## MORE VICTIMS FOR THE GREAT SALT LAKE HAREM.

A ship load of converts to Mormonism arrived at New York on the first. They are made Mormons by Elder John Wi[illegible], who accompanies them. These peo[illegible] come principally from Bristol. The [illegible] says that the number of men and women is about equal, but there is a multi[illegible] of children. The men are not a strong, intelligent lot, but the women are well made, and many are handsome. Parle P. Pratt, and two other Mormon Elders, who are now living in New York, visited this ship load and gave their first lesson in Mormonism, which is to give in an account of their means. The emigrants number 200, and will go to Utah in the spring.—*Baltimore Sun.*

We presume there is no legitimate mode of preventing men and women from embracing the Mormon faith and going to Utah if they choose, and we cannot say that Congress has the power to pass laws against polygamy in the Territories.

But there are certain things which can be done and have not been done and should be done. We think it scandalous that Brigham Young, the husband of ninety wives more or less, has been permitted for years and is permitted still to act as Governor of Utah. The President of the United States has full power to appoint and remove the Governors of Territories, and President Pierce during the whole term of his administration has allowed that polygamous scoundrel and stock guard to exercise the functions of Chief Magistrate of Utah. He did undertake to remove him between one and two years ago and sent a Governor's commission by Colonel Steptoe, but the defiant old polygamist proclaimed that the whole power of the United States Government could not remove him; adding, "I shall act as Governor until God Almighty says to me, Brigham you need'nt be Governor any longer."

Under such circumstances, the subsequent submission of our national government to the continuance of the infamous old villain in the undisturbed and unquestioned exercise of the functions of Governor of Utah seems to us a national shame and degradation. We can conceive of no apology for it, no palliation of it. The administration has always been very prompt to turn out worthy office holders on account of difference of political opinion, but in this case one of the most horrid old miscreants on record, ruling and polluting and crushing the souls of tens of thousands of miserable victims and outraging all the laws of God and man, boldly and insolently challenges the President in the face of the whole world to remove him, and the President does not accept the defiance.—*Louisville Journal.*

COUNCIL OF STATE.—The Council of State met in the Executive office in this City, on Thursday last—present, W. D. Bethell, of Rockingham; A. A. McKay, of Sampson; D. G. W. Ward, of Greene; C. M. Avery, of Burke; and John Walker, of Mecklenburg. John Walker was chosen President of the Council, and Pulaski Cowper, Secretary.

Calvin Graves, of Caswell, and N. E. Cannady, of Granville, were appointed members of the Board of Internal Improvements.

And Alfred Jones and W. W. Holden, of Wake, and Mathew Shaw of Beaufort, were appointed members of the Literary Board.—*Raleigh Standard.*

WASHINGTON, Jan. 27.

THE REVISED TARIFF BILL.—The tariff bill, modified, as reported by Mr. Campbell, of Ohio, to-day, embraces the following features: The schedules of 5, 10 and 15 per cent of the act of 1846, with few exceptions, are absorbed by the free list. The 20 per cent schedule, principally spices, is also, with the exceptions of a few items, carried to the free list, which reduces the revenue about $6,000,000.

The 100 per cent schedule—"Spirits," is brought down one half. Sugar, molasses, lead, salt, wool and hemp are put at 10 per cent, reducing the revenues about $7,000,000. Iron, cotton, woollen and silk manufactures are retained as now. The old 20 and 25 per cent schedules are not materially changed. Some items in them are carried to the free list. The direct reduction annually is about $13,000,000, which it is supposed will be increased some millions by the effects of the measure in substituting home manufactures of those imported.

CIRCUMNAVIGATING THE WORLD.—Senators Seward, of New York, and Rusk, of Texas, will, on the expiration of the session, start on a nine months' tour round the globe. They will pass across the Isthmus by Nicaragua, thence to California, thence to the Sandwich Islands, (where Senator Seward will deliver an agricultural address,) thence to China, and, after passing through India and Asia Minor, Egypt, and possibly Southern Europe, will sail through the Straits of Gibraltar to the United States, so as to attend Congress in the early part of next session.

