We Fill any Prescription.
You have the same right to choose your druggist that you do your physician. Each should be chosen with care. Many people have the impression that prescriptions must be filled by the druggist upon whose blank they appear. But the blank has nothing whatever to do with it. The physician is apt to pick up whatever one comes handiest and he has no choice in the matter except that the prescription be filled where the work will be properly done. We make a specialty of high grade prescription work and are equipped to give service of ideal character. No matter what physician you employ we can fill his prescriptions

CATAWBA.

Hickory Mercury, Sept. 16th.

A series of meetings will commence in the Baptist church here next Sunday. The pastor will have the assistance of Rev. T. T. Martin of Missouri. The singing will be led by Mr. F. J. Harrel, one of the sweetest gospel singers in the South.

Hickory was never on a more substantial boom. The public works gives it a city appearance. There are at least three crews of hands at work on the water works system, and two on the streets and side-walks. These, together with the many on private works, repairing and building residences and store houses, churches, etc., give the city indeed a prosperous and rapidly growing reality.

There was a quiet, home marriage in the city Wednesday night. The parties were Mr. K. C. Menzies, cashier of the First National bank, and Miss Mattie Gwaltney, daughter of Rev. W. R. Gwaltney. The marriage took place at the bride's home at 9:30 p. m. Only relatives were present. Dr. Gwaltney officiated. There were several nice and valuable presents. The happy couple took the train for St. Louis. The good wishes of a host of friends accompany them.

WATAUGA.

Boone Democrat, Sept 15th.

'Tater digging is now in order and the crop is said to be good.

The contracts are being let for two new brick buildings at Blowing Rock. One large store house for W. L. Holshouser and a bank building. Mr. H. C. Miller is also erecting a residence and store house.

Mrs. George Moody, died at her home on Cove Creek last Saturday and was buried on Sunday. Mrs. Moody was well up in years, a good old lady, and leaves an aged husband and a large family to mourn her departure.

Mrs. John Lineback, of Mountain City, Tenn., the eldest daughter of Mr. and Mrs. J. C. Shull, of Shull's Mills, died on last Friday after an illness of some time with typhoid fever. She leaves a husband and several small children, the youngest being only two months old.

A miserable, ragged and dejected locking woman. with two impoverished little children, took in the town last week, begging for help. Our people, as usual, responded, and their wants were supplied. Soon after their departure it was learned that on the hill near town, awaiting their return, were two large, strong men, each carrying a gun. Such as this is simply an outrage, and we hope the good people of this and surrounding counties will keep a lookout for them, and not be duped as our people were.

FROM 148 TO 92 POUNDS.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight fron 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by W. A. Leslie, druggist.

CLEVELAND.

Shelby Star, Sept. 14th.

Revs. R. F. Treadway and D. F. Putnam have just closed a splendid revival meeting at Bessimer City, and many souls were saved. Both preached good gospel sermons and they bore fruit.

Forepaugh's and Sells Bros.' big circus will be in Shelby on Wednesday, Nov. 2nd. The advance agents were here this week arranging the site and making things ready for the coming of the big show.

Mr. C. C. Roberts, of Shelby, one of our big tax payers, was the first to pay his state and county taxes for the year 1904. He paid last week soon after the tax list for this year was placed in the hands of Sheriff Suttle.

Mr L. A. Blanton received a fox on the Southern passenger train Saturday morning from Mr. J. C. Price at Cassatt, S. C., and the boys had a great chase and fine sport Saturday night. They ran it for nearly an hour and finally caught it.

The series of meetings now in progress in the Shelby Baptist church will close Friday. Two services are held daily. Practically all of the business houses in town closed during the morning service the greater portion of last week, and the services have been well attended.

At a meeting of the Board of Aldermen held Tuesday Coke Duncan, of Blacksburg, S. C., was appointed Chief of Police of Shelby, and Mayor Jennings was instructed to communicate to him his election. Chief Duncan is a brave and fearless officer, and is vililant and capable.

Mr. Jesse Hogue, one of the county's oldest and most highly respected citizens, died Tuesday morning at 1 o'clock, of pneumonia. He leaves a wife and six daughters and one son. Mr. Hogue was 82 years of age and was known and loved throughout his section, and he was a valuable citizen.

The Republican Senatorial Convention met at Rutherfordton Monday and nominated Messrs. J. H. Quinn of Cleveland, and N. B. Hampton, of Polk county. Mr. Quinn was formerly clerk of the court in this county and Mr. Hampton has been clerk and sheriff of Polk county. The Democratic senatorial candidates reside in Rutherford and Henderson counties and the Republican candidates hail from Cleveland and Polk.

CALDWELL.

Lenoir News, Sept. 16th.

The infant son of Mr. and Mrs. V. D. Guire died last Monday evening.

Lenoirites are much interested in three approaching weddings to take place in our midst in the near future. We are not at liberty to give names, but the contracting parties are all of Lenoir and are among her best and most popular young people.

Miss Ella Austin, of Patterson, died at the home of her father, Mr. C. D. Anderson, Thursday of last week. The remains were buried at Harper's Chapel on Saturday. Messrs. W. F. and Walter Austin, her brothers, and her sister, Miss Nettie Austin of Nebraska, came in Tuesday to see her but were too late.

Last Wednesday at 1:30 p. m. Mr. John P. Steele, of Happy Valley, and Mrs. W. J. Alexander, of Rutherford, were united in marriage by Rev. J. O. Shelley. The ceremony was witnessed by a few friends at the home of Mr. Glass and Wednesday evening a reception was given in honor of the event at the hospitable home of the groom in the Happy Valley.

