ATTEMPT TO WRECK TRAIN NUMBER 13

Piece of Timber Laid Across Track; Not Sufficient to Derail Engine.

A desperate attempt was made last night about 8 o'clock to wreck passenger train No. 13 between Columbia and Asheville, but failed. The attempt to wreck the train was made at what is known as mile post No. 21, about one mile west of Saluda. The train was in charge of Conductor C. Bonk Chase and Engineer Henry McLean. A piece of timber about 20 feet long had been put out across the rails and as the train rounded a curve it struck the obstruction. The timber, however, was not sufficient to derail the engine and the train after going probably two yards was brought to a stop. As the engine struck the obstruction two men were seen to jump from the bushes on the track and run away.

It is said that at some stations have been around Black Rock up some time attempting to rob stores and it is believed that it was a portion of this gang that attempted to wreck the passenger train last night.

Aside from jarring the passengers in the coaches and giving them a severe fright no damage was done as a result of the efforts to wreck the train. Colonels of the division here were notified and a railway detective was sent to the scene.

Special Railway Agent Taylor who returned today from the scene of the attempted train wreck, said that he was not in a position to say anything about the affair which he found. The upper road depot Sheriff Mitchell had gone to the scene with bloodhounds in command, as Mr. Mitchell stated the night at the jail with a corn sick prisoner.

GATTIS DAMAGE CASE IS NOW BEING ARGUED

The morning session of the Superior Court was taken entirely up in the hearing of the case of Gattis vs. Hall and the Columbian Lime Company. The Hall in Gattis was a resident of Asheville. The case was argued and then was submitted to the jury. The case of Mr. Gattis was that he was injured while in the employ of the defendants, so that it will take up most of the afternoon session. In the case the plaintiff is suing the Columbian Lime company of Charlotte for $2000 damages as the result of injuries received in an explosion at the company's plant some time ago.

The case of W. P. Rice vs. Asheville Electric Co. was taken up this morning. Mr. Rice is suing for $5000 damages for injuries received while in the employ of the company. The case is being argued.

The case of John G. Arrington vs. T. Carl Brown, A. C. L. Brown and H. M. Smith was continued.

To Attract Attention.

"I think," said the experienced traveling man, "that I shall refrain from public utterance and devote myself to private conference with prominent people."

"Aren't you afraid you will drop out of notice?"

"Not at all. Nothing attracts so much attention as whispering in company."—Washington Star.

More Hair for Men, Women, Children

Smith's Drug Store Has the Secret and Gives it to the Readers of the Gazette-News.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by Smith's Drug Store with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp, or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise.

But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of The Gazette-News to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, fascinating and full of life.

Large bottles only 50 cents at Smith's Drug Store and druggists everywhere. Girl with Auburn hair on every package.

CITY NEWS

The Modern Woodmen, Vance camp, will have a meeting at 8 o'clock this evening. There will be a class of eight for initiation.

The prayer meeting at the First Baptist church will be conducted tonight by Rev. J. W. Bowden of Kentucky, assisted by Rev. John Vines of Asheville, N. C.

The trustees of the Pen and Plate club this morning decided to postpone the meeting which is scheduled for tomorrow evening until the following Thursday evening.

The monthly meeting of the directors of the Good Roads association will be held in City Hall at 5 o'clock this afternoon. Members and interested persons are invited to attend.

Judge J. C. Pritchard has been asked to deliver an address next September at Hendersonville, Rutherford county, in a farmers' missionary movement convention that evening. The address is expected will be made to 3 o'clock.

The public schools which opened Sept. 5 have an attendance of about 2000 children. Some are being added to the school roll every day. In the high school proper there are now about 425 and 120 pupils and so great is the crowd that Superintendent E. L. Wells has been compelled to have 2 additional desks installed. The attendance at the schools surpasses previous records.

A number of recipients from Mitchell county received a warning on the Southern not to ride on the bumpers, coupled to a freight train. Mr. Chisard was on the rear of a shifting train and was engaged in coupling with the coupler, when the train started and he was thrown to the ground, shaking him up badly and spraining his wrist. Mr. Chisard lives at the Florence and near the depot.

Charles M. Setzer of Charlotte, who was appointed a postoffice inspector about four months ago, has been assigned to duty in the western district of North Carolina with headquarters at Asheville. Mr. Setzer is a young man of ability and is well known in Masonic circles having frequently visited here on occasions of Scottish Rite ceremonies, he being a 32nd degree Mason. His coming to Asheville to make his home is received with enthusiasm by those acquainted with him. He succeeds former Postoffice Inspector D. M. Harshbarger, who has accepted an important position with Armour & Co.

Notices were received in the city today from A. E. McClessland, secretary of Suez temple, No. 78, D. O. K. K., stating that the date for the Asheville ceremonial had been set for Thursday night, September 22, in the ball room of the Swannanoa hotel. This is one of the finest rooms possible for a "Dokie" ceremonial and indications are that the coming gathering of the Arabs will be one of the "best ever." A crew of some 25 Tyros are ahead. Knocking at the outer door begging to be shown the way across the "hot sands and oasis," "Dokies" love a good ceremonial and there is promise that they will not be disappointed.

The Blue Ribbon Exhibit.

Appalachian Exposition, will be of interest to women. Visit it, and learn all about the famous Blue Ribbon Flavoring Extracts.

MISS MOLLIE PICKENS

Daughter of William Pickens of North Main Street Dies in Hospital—Father Patient There.

Miss Mollie Pickens, aged 28, of North Main street, died at the Mission hospital today after a short illness. She was taken sick about a week ago at her home and was immediately removed to the hospital, but did not respond to treatment. There survive a sister, Miss Jennie Pickens, and a father, William Pickens, who is also ill at the Mission hospital. The mother of the deceased died only two weeks ago. The family is related to the Weaverville and Jupiter families of that name and until a few months ago resided at Jupiter.

The funeral services will take place at Jupiter tomorrow morning at 11 o'clock.

Asheville Real Estate Market.

The Asheville real estate market is just now exhibiting signs of the most gratifying activity, inquiries being frequent and sales consummated every day. As the metropolis of the mountain section which is making such notable progress, Asheville does not by any means depend solely on its tourist business and the dirt in that region is likely to increase rapidly in value.—Charlotte Observer.
