DIED:

At his residence, in this county, after a short illness, Mr JAMES ALEXANDER, in the 56th year of his age.

The deceased was born and always lived in this county, of which he was a valuable and highly respected citizen. By an honest honorable and virtuous course of life he endeared himself to a large circle of friends, and was much esteemed by all who knew him, for his amiable and other excellent qualities, both of head and heart. Living for many years a consistent member of the Episcopal Church, he died in the communion of the same, and his friends are consoled with the hope that he has been transferred to a brighter state of existence, and now rests from his labors. [Com.

At Willfong Springs in Catawba County on Saboth morning 17th inst., Mrs. CATHARINE WOOD, wife of Thomas Wood of this county

Her illness was confined to the last twelve days continuance, violent and throughout painful in its progress. She had been a member of the Presbyterian Church for many years, and had adorned her profession by a consistent walk and a growing interest in the doctrines, duties, and blessings of the gospel. She often expressed during her sickness, her exemption from the fear of death, and her submission to the will of God if it should be his pleasure to call her away. She has left a husband, an only son, and numerous other relations to lament their sore bereavement but "not as sorrow as those who have no hope. She was in her 52d year, had generally enjoyed good health, and her constitution seemed unimpaired, and capable of enduring the ordinary trials of life for many years. But borne disease made a short work, and thus left a more impressing example of the uncertainty of life. "Be ye also ready, for in such an hour as ye think not the Son of man cometh."

The Lord comfort the afflicted mourners and sanctify the bereavement to them. J. R.

FAIR MT. FOUNDRY & MACHINE SHOP.

STAFFORD, DIXON & CO'S
PREMIUM HORSE POWERS, AND
THRESHERS,

ARE so well known, that description is unnecessary. For the past ten or fifteen years their superiority over other Machines has been fully tested by hundreds of the most intelligent and enterprising Farmers of the State, and their popularity may be known from the fact that we have never been able to supply the steadily increasing demand. But having recently refitted our shop, and increased our working force, we trust in future to be able to keep pace with the orders that a discriminating public may favor us with.

These Machines were on exhibition at the State Fair in 1854 and '55, in competition with Machines manufactured in this State, as well as a number from other States, and took a DIPLOMA and the HIGHEST PREMIUM, over all others. We also manufacture, at short notice, Grist and Saw Mill Irons, Factory Gear, Circular Saw Mills, Wool-carding Machines, Straw and Stalk Cutters, just the thing that farmers need this dry season; and all kinds of castings in common use in the country.
