Valuable Land for Sale

THE subscriber, intending to remove from Davidson College, offers for sale his *FARM* on that neighborhood.—It contains about **200** acres. The upland lies well, is very productive with a good proportion of woodland. About one-fourth is valuable creek bottom, a portion of which is cleared and has been in cultivation several years. Every foot of this land may be rendered productive at a very slight expense; it lies so low that a crop is safe the driest season, and yet has never been lost by floods. It will afford me pleasure to show the place to any one desiring to purchase.