A FEARFUL PASSAGE.—We have been informed by Mr. P. E. Frazee, Sr., who was a passenger on board the steamer Marion, which left New York on Saturday afternoon at three o'clock, for Charleston, where she arrived yesterday morning, that the trip was in the greatest degree fearful. During Saturday night a storm came up, and the steamer was compelled to lay to off Cape Hatteras for twenty-six hours, in consequence of its violence. The cold, too, was so intense that five horses were frozen to death and the deck combings, masts, sails, rigging, and every portion of the vessel exposed were covered with ice to the thickness of six or seven inches. The steamer Black Warrior, from Havana, bound to New York, passed the Marion while she was lying to, and Mr. Frazee informs us that she was literally covered with ice.—*Char. Paper.*

DEATH OF ANDREW STEVENSON.—The Hon. Andrew Stevenson expired at his residence in the county of Albemarle, Va., on the 18th ultimo, in the 74th year of his age, of pneumonia.

DEATH OF MRS. WIRT.—The estimable and venerable widow of the late Wm. Wirt, died at Annapolis, Maryland, on Saturday last. Her remains were taken to Washington, Tuesday, and interred by the side of those of her illustrious husband, in the Congressional burying ground.

THERMOMETER CONGEALED.—BOSTON, January 26.—Yesterday morning is reported to have been the coldest weather ever known in Vermont. Thermometer in various places congealed, and the weather judges estimated it at fifty degrees below zero.

FOREIGN NEWS.

### LATER FROM EUROPE.
ARRIVAL OF THE STEAMER ARAGO.
NEW YORK, Jan. 29.

The steamer Arago has arrived, with dates from Liverpool to the 13th ult.

The ship James Buchanan has been wrecked off the Irish coast.

### STILL LATER FROM EUROPE.
ARRIVAL OF THE STEAMER ARABIA.
HALIFAX, January 29.

The steamer Arabia arrived at this port to-day, with advices from Europe to the 14th.

The Broker's circulars quotes a decline in cotton of ⅛d., with sales of the week of 27,000 bales. The sales on Friday amounted to 6,000 bales. Saturday 5,000. Fair Orleans 8, middling 7⅞; fair Mobile 7 13-16, middling 7¼; fair uplands 7 11-16.

Money tigher. Consols 93⅝.

The Arabia's mails are due at New York Friday night.

SCARCITY OF FUEL IN CINCINNATI.—One of our city officials saw a man come out of an alley with a load of wood on his shoulders. He went up to him and charged him with stealing it. The reply was "I have stolen it; my children are freezing with cold.—I have no wood and no money. The man from whom I have taken this has plenty of wood. When better times come I will go and tell him what I have done and pay him. If you wish to put me in jail I will go to the station house with you without a word; but, sir, for God's sake *let me take this wood home first.*" The other instances was of a family who from Friday last until Sunday were without fuel and without food. The consequence of their privation was that on awakening on Sunday morning, they found their little infant of five months old stretched out *dead from privation and cold.*
[*Cincinnati Gazette.*

DUG OUT.—We understand that a family, (says the Danville Register) consisting of an old man, his wife and daughter, were dug out of a snow drift around their cabin, on the opposite side of the river, on Monday last. When the snow was removed and an entrance to the cabin effected, the old man was found setting on a stool, venting his execrations on snow storms, landlords and all *foreigners in general.* When interrogated as to creature comforts within his immediate reach, he said he had no fire nor wood, and no provisions; but that was a small matter compared with his total destitution of *"spirits."*

LATER FROM WALKER.—Later intelligence is that Walker was surrounded by his allied enemies, all his supplies were cut off, and he had been offered terms and was expected to surrender.
