THE VICTORY CELEBRATED.

WAKE FOREST DEBATERS FETED

The Cup Won for the Second Time From Richmond College—Work on the New Alumni Building Progressing Rapidly—College Comes Into Possession of a Large Oil Portrait of Rev. Martin Ross, Patriot and Pastor.

Special to The Observer.

Wake Forest College, Nov. 26.—Yesterday was a big day at Wake Forest. Our representatives, Messrs. J. C. Patton, of Morganton, and A. H. Olive, of Thomasville, won the debate with Richmond College at Raleigh, Thursday night. This was the third debate with Richmond. The latter won the cup at at the first debate, Wake Forest won it last year, and has again won it this year. Until three years ago the cup was debated for by Wake Forest and Trinity, but the latter college withdrew from the contest. Then Wake Forest challenged Richmond. The cup has never before been awarded to one college twice in succession. It has been going from one to the other and for this reason some people formed the opinion that it had become a custom and the cup would be given to the college that had been unsuccessful the year before. But this monotony has been broken. Messrs. Patton and Olive put up a good fight and won. The Richmond speakers had good speeches, they were well written, but the delivery was poor. The debate was delayed in order that a music rack might be secured for the Richmond men to place their speeches on so that they could read them. If the speeches had been spoken instead of being read they would have had more weight.

The large crowd that went from here to the debate returned yesterday morning about 2 o'clock on the special train. They were happy and kept up quite a noise when they reached here, college yells and the ringing of the old college bell kept things lively while a large bonfire illuminated the campus.

This morning at chapel exercises Professor Gulley, when he saw that the members of the faculty were going to be called on for speeches, stated that a time would be set apart for celebration. Shortly afterward the following notice appeared on the official bulletin board: 1—All students shall meet the noon train; 2, all shall proceed from thence to the chapel; 3, all the people of the hill, especially the ladies and children, are invited; 4, attendance of faculty and Dr. Lynch at chapel is compulsory; 5, recitations will be suspended the fifth and sixth periods; 6, the band shall furnish music; and 7, the Glee Club shall sing the college songs.

The town and student body gathered at the station to meet the train. When it came amid cheering almost deafening. Messrs. Patton and Olive were carried on the shoulders of the boys to a wagon that had been rigged up in the college colors—old gold and black. The debators were drawn to the chapel which soon filled to overflowing with men, women and children. Every member of the faculty was called on for a speech and responded in fitting words. The debators also made short talks. The whole meeting was full of enthusiasm and was the most enthusiastic ever held here. The speeches were all good and was thoroughly enjoyed. There was a good deal of wit got off especially by Drs. Lynch and Sikes and Prof. Poteat.

Work on the new alumni building is progressing rapidly. The bricklaying has reached the second story.

The college has recently come into posession of a large oil portrait of Rev. Martin Ross. It was received manly by the interest manifested by Rev. Dr. Hufham. This portrait is a copy of a small oil portarit owned by Dr. Richard Dillard, of Edenton, on the back of which is written the following:

"Rev. Martin Ross,
Patriot—Soldier—Divine."

A man of sublime character and great Christian zeal. His name is written in living lives upon every Baptist pulpit in eastern North Carolina. A soldier and patriot of the American Revolution, and at one time pastor of Edenton church. Born 1762; died, 1827.

He always rode on a grey horse, and some village witling composed on him the following distich:

"There goes Parson Martin Ross,
Riding on his old grey horse."

There was no man more prominent and useful among Baptists of the State than Mr. Ross. He is said to have been a man of commanding presence, fine voice, and great eloquence. He baptized more distinguished men than any man of his day. He originated the idea of a Baptist State Convention in 1817.

The condition of Editor J. C. Caddell, who has the smallpox at his home here, is just about the same. The disease has reached its worst stage, but Mr. Caddell is not seriously ill. All the members of his family have been successfully vacinated and Mr. Caddell's home is being strictly quarantined.

Mr. Delt Pearce, who graduated here last year and is now teaching at the Raeford Institute, in Cumberland county, spent a while here this week on his way to Raleigh to attend the Wake Forest-Richmond debate. —Mr. J. Arch MacMillan, of the class of '02, was also here this week on his way to the debate at Raleigh.

HORACE GRAHAM ACQUITTED.

