FROM WASHINGTON.

The Connecticut Democracy—Secretary Sherman on Louisiana Politics—The National Republican Committee, &c.

Special Dispatch to the Baltimore Sun.

ONE OF THE UNTERRIFIED.

WASHINGTON, November 17.—Senator Eaton, of Connecticut, has arrived in the city. The Senator is a sturdy old Jacksonian Democrat, whom defeat cannot dismay. He says the Democracy of Connecticut are all right; that the reason why the Republicans did so well at the recent election in that State was because thousands of Democrats, for reasons satisfactory to themselves, stayed at home. He entertains no misgivings as to Democratic success next year, if the party management is judicious. With a proper candidate the Democrats, he believes, can easily carry New York, New Jersey, Indiana and Connecticut. The Democrats, he thinks, will have the majority in the Legislature next year, and thus will retain the United States Senator.

LOUISIANA POLITICS.

Secretary Sherman has addressed a letter to the chairman of the Louisiana Republican State committee in response to a formal invitation for him to take part in the Louisiana campaign. The Secretary says he would gladly accept the invitation, but that he is so fully occupied in the preparation of his annual report that it is impossible for him to do so. He says he has strong faith that if Republican principles were fairly presented to the people of Louisiana and other Southern States, much prejudice that exists against that party would disappear. It is not the design or the purpose of the Republican party to deprive any citizen of any right which he may properly enjoy, or to discriminate against him, or to be unfair or illiberal in any respect in developing the resources of any State or section. The same class of men who in the South are Democrats are Republicans in the North. Referring to the charges of intimidation, &c., the Secretary says "it would be to test this allegation that I would like myself and see others participate freely and frankly in your canvass, making just such speeches on national issues in Louisiana as would be made in Ohio." He concludes: "I hope such a discussion can be and will be maintained, both this year and next in Louisiana, and that in this way all classes of citizens will become accustomed to examine both sides of political questions, and be tolerant in the free expression of opinion."

NATIONAL REPUBLICAN COMMITTEE.

The contest for the chairmanship of the national Republican committee is waxing hot. The friends of the principal aspirants for the Republican presidential nomination are busily at work laying the wires to secure the election of a chairman in their respective interests. Mr. Blaine is not satisfied with having one candidate in the field, but has put up two—Mr. R. C. McCormick and Mr. Wm. E. Chandler. Mr. Chandler is by far much the brighter and the smarter of the two, but he does not possess the cultivating powers which pertain to Mr. McCormick. Mr. McCormick is put down on the committee as representing Arizona, although he has not lived in that Territory for a number of years. Governor-elect Cornell, of New York, will, as once before stated, be the candidate of the Grant-Conkling element. Col. Thos. B. Keogh, of North Carolina, one of the ablest and most popular members of the committee, has also been prominently spoken of in connection with the chairmanship.

BRIEF NEWS ITEMS.

A decree for the sale of the Rockbridge Alum Springs has been entered in the Circuit Court of Augusta county, Va.

The New York *Graphic* says there is a rumor coming from well-informed sources that Mayor Cooper is about to be superseded.

The two-year-old child of Mrs. Gillivray, of Carp Village, Ontario, ate the sulphur of twenty matches Sunday and died soon after.

The New Orleans *Times* says that the new constitution of Louisiana and the vote on the constitutional convention declaring that the colored people shall be protected in their rights, have stopped the exodus of colored men from the State.

Mrs. Emily Smalley, of Lowell, Ohio, widow of a soldier, drew $2,500 pension money last week and purchased a revolver for fear of being robbed. Her ten-year-old son picked up the weapon, accidentally discharged it and the bullet went through his mother's heart, killing her instantly.

Two young men and two boys were together in a room in Bristol, N. H., Sunday, when Orville Haynes, 19 years old, pointed a cocked revolver at the others. He was told to stop, as the revolver was loaded, laughingly he pointed it at his own head, when the revolver was discharged, killing him instantly.

A dispatch to the Indianapolis *Journal* from Lafayette, Ind., Monday, says: "C. Gayler, manager of Gayler's Comedy company, which has been playing here for two nights past, this evening departed, having embezzled the company penniless. They claim that Gayler has taken off at least $25,000, and has paid no salaries."

A farmers' convention, in which the Southside counties will be fully represented, is to be held in Petersburg, Va., commencing on the 25th of the present month, for the purpose of considering some important measures for the future interest of that State. Hon. Thomas F. Bayard, of Delaware, has been invited to deliver an address on Wednesday, the 26th, on "The Duties of a Citizen."

