COTTON MARKET.

New York, Sept. 3.—The cotton market opened steady at a decline of 2 to 5 points in response to lower cables, good weather and talk of easier Southern offerings which was colored to some extent by private cables reporting hedge selling in Liverpool. Business was fairly active but orders were very well divided and prices held around the initial figures during the early session. There was considerable buying of December by local operators against sales of later months. The market closed barely steady with prices 4 to 5 to 10 points lower.

Receipts at the ports to-day 50,039 bales, against 47,505 last week and 21,924 last year. For the week 375,000 bales, against 323,123 last week and 241,629 last year. To-day's receipts at New Orleans 3,322 bales, against 2,522 last year, and at Houston 13,857 bales, against 4,632 last year.

STOCK MARKET.

New York, Oct. 3.—The stock market to-day continued to feel the reviving effect of yesterday's stimulation of speculation in Union Pacific by the favorable showing of August net earnings by that road. Union Pacific continued to lead the market and to exercise a dominant sympathetic effect on the whole list. The close sympathy shown by Reading, St. Paul and the same stocks which led the summer rise in prices gave the impression that the same powerful money forces, which co-operated to further that advance, were once more active to the same end.

In the search for motives for this supposed resumption of speculative leadership of the market the one most dwelt upon was increased satisfaction on the part of the operators with the political outlook. Advices from money markets in the domestic interior showed a growing demand for currency. This was accepted as significant of expanding commercial activity and its effect in drawing down New York bank reserves was ignored in view of the prevailing ease of the local money market. The bank statement revealed how heavy has been the drain on cash items this week, the reduction in cash holdings running to over $10,000,000 on the average showing and to over $11,000,000 in the comparison of actual condition on Friday night. The credit requirements for the week made but a nominal net change in the loans of the clearing house banks but loans of "other banks" which includes the trust companies expanded $8,615,600.

Bonds were firm. Total sales, par value, $2,158,000.

United States 2s registered have advanced ¼ and the 4s coupon ½, while the 2s coupon have declined ¼ per cent. on call during the week.

Total sales 464,000 shares: Sugar 200; Chesapeake & Ohio 1,400; Louisville & Nashville 400; Norfolk & Western 100; Reading 73,100; Rock Island preferred 21,300; Southern Pacific 35,400; Southern Railway 600; preferred 400; Tennessee Copper 2,000; Sloss 200; Union Pacific 92,500.

Baltimore, Oct. 3.—Seaboard common and preferred, nothing doing.

New York, Oct. 3.—Mobile & Ohio ct. 4s 83 bid.

Hubbard Bros. & Co.'s Cotton Letter.

Special to The Observer.

New York, Oct. 3.—Europe took a much more pessimistic view of the bureau report than did America, due probably to the depressed condition of the textile industry abroad, where the absence of the buying power from America tells heavily upon a people contending with high-priced food supplies and lessened earnings on all sides. Cables state that the market was affected by offerings from the South, and some dispatches were at hand from the Southern markets noting more pressure to sell. Here good support was given to December while the distant deliveries were sold as hedges against purchases in the South. A Wall Street house was the largest buying to cover sales made on the last advance.
