R. J. Lovill, of this county, is one of the new doctors just turned out by the state medical board. He stood his examination successfully.

The Airdome is the next attraction for show-going people here. One moving picture show is about all Mt. Airy can stand at one time, and if the one here is to succeed the people will find that they must give it regular and substantial patronage, and, besides, the man who owns it has just gone into the business.

Buggy manufacturers and liverymen find the automobile a very strong and dangerous competitor, and in a few years they will almost run the bugy out and render it almost impossible for liverymen to get sufficient patronage to carry on business.

A severe electrical storm passed over this city yesterday, knocking many telephones "out of commission." At this writing your correspondent has heard of no fatalities.

The wholesale produce dealers of this city are making preparations for an unusually heavy business this fall, some of the many firms already beginning to make small shipments. The first produce to go out from this place is always apples, but so far little is doing in this line. Some good apples are now coming in, but in small lots. By the first of September the business will be heavy.

MT. AIRY NEWS NOTES

(Special to Daily News.)

He informed your correspondent that it was his intention to purchase and install in his office a junior linotype machine within the next few weeks with which to get out his paper.

The Masons install their newly elected officers this evening. Grover Lovill is the new master, Mr. Habotoo, senior warden, and the appointments will be made at the installation tonight. The lodge is very prosperous and many of the best business men in Mt. Airy belong. The officers who conferred the three degrees, Apprentice Fellowcraft and Master, upon your scribe are all dead except two, J. M. Brower and W. G. Foy. That was in 1876.

Farmers are cutting wheat, which is rather late this year. They say the crop is the finest ever raised in Surry county. Flour should take a tumble downward.

A negro from the upper part of the county was in town yesterday asking 30 cents a dozen for peaches. That negro must have thought the good people of Mt. Airy rarely ever see a peach.

The Methodists of this city hope soon to have a fine pipe organ for their splendid new church edifice.

Another wedding has just been celebrated at Neuse Ferry, Va., the contracting parties being Haywood Merritt, of this city, and Miss Mary Terry, a former teacher in the graded schools here. This interesting event took place day before yesterday and was attended by the following from this city: Misses Katherine and Elizabeth Merritt and Joe

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Howard Gardner.