About two weeks ago John L. Wilson, a boy of sixteen years, who resides in Washington City, had one of his fingers crushed by being caught in the cog wheel of a "merry-go-round," or flying horses, at the National Fair grounds. The injury seemed to be slight at the time, but Sunday lockjaw set in, and notwithstanding the best surgical skill he died that evening.

An important law case, against Oler & Co., ice dealers, of Baltimore, is pending at Gardiner, Me. It concerns the obligation of ice companies to fence in the ice fields on the river when cutting ice, and whether they can be held responsible for damage arising from weak or open spots on the fields, if such spots are not occasioned by the ice being removed. The decision is looked for by the ice companies with interest.

Near Lawrence, Kansas, Sunday evening, Strawder Hines, colored, went to the house of Samuel Odell, placed the muzzle of a gun near the window where Odell was sitting and fired, killing him instantly. Hines then went into the house with the intention of cutting Mrs. Odell's throat with a butcher's knife, but desisted, he claimed that Odell had threatened his life for dangerously frightening Mrs. Odell some months before.

A Gift.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. PISTOL AND GUN.

Two Fatal Difficulties in Spartanburg, S. C.

Spartan, 19th.

Last Saturday night a most foul deed was committed near Byrd's bar-room between 9 and 10 o'clock. Pet Hawkins, a colored boy about 17 years old, was shot down on the side-walk, and died very soon aftewards. Sheriff Thompson was on the alert, and for sufficient reason arrested Thomas White. He was found in bed at the rooms of his brother-in-law, Mr. Bayerly, at Wofford College, about 2 a. m., Sunday. Coroner Ezell promptly summoned a jury and commenced the investigation at once. After taking part of the testimony he adjourned until Dr. Means could finish the post mortem examination. Sunday at 10 a. m., the investigation was continued, and after examining all the witnesses the jury rendered a verdict that Pet Hawkins came to his death by a pistol in the hand of Thomas White. The proof was point blank, two witnesses swearing that they saw White do the shooting. Cartridges were found in his possession of the same size of the one by which Hawkins was killed. Mr. Bayerly brought over to the coroner a pistol which White had in his possession when he got to his house Saturday night. White had been drinking, but the testimony conflicts a little as to the degree of intoxication which he had reached. He was born near Glenn Springs, in this county, but has lived most of the time since he has grown up in Greenville county. He has recently been living at Cowpen's Station, running the engine of Crocker's gin. White is about 28 years old. This deed is regretted by all persons, white and colored, and there is but one opinion as to the fact that the guilty man should suffer for the crime as the law directs.

On Tuesday, the 11th inst., J. Calvin Paris and A. Jack Williams, brothers-in-law, living in the neighborhood of Cherokee Springs, had an altercation which ended in the death of Williams, caused by a blow struck with a double-barreled shot-gun in the hands of Paris. This is the substance of the verdict of the coroner's jury. Jas. L. Scruggs, trial justice, acted as coroner. It seems that Paris had rented land from Williams, and there was a slight misunderstanding some way. Paris went to Williams' field and found him packing fodder on a wagon. He at once opened up the subject in dispute. Words multiplied and there was a rush of hot blood to the head. Williams ordered Paris to leave the field, which he refused to do, whereupon Williams descended from the wagon and took a gun from a young man who was standing near. Then a scuffle ensued, and Paris took the gun from Williams, who in the scuffle fell to the ground, and as he attempted to rise Paris struck him across the head, which blow, according to the verdict of the jury, was the cause of his death. He died Wednesday morning, and the inquest was held that afternoon. Paris came down and voluntarily surrendered himself to the sheriff, and is now in jail. There was no old grudge and no malice. Both men were sober. It seemed to happen on the spur of the moment. Two persons witnessed the affair. Both parties were good, quiet, law-abiding citizens.

The Amelia Linkhaw Case.

Lumberton Robesonian, 19th.

The largest crowd who ever stood in our court house, was present last Monday morning. The prisoner, Miss Linkhaw, was conveyed to the court house in a buggy, accompanied by her mother, who sat with her in the prisoner's box, while her sister, Mrs. A. C. Meike, sat with her husband inside of the bar, and to the right of Col. W. Foster French; of the 250 good and lawful men who were summoned, very few failed to answer to their names. When court adjourned for dinner, the jury was made up.

