CURIOUS CASE.—The Secretary of the United States Treasury recently decided a curious and interesting case arising out of the laws relative to the importation of Tea from China and elsewhere. A cargo of Tea was imported into New York direct from China, but was re-shipped to London for a better market. It was there landed and placed in bond; but before being sold the price of Tea rose in New York, and the cargo was again placed on shipboard and brought back to New York for sale. A free entry was refused on the ground, that it must be regarded as an importation from England, and so be subject to a duty of 20 per cent. The case was brought before the Secretary of the Treasury on appeal from this decision of the Collectors, and by him determined against the importers. A case was cited by the Secretary in support of his opinion, in which a cargo thus sent to London for a market had been brought to New York, without leaving the vessel and had still been held subject to duty as imported from England.

☞ Just as we are going to press we learn with pain, the death of that highly esteemed and much respected gentleman, EDWIN A. HEART, Junior Editor of the "Hillsborough Recorder."—*Raleigh Register.*

GOOD.—The Little Rock (Ark.) Gazette and Democrat, edited by Solon Borland, renounces Democracy and its sins, and raises the standard of the American party.

"You are from the country, are you not?" said a know-nothing clerk, in a certain book-store, to a plain dressed individual who had given him some trouble.

"Yes."

"Well, here's an essay on the rearing of calves."

"That," said the man, as he slowly turned to leave the store, "you had better present to your mother."

TRIBUTE OF RESPECT.

DIALECTIC HALL, August 10, 1855.

Whereas, it has pleased Almighty God, while the sound of the funeral knell is still echoing in our ears, and the untimely deaths of our worthy and honored members have from time to time bowed us in grief and in the depths of humility and submission to his will, to send additional affliction by severing the silver chord which bound to life J. B. ALEXANDER, whose many virtues and social and intellectual qualities rendered him alike an ornament to society and the idol of his bereaved friends, and who was a perfect model of purity and Christian virtue, whose example sowed seed of true piety that generations will not eradicate and whom we recognised as one of the brightest stars in our galaxy. Therefore in view of his connection with this body be it

Resolved, 1. That while we submit humbly to the awful fate of Almighty God, we feel constrained to give vent to that heartfelt sorrow which the melancholy tidings of his death have inflicted, to mingle our tears with those of his numerous friends without this Hall, and to mourn his loss more immediately as members of this body.

Resolved, 2. That we hold in the highest estimation the many admirable traits which adorned his character,—that benevolence so open to all, that urbanity, which so endeared him to all and that spotless integrity so bright even at the lamp's last flicker.

Resolved 3. That we deeply sympathise with his widowed mother, brothers and sisters in the loss of so dear a son and brother, that we condole with them over that void, which on earth Providence has made in their family circle, and which no earthly power can fill.

Resolved, 4. That these resolutions be entered upon our records, that a copy be sent to the bereaved family of the deceased, and also to the University Magazine, Charlotte and Salisbury papers with the request to publish.

WORMS.

☞As this is the season of the year when worms are most formidable among children, the proprietors of M'Lane's Vermifuge beg leave to call the attention of parents to its virtues for the expelling of those annoying, and often fatal enemies of children. It was invented by a physician of great experience in Virginia, who, after having used it for several years in his own practice, and found its success so universal, was induced at last to offer it to the public as a cheap, but certain and excellent medicine. It has since become justly popular throughout the United States, as the most efficient Vermifuge ever known, and the demand has been steadily on the increase since its first introduction to the public.

☞Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr. M'Lane's genuine Vermifuge, also his Celebrated Liver Pills, can now be had in all respectable Drug Stores in the United States and Canada.

For 2 Days Only.

THE Customers of ELIAS & COHEN will please take notice that their *STORE* will be closed on Thursday and Friday, the 13th and 14th instant.

VALUABLE LAND
FOR SALE.

THE subscriber offers for sale his Plantation, containing **300** acres, lying six miles north of Charlotte, on the line of the Plank Road from Charlotte to Lincolnton. There is about one third cleared, and on the place is a comfortable Dwelling House, with other necessary out-buildings.—The uncleared Land is heavily timbered, the place well watered, and the quality of the Land valuable for agricultural purposes, and as it lies in the neighborhood of a number of rich Gold Mines, and as the surface indications are good, the presumption is that it may also contain a

GOLD MINE.

In fact gold is found on the surface of the ridges and in the branches. Any person wishing to purchase Land would do well to call and examine it. Any information wanted as to terms, &c., can be obtained by applying to Messrs. Brown, Brawley & Co., of Charlotte, or to the subscriber at Chester, S. C.

We hope to have some apparatus, and other, improved facilities for imparting instruction next session.

Eighteen or twenty boarders can be accommodated in the family of the principal.

Terms will continue as heretofore viz:

Board and tuition per session of five months including washing, fuel and lights,	$87 50

Pencil drawing or water color painting,	10 00

Payment in advance is not always insisted on, but the money is always considered due from the time of entrance.

SELECT English and Classical School.

THIS is the first time in my scholastic history that I have addressed a communication to my friends and patrons. The following circumstances have rendered such a course, on my part necessary: On the 16 inst., Mr. Harry commenced, as a Teacher, taking young ladies under his charge. Simultaneously with this commencement, a report was circulated that Mr. Harry would soon have twenty young ladies in his school, as those parents who had daughters under my charge would immediately transfer them to him; and it was added that such a course of conduct on the part of parents was suggested by me, and would receive my hearty concurrence. Of the origin of this report, I am as yet, entirely ignorant; I am convinced, however, that the object of the circulator, or circulators thereof, was to do me a serious injury. I have too much confidence in the integrity of Professor Johnston and Mr. Harry, to suppose, for a moment, that either of them would originate, or give currency to any such report. The report needs not any contradiction, for it carries its absurdity with it. Grateful for the liberal patronage which my friends and patrons have extended to me, I take this opportunity of informing them, and the public generally, that the present session of my school will close on the 15th of August, and the next session will commence on the first Monday (1st day) in October, 1855. If my school should increase, I will employ a competent and faithful assistant; all parents, therefore, who desire to put their children under my charge are most respectfully requested to do so.
