HARDLY ENOUGH OF STOCK MARKET TO TALK ABOUT

Feature of the Day Was Weakness Of Hawley Securites.

New York, June 18.—There was no stock market to speak of today, attention being distracted by the ceremonies incident to the welcome of ex-President Roosevelt.

A feature of the day's market was the weakness of the Hawley railroad stocks. The recent severe decline in Chicago and Alton, which served to foster doubts of the maintenance of its dividend has affected the St. Louis and Western stocks because that road owns control of the other. The weakness was communicated to Chesapeake and Ohio today, although the only connection between the two groups is the common control by Edwin Hawley of the various properties.

The bank statement showed all the expected gain in cash, but the loan expansion must be due to other than stock market causes and probably has to do with the large dividend payments of the week.

Bonds were steady. Total sales, par value, $842,000. United States bonds are unchanged on call from last week.

Total sales of stocks for the day were 156,200 shares.

MILLER & CO.'S DAILY COTTON LETTER TO CONE & HEDGPETH

New York, June 18.—Weather and crop accounts were generally favorable from all sections of the belt and in other directions the situation is unchanged since last we had this pleasure.

The main topic of conversation was in connection with the indictments handed down yesterday by the federal grand jury.

The bull contingent were good buyers of the market as were also some of the local shorts who were afraid to carry their commitments over Sunday, and were keenly disappointed that yesterday's indictments did not bring along more general liquidation of longs.

Our preference continues to be for the negative side.

Liquidation is due short unchanged on Monday.

Total deposits, $1,260,595,600, increase, $4,267,500.

DRY GOODS MARKET.

New York, June 18.—The feature of the cotton goods market for the week was an announcement that fruit of the loom sheetings were reduced from 5½ cents to 4½ cents for stock goods and placed at value to be followed July 1 by an advance to 5¼ cents, which better price is to be guaranteed till October 1. This action is the most unusual ever taken on bear staple lines and is done for the purpose of stimulating distribution and encouraging mills to keep in operation. Other lines of cotton goods are holding fairly steady and demand quiet.

Raw silk is advancing in foreign markets. Fine and fancy cottons for spring of 1911 will be opened during the coming week at substantially the prices of last year.

THE COTTON MARKET WAS NERVOUS AND UNSETTLED

Close, However, Was Unsteady At Small Net Gain.

New York, June 18.—The cotton market was very nervous and unsettled today, as a result of yesterday's developments in the government's action against the bull leaders in the old crop, but very small changes occurred in prices with the closing steady, net six points higher. During the first few minutes trading in both sides was aggressive. Large operators seemed to be testing the market by active selling with a view, perhaps, to discovering the indictments had caused any weakening of bullish determination. But the buying was quite as active as the selling and as soon as it was found that the big bulls were standing by their position offerings became less heavy. Prices, which during the first few minutes had worked off until they showed a net loss of 2 points to a net gain of 2 points, steadied up to a net advance of about 4 to 7 points, and during the later trading dullness was quite with fluctuations narrow.

Spot cotton closed quiet, 5 points lower. Middling uplands, 14.00, middling gulf, 14.25, no sales.

NEW ORLEANS COTTON.

New Orleans, June 18.—Spot cotton quiet and unchanged, middling 14⅝, sales on the spot, 190 bales, to arrive 60 bales.

Cotton futures opened quiet at an advance of 2 to 5 points. Liverpool cables and the weather map were favorable and crop reports were more bearish than bullish.

Around the middle of the morning the market took on a very steady tone and in the face of pronounced dullness prices rose until they were 8 to 11 points over yesterday's close. The indictments against the bull leaders were freely discussed, but they had no effect on prices. Toward noon the forecast of fair weather for all parts of the cotton belt over Sunday caused renewed short selling in a moderate degree and some of the advance was lost. The market closed quiet and steady at a net advance of 6 to 8 points.

Closing bids: June 14.87, July, 14.87, August, 14.17, September, 12.90, October, 12.34, December, 12.19, January, 12.22.

HAYWARD & CLARK'S COTTON LETTER TO J. E. LATHAM

New Orleans, June 18.—Counting yesterday's decline of 8 points in old crops, Liverpool fully met the break in New York. New crops today were 1 to 2 English points lower as the spot 8 lower, sales only 2,000 bales. Our correspondents cabled "Market short". This and the fact that Liverpool on old crops is more than 100 American points below moving parity with cotton from this side might put a stop to further weakness in that market.

New York showed steadiness today considering be smaller shorts over Sunday and this caused a corresponding improvement here, otherwise there was no feature to the market. The indictment of the bull ringers did not come as a surprise, as it is thought it will not make any change in the bull position for the summer.

The weather map continues to show favorable conditions, the weather is fair in the central and eastern states, but partly cloudy in the western third. Night minimums are generally higher in the central and eastern belt, which is particularly good. Indications are for continued fair weather in the belt except Texas and Oklahoma, where increasing cloudiness is likely with probably some precipitation in the Southwest. In the absence of any indication of a revival of spot support the market now will depend principally on weather developments, continued dry weather wanted to the central and eastern states, some rain would be welcomed in parts of Texas.
