A GREAT BLESSING TO THE AFFLICTED.

Dr. M'Lane, the inventor of the celebrated Liver Pills, prepared by Fleming Bros., Pittsburgh, found these pills for several years in his practice, that he could be induced to offer them to the public in such a manner as to make them known throughout the country. This learned gentleman felt the same repugnance that all high-minded men of science feel in entering the lists against those unscrupulous empirics who obtrude their useless nostrums upon the public, and rely upon a system of puffing to sustain them. Conscience, however, of the real value of the Liver Pills, and influenced by the plain dictates of duty, Dr. M'Lane finally authorized Fleming Bros., of Pittsburgh, Pa., who are now the sole proprietors, to manufacture and place them before the public. This great medicine has not disappointed the expectations of his friends, the medical faculty, at whose instance he was induced to place them before the public in their present popular form.—From every quarter do we hear the most gratifying accounts of their wonderful curative effect—In the East and the West, the North and the South, the air is laden with "tidings of great joy" from the afflicted. These wonderful Pills have completely conquered that great scourge of America, the Liver Complaint.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED LIVER PILLS, manufactured by FLEMING BROS., of Pittsburgh.

There are other Pills purporting to be Liver Pills, now before the public. Dr. M'Lane's genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores. *See genuine without the signature of*

Rock Hill Academy.

THE EXERCISES of this Institution will be resumed on the FIRST MONDAY IN JANUARY NEXT, under the superintendence of its former Principal, Gen. JNO. A. ALSTON.

His long experience and well-known reputation as a teacher of youth, render it almost unnecessary to say anything in reference to his qualifications. Suffice it to state, that having received a thorough Academic education, he entered and graduated at the South Carolina College, and since has been engaged for about fourteen years, in teaching. Such opportunities and experience, have enabled him to acquire that tact in imparting instruction to, and governing young men which experience alone can give, and which are so essential to the prosperity of all such institutions. We the Trustees, Directors, in whose hands is lodged for years such engaged in teaching, knowing now to be thus eminently qualified, take great pleasure in recommending all who have sons to educate, and desire to be thoroughly prepared for entering any of our Colleges, to send them here.

The citizens of Rock Hill are moral, and many of them religious. They have a prospect of having establishing very soon, two Churches. There is here, a flourishing Division of the Sons of Temperance—there is not a licensed grog-shop in the place, and all the citizens seem solicitous to discountenance everything calculated to impair the young and rising generation into either extravagance or dissipation.

This School, at the late adjournment, numbered about sixty pupils, and we, as Trustees, can with pleasure, testify to the uniform correct deportment and studious habits of the students.

Good and comfortable Boarding can be had within convenient distance, and in the best families, at Eight Dollars per month.

The following are the rates of Tuition, per Session of five months:—

Orthography and Reading,	$ 7 00
The above with Arithmetic, English Grammar, and Geography,	9 00
The above with History, Natural Philosophy, &c.,	12 50
The Latin, Greek and Mathematics,	17 50

The Scholastic year will consist of two Sessions of five months each. Pupils will be received at any time, and will be charged from time of entrance until the end of the session, except in cases of prolonged sickness.
