use in the southern States. We have sold about 100 Rights, 30 of which are in successful operation in Cumberland county.

These wheels are more durable, and more easily kept in order when properly put together than the flutter wheel. They will save one-third of the water, and run well in back water, when there is a head above. The speed of the saw is increased to more than double the strokes per minute.

We refer, among others, to the following gentlemen, some of whom have had the wheels in operation 12 months or more; and from many of them, and othe s, we have received certificates expressing their high approbation of the superior advantages of these over the flutter wheel, and stating that their saws will cut 2500, 3000, 3500, and even as high as 5000 feet per day, and **save one-third of the water.**

CUMBERLAND ACADEMY

The Proprietors and Trustees of the Cumberland Academy, for the first time, *formally* call the attention of the public to the merits of this Institution. Without giving the particulars respecting the origin of this Institution, the manner in which it has been built up and sustained, and the foundation upon which its future prospects are based, (so far as capital is concerned,) suffice it to say, that it is not an enterprise of yesterday. Arrangements have been making for its establishment for more than three years, and it has been in successful operation more than eighteen months, numbering from 30 to more than 60 Pupils, principally Boarders.

Several thousand dollars have already been expended in the erection of buildings for the accommodation of the School, and the proprietors have pledged themselves that whatever additional amount may be necessary to carry out their original determination in establishing upon a solid foundation, a Literary and Professional Institution, of the very first order, —which some at it is to be paid in annual instalments, is now placed at the disposal of the Principal and Board of Directors. Ample accommodations will be in readiness by the opening of the ensuing Session, for a large additional number of Boarders, besides the accommodations afforded by a number of pleasant and respectable family boarding houses in the immediate vicinity. The Institution, from its origin, has been under the management of the Rev. Daniel Johnson, as Principal, who has taught successfully for a number of years in Princeton College and other responsible stations. And every opportunity has been afforded to test his qualifications both as an Instructor and as a disciplinarian, and the most sanguine expectations of the friends of the School have been fully met, and the Proprietors consider themselves singularly fortunate in having obtained the *permanent* services of so able and accountable an Instructor; who, amid the vicissitudes, fluctuations and trials which, unfortunately, are almost always experienced by new enterprizes, has exhibited such dignity, firmness and decision of character, as to secure their hearty and unanimous support in every instance, and has succeeded, as they honestly believe, in placing the Institution, for substantial excellence, upon an equality with the best Schools of the kind in the country. The Proprietors now feel truly authorised to subscribe to the opinions of the Faculty of Princeton College, who state that they "take pleasure in expressing their opinion of Rev. Daniel Johnson's superior qualifications as a teacher;"—"As holding the highest standing as a scholar, as having given proof of aptness both to teach and govern; and we do therefore cordially recommend him as worthy of public confidence in the vocation of an instructor of youth."

A sufficient number of Assistants will always be employed to afford the greatest facilities to Pupils. Mr Wm S. Mullins, a native of our own county, and a graduate of our own University, an excellent scholar, and a young gentleman of enviable literary attainments and sterling moral worth, is now engaged as Assistant teacher.

The government will be strictly parental. All the pupils who room in the Academy Buildings will board with the Principal, and will at all times be under the immediate supervision of the Principal or Assistants.

The location is pleasant and healthy, and easy of access, two miles from Atkins's Ferry, on the Public Road from Fayetteville to Raleigh, about thirty miles from the latter place and twenty-six from Jonesboro', near McNeill's Bridge.

The terms of tuition are as follows:—

TUITION.—$4, $6, or $8 per quarter, according to the advancement of the Student.

BOARD—$6 per month. Room rent, use of furniture, servants' attendance, washing, and contingent expenses, $4 50 per quarter.

All dues to the Institution are payable quarterly, in advance.

The course of study is extensive, embracing all the branches usually taught in Schools of the first class.

The text books are furnished at the Academy at the Fayetteville prices.

The next Session will commence on Wednesday the 1st day of July.

By order of the Board.

A. S. McNEILL.

CONSUMPTION CURED!!

HOMŒOPATHY AND ALLOPATHY HAPPILY COMBINED.—Consumption can be cured are words that for years have solemnly been applied to Dr. Taylor's Genuine Balsam of Liverwort from 375 Bowery, in which we have full confidence they are peculiarly applicable, and have been cured and used by others.

Dr. Taylor's Balsam of Liverwort has cured and relieved over 4000 persons of Consumption, Liver Complaint, Coughs, Spitting of Blood, Colds, Dyspepsia, Pleurisy, Palpitation, Bronchitis, for which complaints, when taken in time, this medicine has for years proved a specific.

We feel confident no one should die of these diseases, and all those who think their lives worth preserving would do wise use this remedy according to directions, the report of deaths from these diseases would rapidly be diminished. Of the truth of this position we are ready and willing to satisfy any inquirer, by the most conclusive certificates, and by numerous living witnesses in every town, who prefer recommending the medicine by word of mouth to having their names published. One of our patients recently cured took One Dozen Bottles to distribute. Surely all comment is here unnecessary with facts to its perfect efficacy.

My brethren of the profession use it in their practice, and many wonderful cures are the effects of it. Pathological principles with which the Quack, the Charlatan has nothing to do. They may imitate, counterfeit, &c., but it is impossible to imitate, and are never to be trusted, as they are only cold pendles and may seriously injure the Constitution.

Dr. Taylor's Balsam of Liverwort is the happy combination of Homœopathy and Allopathy. It is entirely by a vegetable extract, and so combined that only the most innocuous are taken, of the principles whose action is alterative, and that this Balsam affects simultaneously the circulatory, respiratory and secretory organs, and increases the expectoration and action of the mucous membrane of the air passages in the diseased lungs, of the chest and throat, thus giving them an opportunity to heal by aiding nature in her efforts to throw off disease. In fine this remedy is the only one that can with any certainty be relied on for a cure. The remedy is now in Physicians in attendance at the old office, 375 Bowery, to visit and give advice. The Proprietors are the only agents, buy only as above, and be certain to avoid counterfeits and imitations of all kinds and see Dr. Lord's signature to the steel plate on the wrapper each bottle. Lord & Hazard, Druggists, 177 Water street.

Mr S. J. Hinsdale has just received a quantity of the genuine, to supply consumers. It is also to be had also of D. G. Patterson, at Little Rockfish.
