Election to be held on Thursday, August 7th, 1873.

IN ANOTHER column appears a communication from a correspondent to which we invite attention. Barring certain phases or expressions used by our friend, we heartily endorse his remarks. The importance of voting down any and all amendments to the Constitution proposed by the Democracy should be understood and rigidly carried out. We do not believe in the necessity of alterations. The Constitution as it stands is good enough and it is setting a bad precedent for the people to consent to any changes at this time. The unanimity and gentleness with which the democracy advocate these amendments carry on their face the necessity for our opposition. We all remember the desperate effort made by the former democratic legislature to force a constitutional convention upon the people without the sanction of law, and although they were utterly defeated, and had gone before the people with the solemn statement that they would be compelled by reason of their oaths to levy a tax for the payment of the State debt, they neglected to do it and now their successors are attempting a change in another form.

Speaking of the amendments, the Raleigh *Sentinel* says:

Some of our cotemporaries are apprehensive that there will be a large Republican vote against the constitutional amendments. There are no signs of it in these parts. Jeems Harriss, colored, and Mr. R. C. Badger were for the amendments before the Legislature. If they have not rotated they are for them to day.

Mr. Read, of Warren, a Republican of standing, says he is sure there will be no issue made upon the amendments. However, we must not fail to vote because everybody has been, or pretended to be, for the constitutional amendments.

We are strongly of the opinion that the *Sentinel* will find after election day, that the vote will hardly be as unanimous as its friends believe.

Important to Voters.

The Raleigh *News* publishes the following instructions which should be carefully heeded. It comes to us in an official shape, being signed by the Chairman of the several State Committees, and should be cut out for future reference:

RALEIGH, N. C., July 22d, 1873.

The undersigned, in reply to inquiries made from different parts of the State as to what are the requisites in submitting the constitutional amendments to the people will state:

1st. The Sheriff in every county in the State shall open the polls at the several election precincts in his county on the first Thursday in August next, and the same shall be kept open one day, from the hour of 8 A. M., until the hour of 7 P. M., when every person qualified to vote according to the constitution may vote for or against each amendment on a written or printed ticket.

2nd. The County Commissioners, or upon their failure, the inspectors of election shall provide for each election precinct—eight ballot boxes, one for each amendment to be voted on.

Each of said boxes shall have attached thereto a written or printed label, designating the amendments to be voted on therein, and after the close of the election the judge shall count out separately the number of votes cast, for and against the amendment.

(See chap. 153, acts 1872-'73.)

We would suggest the following as the form of one of the tickets:

Amendment to N. C. Constitution in relation to Public Debt (chap. 85, acts 1872-'73.)

For amendment—(or when so desired, say) against amendment.

Of course each ticket must be prepared to suit each amendment of which there are eight.

EDITORIAL BUDGET.

— John P. Hale's surgeons deem it not advisable to attempt to set his hip, and it is considered doubtful if he can recover. He suffers extreme pain, and is able to lie only in one position. He had returned from a ride to the Great Falls previous to the accident, and felt unusually well.

— A consistory will be held at Rome for the nomination of bishops. The cardinals there have had instructions from the Vatican not to receive the Cure of Santa Cruz on his arrival in Rome.—The commission for the liquidation of ecclesiastical property has opened its session.

— The Carlists have made a formal demand of France for the recognition of their rights as belligerents. The French Government has refused, and declares that it will remain perfectly neutral.—In accordance with this policy, it has forbidden the Spanish Republicans from sending succor to Puycerda by way of Port Vendres, a French town on the Mediterranean.

— The French Assembly, after a most excited debate, adopted the bill empowering the permanent committee, which sits during the recess, to prosecute the the insulters of the Assembly. M. Ernoul, in the course of a vigorous speech, denounced dictatorship as the daughter of license, and declared that tyrannical republics were sure to beget Cæsars.

— It is officially announced that the fortified town of Mezieres, capital of the Department of the Ardennes and Charleville, on the opposite side of the river Meuse, in the same Department, were evacuated by the German forces, which have occupied them since the conclusion of the war. The staff of the army of General Manteuffel, the commander of the army of occupation, will remain at Doncy for a short time. After the departure from that city the Verdun district will be the only French territory occupied by German troops.

— A Paris special says that the proposition for recognition of the Carlists has been more than once discussed in the French Cabinet. Duke de Broglie favors treating with the Government of Don Carlos, as the only power capable of performing the functions of the Government in Spain. President McMahon is willing to accept Broglie's views, even if he were not himself compromised by his promises to the friends of Don Carlos, but other members of the Ministry apprehend that such a course would greatly excite France, and too glaringly countenance and recognize the monarchical tendency as right. The Carlists, however, are confident of early recognition, and are encouraged by their recent successes everywhere. There is a general disorganization in Spain of every power that could have opposed them, and despondency and hopelessness seem to have seized the Republicans.

WASHINGTON NOTES,

The Postmaster General has extended the free-delivery system to twenty-five towns during the present month.

Lieutenant Isaiah McDonald, of the 9th cavalry, and Second Lieutenant William M. Bandy, of the 19th infantry, have resigned.

A dispatch was received at the Navy Department Wednesday that the Tigress had arrived at St. John's, New Brunswick, and all on board were well.

A general court-martial has been ordered to convene at Fort Monroe. The detail of the court consists of eleven officers, and the instructions are for the trial of all such persons as may be brought before it.

Attorney General Williams refused to recommend a pardon in the case of James Pickett, who was sentenced to death for the murder of an Indian woman. He is the first man who has been sentenced to suffer the extreme penalty of the law for the murder of a redskin.

Lieutenant F. A. Miller and Ensigns C. A. Richardson and Edward M. Hughes have been ordered to special duty at New Orleans, La.; Mate Henry Setly ordered to the receiving ship Potomac, at Philadelphia; Second Assistant Engineer J. A. B. Smith to the Tallapoosa, 26th inst., relieving Second Assistant F. C. Burchard, placed on waiting orders.

A telegram was received at the War Department Wednesday from the Military Academy stating that Cadet Israel W. Pennis, of the third class, was drowned Tuesday evening while bathing. His body has been recovered, and his parents have been informed. He was a native of Illinois, and represented the 15th Congressional district of that State at the Academy.

THE wheat crop of Catawba proves to be just about a half crop. The oats are remarkably fine.

TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is possitively the only line running Pullman Palace Drawing-Boom Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.
