NOTICE!
U. S. LAND AND PENSION AGENCY.
TO all those for whom I have collected Land Warrants, less than 160 acres, I have this number and particulars of said warrant, and, by calling on or writing to me I can get each one an increase of pay: and to all the Soldiers who rendered 14 days' service in any of the wars since 1790, they, or their widows, or minor child or children, are entitled to land. They will do well to call at this Agency. I have the rolls for the State of North Carolina.
Also, all Widows of the Revolutionary War are entitled to land. Wagon Masters and Teamsters are embraced among the numerous Laws; and all those who think they have a claim are respectfully invited to call and have their claims investigated.
My terms are no charge, unless I succeed.—After 15 years' experience, I flatter myself that I understand my business, and all the numerous laws in such cases. Give me a call, and have your claims investigated before it will be forever too late.
Enlisted Soldiers, having located lands in Illinois and Missouri, I will pay the highest cash prices for them. I have the number, Townships and locations of several hundred in whose name they appear of record.
The highest cash prices paid for land warrants.

FOR SALE,
A MOST DESIRABLE FARM.
THE UNDERSIGNED will sell at the Court House, in Lincolnton, on Monday, the 29th of October prox., his farm, lying within a mile of Lincolnton, containing
435 ACRES OF LAND.
This is one of the most desirable farms in the Western part of North Carolina, celebrated alike for its healthy climate and fertile lands. This land is situated within less than a mile of the place where the Depot of the Wilmington, Charlotte and Rutherford Rail Road is to be built. It contains about 200 acres of first class river bottom on it—115 of which are in a good state of cultivation. The remainder is medium red upland, with clay foundation, well adapted to the cultivation of Corn, Wheat, Oats and Tobacco. It has been analyzed by Professor Hedrick, of the University, and was found to contain all the elements of fertility in first-rate proportions. This farm lies in the midst of the principal manufactories of the State, as there are 6 forges, 3 furnaces, 3 rolling mills and foundry for the manufacture of iron and iron-ware, 3 paper mills, 6 large cotton mills, 2 large steam tanneries, besides a number of smaller yards, several first-rate merchant flouring mills, machine shops, oil mills, &c., within a radius of a few miles from it. There is no place in the up-country, so celebrated for the salubrity of its climate, that surpasses this for health. Persons from the seaboard or south of the State, who would like to have an up-country residence, may of access to the markets of Charleston, Wilmington, Beaufort and Norfolk, would do well to look to it, as another such opportunity to get a first-rate farm in this portion of the State may not occur again soon.
Terms ¼ cash; the balance on liberal credits.

Wood's Therapeutics And Pharmacology.
A Treatise on Therapeutics, and Pharmacology, or Materia Medica. By George B. Wood, M. D., professor of the theory and practice of medicine in the University of Pennsylvania; President of the College of Physicians, Philadelphia; one of authors of the U. S. Dispensatory; author of Wood's Practice of Medicine, etc., etc.
The value of this treatise may be inferred from the high reputation which the author has acquired by his previous works. The publishers, therefore, confidently trust that it will at once obtain a position equally elevated among the standard works on medicine.
The work is in two large octavo volumes, and in substantial sheep binding.

Lindsey's Double Acting Rotary Force Pump.
THE PUMP HAS JUST BEEN PATENTED in America and England, and far excels any pump heretofore invented; its peculiarities are simplicity, power and cheapness. Its simplicity: there is nothing about it but iron and cast metal, and it can be taken apart and put up by any one, and will last for an age. It has the power to raise water SIXTEEN OF JET. This pump is from 24 to 30 inches in diameter and must set in the well or water. Water rises in it by hand 100 feet per minute! For cheapness—a No. 1 pump (for all ordinary purposes) complete, and fifty feet of pipe, costs but $70! The handle at the top turns the pipe and pump, and every revolution fills the cylinder twice, affording an abundant supply of water with the least possible expense and labor. It is peculiarly adapted to *large wells, railroad stations, mining and manufacturing purposes.* This pump does not throw water, and is guarded against freezing and rust. Practical and scientific men pronounce it as without an equal, for all that is here claimed for it. The "Scientific American," after seeing it in operation, says: "This pump is very simple in the construction, not liable to get out of order, durable, easily operated and economical; we regard it as an excellent improvement." Circulars, with an accurate drawing and full description, sent free of charge to all parts of the country. No. 1, has a one inch pipe; No. 2, 1¼ inches; No. 3, 1½ inches; and the prices, with 50 feet of pipe, $70, $62 and $54; the No. 2 and 3 are designed for every deep well, railroad stations, &c, where much water is required. The subscriber is the general agent for the sale of these pumps to all parts of the world, and RECEIVES AGENT FOR NEW YORK. Orders must be accompanied by the cash, and should be explicit as to the kind of pump wanted, depth of well, shipping, address, &c. They will usually receive prompt attention. A pump can be sent about one hundred and twenty pounds. No charge for shipping or cartage. Wells over fifty feet should have extra gearing, which costs $5.

Land for sale near Raleigh.
THE Subscriber having settled in the City of Raleigh, and being in the Family Grocery business, offers for sale privately, his beautiful little farm, which is one of the most desirable places in the county of Wake. The tract contains 105 acres of good land, well improved, and lies just five miles Southeast of Raleigh, immediately on the Central Railroad, which runs only one hundred yards from the dwelling and in full view, and between the Goldsboro' and Averasboro' roads. The improvements are very good. The dwelling is a new two story house, well built, with six rooms and also brick chimneys and four fireplaces. The kitchen is a good one with a stone and brick chimney. Also, negro houses, corn crib, &c., &c. There is a well of the best water in the county in the yard, in good order, and several fine springs that never fail. There are also about three acres of the meadow land.
There is also a good new Store House on the premises, with three rooms. The neighborhood is a thickly settled one and a good mercantile business could be done. There is also a fine orchard, with almost all kinds of fruit. Any person desiring to purchase an excellent little farm, can now have an opportunity of doing so by early application to the subscriber at Raleigh, who will take pleasure in showing the property.