When court was called in the afternoon, the witnesses for the State were called and sworn. Mrs. Effie Rancke was present when the shooting took place, and Drs. McMillan & Lewis stated that said wound was the direct cause of death. Having proved these two points, the State rested the case, and the witnesses for the defense, about forty in number, were called. Several of them testified to the good character of the prisoner prior to the shooting. Able counsel was employed on both sides. Our excellent solicitor, Capt. McIver, assisted by Alf. Rowland, Esq., prosecuted, while Col. French conducted the defense. It is certainly one of the most remarkable cases that has ever been upon our docket.

The evening session was spent in the examination of a few witnesses. We had hoped to be able to give the result of the trial in this week's issue, notwithstanding the late hour at which it was held on Monday night, as we go to press this (Tuesday) afternoon, several witnesses have not been examined, and we would not be surprised if the case will occupy three days. A full report of it will be given next week.

Railroad Meeting at Winston.

Winston Leader.

According to previous announcement quite a number of gentlemen from Leaksville, Walnut Cove, Mocksville, Mooresville and Statesville, met here on Friday last to consult on the subject of the extension of the Virginia Midland Railroad. Charlotte had previously expressed a great interest in the matter, but she was not represented in this meeting. The meeting was addressed by Maj. W. M. Robbins, Dr. J. J. Mott and Judge Furches, of Statesville, Mr. John Clemmons, of Mocksville, Maj. Morehead, of Leaksville, Judge Wilson, Col. Alspaugh and J. C. Buxton, of Winston, and several other gentlemen, whose names we did not learn. The meeting finally broke up without accomplishing anything.

A Benefactress.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightengale of the Nursery. Of this we are sure, that we will teach our "Susy" to say. "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. MRS. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhœa. It broken the gums, reduces inflamation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—only know her through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a special saviour to the infant race. Sold by all druggists 25 cents a bottle.

Quick Fortunes in Stocks.

Vast sums of money are made in quick turns of stocks in Wall Street. Business has never been more successful. By the new combination plan, large and small investments (from $25 to $10,000) are combined in one vast sum, and operated by the most skillful experience, securing immense power in the stock market and gaining splendid profits. Thousands of customers are thus united in one concurrent enterprise, and receive their pro rata profits monthly. An Indiana county merchant made $17,892.41 in four operations. A Texas cattle dealer made $32,615.94 in two combination; a St. Louis shipping merchant made $47,876.21 in less than six months, all through the combination plan of Messrs. Lawrence & Co., which has realized the grandest successes in the history of the stock market. Their new circular, with "unerring rules for success," and complete explanations, how to make money in stocks mailed by Messrs. Lawrence & Co., Bankers, 57 Exchange, New York City.

Patent Medicines.

TUTT'S PILLS

are extracted from Vegetable products, combining in them the Mandrake or May Apple, which is recognized by physicians as a substitute for calomel, possessing all the virtues of that mineral, without its bad after-effects.

AS AN ANTI-BILIOUS MEDICINE

they are incomparable. They stimulate the TORPID LIVER, invigorate the NERVOUS SYSTEM, and give tone to the DIGESTIVE ORGANS, creating perfect digestion and thorough assimilation of food. They exert a powerful influence on the KIDNEYS and LIVER, and through these organs remove all impurities, thus vitalizing the tissues of the body and causing a healthy condition of the system.

AS AN ANTI-MALARIAL REMEDY

They have no equal; and as a result act as a preventive and cure for Bilious, Remittent, Intermittent, Typhoid Fevers, and Fever and Ague. Upon the healthy action of the Stomach, depends, almost wholly, the health of the human race.

DYSPEPSIA IS THE BANE

of the present generation. It is for the Cure of this disease and its attendants, SICK-HEADACHE, NERVOUSNESS, DESPONDENCY, CONSTIPATION, PILES, &c., that

TUTT'S PILLS

have gained such a wide spread reputation. No Remedy has ever been discovered that acts so speedily and gently on the digestive organs, giving them tone and vigor to assimilate food. This being accomplished, of course the

NERVOUS SYSTEM IS BRACED, THE BRAIN IS NOURISHED, AND THE BODY ROBUST.

Being composed of the juices of plants extracted by powerful chemical agencies, and prepared in a concentrated form, they are guaranteed free from any thing that can injure the most delicate person.

A noted chemist who has analyzed them, says "THERE IS MORE VIRTUE IN ONE OF TUTT'S PILLS, THAN CAN BE FOUND IN A PINT OF ANY OTHER."

We therefore say to the afflicted Try this Remedy fairly, it will not harm you, you have nothing to lose, but will surely gain a Vigorous Body, Pure Blood, Strong Nerves and a Cheerful Mind.