LINCOLN.

Lincolnton Journal, Sept. 16th.

There was a small fire in the picker room at Daniel Mill last Monday morning, which burned about one hundred pounds of cotton.

There was quite an excitement here last Friday night about nine o'clock. A large hanging lamp on the second floor of the Abernethy building fell, the oil running out and blazing, but it was soon extinguished, without any serious damage to the building.

The many friends of Mr. P. A. Reep were shocked to learn of his death last Tuesday morning of diabetes. Mr. Reep had not been in good health for some time, but no one thought him to be seriously ill, and his death was a surprise to his intimate friends. He was 57 years of age.

Hon. Richard N. Hackett, of Wilkes county, addressed the people of Lincoln county here at the court house last Tuesday. R. B. Glenn was to have spoken, but on account of being one of the counsel in the White case then being tried in Salisbury, was unable to be present. Capt. Glenn was employed in the case before his nomination, and of course, had to carry out his duties. While the large crowd expected to hear North Carolina's next Governor, the general opinion was that Capt. Glenn would have had a hard time putting up a better speech than they heard here Tuesday. Music was furnished by the Reepsville and South Fork bands, and they did well.

Mothers should always keep in good bodily health They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boschee's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. LAST WEEK'S COAST STORM.

Much Damage Along the Coast—A Number of Persons Drowned.

New York Dispatch, 15th.

A number of lives were lost, much property damaged and several ships were wrecked in the storm which swept up the Atlantic coast last night and today.

It was one of the fiercest September storms on record—thunder and lightning adding terrors to a howling gale which swept drenching sheets of rain over sea and land. To-night telegraphic reports say that the storm has swept out into the ocean from the Canadian coast.

The greatest loss of life was near Wilmington, Del. The tug, Israel W. Durham, with a crew of six men, and four other men, employes of the American Dredging Company, was swamped in the Delaware river early today during the height of the storm. Eight of the ten persons on the little craft were drowned. From farther down the coast—Jacksonville—comes the report that five men were drowned off Charleston. New York suffered comparatively little. The wind and rain and lightning and thunder were terrific, but little damage was done. Nineteen coal barges went adrift in the bay and tonight their wreckage strews the shore from the battery to the narrows, but no lives were lost. Several small vessels also went ashore on various parts of the coast near New York. One fatality was reported in this city when a piece of cast iron fire escape was blown from a building and struck Carl Hertzner, killing him instantly.

From Wilmington, Del., tonight, comes the news that great destruction was caused by the storm. Trees were uprooted, houses flooded and crops ruined. In Chesapeake Bay the storm was particularly fierce. Incoming steamers arriving at Baltimore report that never before in their experience has such a severe gale swept down on them at this time of the year. One man was seen adrift in a small row-boat in Chesapeake Bay, but it was impossible to rescue him. The storm was accompanied by a cold wave.

Trial bottles free at John Tull and W. A. Leslie's drug stores.

The Harvest Moon.

Statesville Landmark, 20th.

The moon which falls next Saturday, the 24th, is the harvest moon, the most glorious of the year. The harvest moon is the full moon that falls nearest the autumnal equinox, and owing to the fact that the full moon at time of the autumnal equinox is in that part of its orbit where it makes the smallest angle with the horizon it rises at nearly the same hour several nights in succession, thus giving an unusual proportion of moonlight evenings; and when the weather is fair the harvest moon seems to shine with unusual brilliancy.

The War.

Charlotte Observer.

What will likely prove the greatest battle of the campaign in Manchuria, has been fought, and the soldiers of both Czar and Mikado are now resting from the great fatigue which their almost unprecedented fighting occasioned. The result was an overwhelming victory for the Japs but it makes one shudder to calmly contemplate the awful cost of the capture of Liao Yang. The casualties are now placed at a total of about 60,000, and the fact that the hospital corps and the Red Cross with the Russian forces were entirely overwhelmed by the work laid out for them by the Japanese bullets shows the magnitude of the slaughter. The fact that 25,000 Russians who had been cut off from the main body and were in danger of annihilation or capture at the hand of the Japanese made their escape, and the failure of the Japs to overhaul Kuropatkin before he reached Mukden, is not surprising and detracts nothing from the sweeping triumph of the Japanese arms. As the situation now presents itself, the Russian forces have hauled in the vicinity of Mukden, about 75 miles north of Liao Yang, with the Japanese not far away, but, there seems no immediate danger of another general engagement, and in fact, late dispatches that the present campaign may be considered practically ended, and the armies are likely to establish winter quarters and merely strengthen themselves for the second year's warfare. It may be that the Russians will remain at Mukden, but it has been indicated in recent dispatches that Harbin would be made headquarters. The latter place is some 300 miles north of Mukden and should Kuropatkin withdraw thither, Russian evacuation of the entire southern portion of Manchuria would be complete. But whatever the decision of the Russians on this point, the recent operations have emphasized the steady victory of the Japanese, and made Kuropatkin's alleged strategical movements appear in the light of retreats that became in some instances almost panics.

THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by W. A. Leslie, druggist.

Indigestion Causes Catarrh of the Stomach.
For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.
Kodol Dyspepsia Cure
relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
Kodol Digests What You Eat
Make the Stomach Sweet.
Bottles only. Regular size, $1.00, holding 2½ times the trial size, which sells for 50 cents.