Asheville Employe of Southern Express Company Found Not Guilty by the Jury—Freight Wreck Near Marshall—A Passenger Claims to Have Been Robbed.

Special to The Observer.

Asheville, Nov. 26.—Horace Graham, charged with embezzlement, was acquitted in the Superior Court this evening shortly before 6 o'clock, the jury being out only about fifteen minutes. Graham was arrested about six months ago on a warrant sworn out by officials of the Southern Express Company charging him with embezzlement of $500. At the time of the arrest Graham had been in the employ of the company only a few months. He protested his innocence, and at the preliminary hearing declared that he would be able to show that he was not guilty.

A passenger on No. 12 from the West, who arrived here late this evening, reported to Police Officer Bartlett, of Asheville, that he had been robbed of $100 while en route to this city and asked that two fellow passengers be searched for the money. When the officer started to search the men whom it was claimed had done the robbing, the complainant said that he was not sure that they were the parties and the officer desisted. Sheriff Ramsey, of Madison, who was also on the train, said that a man had complained to him that he had been robbed.

A freight wreck that occurred on the Knoxville division of the Southern Railway near Marshall to-day did considerable damage to rolling stock, though the train crew escaped injury. It could not be ascertained how the wreck occurred. Ten cars were derailed and a number of telegraph poles knocked down.

The steamer DeBarry, coming from Sanford to Jacksonville, stuck in Cox's Bluff, in the St. John's river yesterday. The passengers were brought to the wharf in Beresford. The steamer will need assistance to get off. It is not thought that she is seriously damaged.

FLAG RAISING AT POMONA.

Junior Order Has Charge of Exercises at New Graded School—General Assembly Will be Asked to Increase Greensboro Bond Issue — Coming Marriage.

Special to The Observer

Greensboro, Nov. 26.—Greensboro Council No. 13 Jr. O. U. A. M. held exercises last evening at the new graded school at Pomona, west of the city, in connection with the presentation to the school of a Bible and an American flag. At 8 o'clock the members of the council arrived and found a large audience already assembled. The programme consisted of a prayer by Rev. C. A. G. Thomas, of Edenton; a song, "America," by the children of the school; introductory remarks by the master of ceremonies, Capt. F. P. Hobgood, Jr.; presentation of Bible by Rev. Mr. Thomas; song, "The Old North State;" presentation of flag by Hon. O. B. Eaton, mayor of Winston; remarks accepting the Bible and flag by Prof. E. J. Forney, in behalf of the school committeeman; song, "The Star Spangled Banner;" remarks by Dr. C. D. McIver, and a few beautiful words of thanks and appreciation by Miss Wetmore, principal of the school. The speeches were all of unusual merit and excellence and the occasion was most interesting and enjoyable.

A resolution was adopted at the regular meeting of the board of aldermen instructing the city clerk to publish a notice that the next General Assembly would be asked to amend the city charter so as to increase the bond issue in order to provide money for the erection of a high school building costing in the neighborhood of $20,000. The matter was presented to the board by Messrs. C. H. Ireland and G. S. Sergeant, representing the city school board, who explained that the need for such a building is imperative, as the present school capacity is very much overtaxed, several of the grades being divided this year by some of the children going in the morning and others in the afternoon.

Mr. and Mrs. George Dick announce the engagement of their daughter, Miss Lizzie Leigh Dick, to Mr. Thomas Crabtree. The marriage will take place December 20th at the home of the bride on North Elm street. This marriage will be one of the society events of the season, as the bride-to-be is very prominent in social affairs of Greensboro and well known throughout the State. Mr. Crabtree is now living in Montgomery, Ala., but for several years made his home in Greensboro, where he has a host of friends.

LUMBER RIVER DRAINAGE.

Congressman Patterson Will Try to Interest the Government in an Effort to Reclaim Valuable Lands in Robeson County—News Notes of Lumberton.

Special to The Observer.

Lumberton, Nov. 26.—Congressman G. B. Patterson says that it will be his purpose during the next session of Congress to see if he cannot interest the government in draining Lumber river, thereby reclaiming thousands of acres of valuable lands which are rendered worthless by the overflow due to insufficient drainage. Generally these lands have rich soil on the clay subsoil, and all that is necessary to add thousands of acres to the arable lands of Robeson county is to secure such drainage as will insure freedom from inundation.
