Efforts of Senator Ransom in Behalf of Illicit Distillers.

Personal--Howard to Command the Next Indian Fight in Person.

Iowa Following Suit to New Hampshire.

A Motion to Endorse the Administratio n Southern Policy Killed by a Three-Fourths Vote.

Great Excitement Over the Resolution.

WASHINGTON, June 28.—The action of the Des Moines, Iowa, convention being first, the State convention has been watched. The financial planks follow:

"4th. The public credit should be sacredly maintained, and all obligations of the government honestly discharged; and that we favored the early attainment of currency convertible with coin, and therefore advocate a gradual resumption of specie payments by continuous and steady steps.

"6th. The silver dollar having been a legal unit of value from the foundation of the Federal government until 1873, the law under which its coinage was suspended should be repealed at the earliest possible day, and silver made with gold a legal tender for the payment of all debts, both public and private. We also believe that the present volume of currency should be maintained until the wants of trade and commerce demand its further contraction."

At the conclusion of the reading, a resolution endorsing the President and his policy was offered by Mr. Resly, as an amendment to the first resolution. This created indescribable uproar, and was received with a tumult, in which were mingled vociferous protests and hisses. The chairman ruled the resolution as not being germane to the subject. An amendment endorsing the policy, and saying that it would secure the results asked for in the third resolution of the report of the committee was then offered to that resolution, and with the same result. The third resolution as presented by the committee, was then adopted. After this, all the rest of the resolutions of the committee were adopted.

Mr. Cutts offered the following resolution:

Resolved, That the so-called Southern policy which has been inaugurated and pursued by the present National administration is in accord with the principles of the Republican party."

This was received amid general tumult.

Dr. Bardsley moved it be referred to the committee on resolutions.

Mr. Merriam, of Keokuk county, moved, amid great excitement, that the resolution be tabled, and it was adopted by about a three-fourths vote.

Key and Schurz have returned. Hayes comes on Saturday.

Judge T. M. Cooley, of Michigan, is prominent for the Circuit Court Judgeship, made vacant by Judge Emmons' death.

General Howard proposes to command the next Indian fight in person. He is waiting on Salmon river for his forces to concentrate. In the meantime, the enemy has ample time to scatter.

During the past six weeks, Senator Ransom of N. C, has been appealing to the President and Secretary of the Treasury for amnesty for all of his people charged with violating the internal revenue laws. It is said that he has concluded an arrangement with the Internal Revenue Department by which all cases in N. C., can be compromised with the government under certain restrictions. The terms are understood to be satisfactory to Gen. Leach, J. N. Staples and T. P. Keogh, who are attorneys for the tobacco and whiskey men.

Double Murder--Fatal Result of a Feud.

CINCINNATI, O., June 28.—Near Williamsburg, Grant county, Kentucky, on Tuesday evening, during an altercation between Thomas Redd and Wm. Little, brothers-in-law, regarding a certain piece of land, the former shot the latter, inflicting a mortal wound, when Little returned the shot, killing Redd. A feud had existed for many years between the families of Redd and Little.

Doubt of Wantonness in Russian Bombardment.

The Danube Again Crossed—Continued Battle Between the Armies.

Nickapolis Burned by by Bombaadment--Bradlaugh and Besant Fined and Imprisoned.

LONDON, June 27.—The affair of the twenty-first, near Delahaba was very severe. The Russians fell back the following morning with heavy loss. The Turks lost four hundred killed and two thousand wounded.

A dispatch from Kustendji, Wednesday, says the Russian cavalry are spreading over the interior of the Dobrudscha, but the infantry follows slowly. The authorities at Kustendji are preparing to evacuate.

The *Times'* Bucharest special reports that the Russian General at Guirgevo, died in the hospital at Bucharest. General Rath was previously reported wounded.

Two Turkish monitors caught by low water in one of the branches of the Danube, near Matchin, have been summoned by the Russians to surrender, but at the latest accounts no reply had been made to the demand.

The Russians are very anxious to capture these monitors uninjured.

The *Times* in its leading article says the neutral States are painfully interested by reports that the Russians have been violating the laws of war by the infliction of wanton injury. If they deliberately directed their guns against the consulates and defenceless parts of Rustchuk, their guilt is surpassed only by their folly, and that folly would be all the more glaring because if, as reported, they continued to fire on the English consulate after the consul hoisted the American flag, they would have gone out of their way to assail a power peculiarly friendly to themselves. It is difficult to believe that the Russians would have deliberately inflicted such an outrage, and it is well to remember that similar charges invariably accompany every bombardment.

BUCHAREST, June 25.—Grand Duke Nicholas, at the head of the eighth army corps, crossed the Danube near Simnitza yesterday at daybreak, driving the Turks from their positions. Boats filled with troops continued to cross the river all yesterday. The official account, dated yesterday, says the engagement with the Turks is still proceeding.

Nikapolis has been burned by the bombardment.

LONDON, June 28.—Charles Bradlaugh and Miss Annie Besant, who were arrested and tried for publishing a pamphlet alleged to be immoral, have been condemned to six months' imprisonment and to pay a fine of two hundred pounds each, and to enter into engagement to behave well for two years.

A special edition of the *Standard* has a Bucharest dispatch stating that the Bulgarians in the Dobrudscha are arming against the Turks.

VIENNA, June 28.—In the Lower House of Reischeich, the Minister President in reply to an interpellation said: "No offensive or defensive alliance with Germany had been refused because none had been asked by Germany." He added, "that the government still maintained its declaration of neutrality, and its relations with foreign powers were the same, and there was no occasion for mobilization of defensive forces. Should events occur, however, rendering reinforcement troops on the frontier necessary, the government reserved to itself the power to take such measures as the protection of her immediate interests on the frontier might require; the fact that the government had hitherto deemed these measures unnecessary, and from a regard for its financial position still dispensed with them, was a guarantee that it would not adopt them prematurely, nor to a greater or less extent than might be necessary."

The Fleetwood Park Races.

NEW YORK, June 28.—The attendance at Fleetwood Park to-day was large. The heats were free for all ages. Hopeful won the straight heats; Judge Fullerton, second; Albemarle, third, and Adelaide, fourth. Time, 2.18¼, 2.00, 2.11.

The number of Opium and Morphia eaters in this country alone, would equal in size an immense army. To what extent the desire was ingrafted in these unfortunates by the early administration of the deadly poisons named it is not difficult to conceive. Dr Bull's Baby Syrup is *the* remedy for the diseases of babyhood, contains nothing injurious to the weakest infant and is absolutely safe under all circumstances. Price 25 cents.
