CHEAP WINE IN ITALY.

Americans Pay Two Dollars for What Sells for Eight Cents at Home.

Milan Letter in San Francisco Chronicle.

Though it may be true that the most delicate wines of Italy are grown on the hillsides, very good ones are made from the grapes raised on the plains, along the Adriatic. At Sen severe, for instance, the ground is slightly rolling, and the vine produce, though having no special exposure, is made by primitive process, is excellent and singularly cheap. At the hotels and restaurants of the town each guest is given a quart bottle of red wine, better than he gets in America under the name of St Julien and Medoc for two dollars per bottle, and the price is only eight cents. It is a claret of beautiful color and exceedingly agreeable to taste. This is a region where the French purchase both grapes and wines so largely that the people have none for their own use the following spring.

The wines of Asti (in Piedmont), both white and red, may be said to be almost famous. They are sold in all the cities of Lombardy, Venitia and in Florence and Genoa, and are to be found, if wanted, in the cities of the south. Barberi and Grignolino, two of the brands best known, are sold in some of the Milan wine shops for five cents a large glass or goblet, and a sparkling Muscat, the gas artificially introduced, for the same price. The last is not unpleasant if obtained perfectly fresh. These sparkling wines can be purchased in the cities of Northern Italy for 12 and 15 cents the pint bottle. The Barberi and Grignolina are furnished at the Genoa hotels for three francs the quart, 30 cents per pint bottle. They are pleasanter to the taste and far more wholesome than any of the medium grades of French claret which costs three times the amount in the hotels of America.

Mobs Reigning in the Streets -- Scenes of Riot on the Way to Hyde Park.

LONDON, Feb. 8.- At seven o'clock this evening all that part of the city in the neighborhood of the National Gallery, the Carlton Club and the Reform Club is in the possession of mobs. Several faction fights have already taken place among the rioters, and the furious mob is now marching through St. James street and Picadilly on its way to Hyde Park to hold a meeting. The mob is cursing the authorities, attacking the shops, sacking saloons, getting drunk and smashing windows. On its way to Hyde Park the front of the mob made an effort to enter the war office, but turned away when the sentinel at the entrance confronted the intruders with his bayonet. Conspicuous among the building attacked by the mob was that occupied by the Devonshire Club, and that occupied as the residence of Arnold Morley, the newly appointed patronage secretary.

The police along the route to Hyde Park were brushed out of the way by the rioters as so many men of straw, and many of the officers were terribly whipped for their interference.

Fire in Augusta---Overdosed Young Man Recovering.

AUGUSTA, Feb. 8.—A fire this morning at 2 o'clock destroyed the stores of M Colclough, Mrs. S. H. Meyers and E. Kaufman. The loss is about $18,000; insurance $12,000.

Thomas A. Scales, a prominent young man of Augusta, who took an overdose of morphine last Friday, and who has been in a critical condition, is now considered to be on a fair way to recovery, tonight.

* * * * A disease of so delicate a nature as stricture of the urethra should only be entrusted to those of large experience an skill. By our improved methods we have been enabled to speedily and permanently cure hundreds of the worst cases. Pamphlet, references and terms 10 cents in stamps. How few there are who are aware
That soon the gums and teeth decay,
Unless they are brushed with greatest care
With SOZODONT from day to day.
For this great dentifrice, we know,
Will keep them pure and white as snow.

Stand not upon the Order of Your Going.

But go at once and buy a bottle of the fragrant SOZODONT. You will never regret it. It not only beautifies and preserves the teeth and arrests decay, but leaves the mouth cool, and the breath as fragrant as a rose.

"SPALDING'S GLUE," mends everything.

Mrs. Winslow's Soothing Syrup.

Rev. Sylvanus Cobb thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub wakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege on any consideration whatever. Sold by all druggists. 25 cents a bottle.

The sweet gum, as gathered from a tree of the same name, growing along the small streams in the Southern States, contains a stimulating expectorant principle that loosens the phlegm producing the early morning cough, and stimulates the child to throw off the false membrane in croup and whooping-cough. When combined with the healing mucilaginous principle in the mullein plant of the old fields, presents in TAYLOR'S CHEROKEE REMEDY OF SWEET GUM AND MULLEIN the finest known remedy for Coughs, Croup, Whooping-cough and Consumption; and so palatable, any child is pleased to take it. Ask your druggist for it. Price, 25c, and $1. If he does not keep it, we will pay, for one time only, express charges on large size bottle to any part of the U. S. on receipt of $1.00.

THE NEW DAVIS SEWING MACHINE.

CAUTION.
In these days of sharp competition and progress, it is well to be cautious in purchasing any article of merchandise, on the moment, or, upon the recommendation of others, who are not thoroughly posted. Especially is it so, as regards a sewing machine. Friends and neighbors all think theirs the best, and do not hesitate to say so, when the fact may be, they have never seen the "Davis." Before buying a sewing machine, we advise every one to examine the New High-Arm Davis, and we are sure they will be repaid for the effort. It seems almost incredible that, at this late date, so much improvement were possible. If the present evidences of popularity continues, this new model machine will have the greatest sale of any ever placed on the market.
Good live agents wanted to solicit for this new machine.
